Nancy Couto

AGENDA

1. Welcome and Introductions, David Palme:

Meeting is recorded and will be available on the website at
http://www.msbo.org/committees/Tech/comm_Tech.shtml.

2. Update from Technology Subcommittee -One meeting so far, agreed to move forward with audits, possibly replacing Tech Plans. Google Doc was created by the group as a template. Next meeting February 8th. Looking for more people to participate if you are interested.

3. MSBO update by Debbie Kopkau - Annual conference -registration has begun. MSBO is looking for someone to teach a three hour class on Student Systems on May 3rd. Need ideas for a session for the conference; possibly on mobile technology.

4. MACUL March 7-9th.

5. REMC Update -REMC showoff/ showdown -February 9th at the Lansing Center.

6. Approved minutes from the previous meeting

7. e911Update -discussed issues surrounding implementation. Five years before implementation is required. Rich from Kore Hi-Com noted the following:

A. If you don't have e911 available, you are exempt

B. If you have alternative notification method, you are exempt

C. Efforts have been made to update legislation to support new VOIP technology

D. Suggested moving to VOIP phone system

E. Recommended programing caller ID info into each extension

F. Define locations over 7000 sq. ft.

Meeting adjourned at 1:45 pm.

Next meeting Feb 23rd.

Respectfully submitted,

Brian Schupach, Kalamazoo RESA
