1. Welcome & Introduction
2. Appoint Secretary
3. MSBO Update
4. CEPI Representative Update
5. Approve minutes from September meeting
6. MACUL Update
7. REMC Update
8. Consolidation: MSBO Software and Services Clearinghouse

This meeting will focus on the identification of state-wide software and services and methods of providing this information to our members. You probably know of and may even use services provided by ISDs/REMCs and even LEAs outside of your region. In our meeting we would like to discuss the following topics:

- Creating a list of those services.
- Creating a list of questions for providers of those services to help members choose.
- Determining the best way of disseminating and updating that information to members.

Our goal is to create a clearing house for solutions that you are willing or able to provide (e.g. Finance Software, Professional Development Services, Library Software, Software Development, etc.).

If you are providing services outside of your region, or even have interest in doing so, we would like to hear from you.

Next meeting: January 27, 2011
