The purpose of the MSBO Technology Committee is:

- To provide a forum for discussion of issues of concern and/or interest to school technology managers and a mechanism for communicating those issues to MSBO and other member groups.
- To provide a mechanism for meeting the professional development needs for MSBO members responsible for managing technology in schools.
- To assist in promoting the efficient use of technology in schools, including creating standards for the management and application of technology.
- To serve as a resource for MSBO in helping all school business personnel understand technology in schools and how to use it properly and efficiently.
