The program is endorsed by both the Michigan Association of School Boards (MASB) as well as the Michigan Association of School Administrators (MASA). MSBO offers 14 separate tracks.

MSBO staff represented MSBO members and the school community at a number of state agencies, department stakeholders groups and various other organizations, providing expert input on numerous issues to address the needs of MSBO members and K-12 education as a whole.

Legislative Advocacy

MSBO represented members by providing expert testimony at a number of Michigan Senate and Michigan House of Representatives committee meetings addressing the need for school districts to maintain a healthy fund balance, transparency reporting, development of early warning indicator system, as well as a number of other issues affecting schools in Michigan.

MSBO's long standing policy in legislative issues remains to be the role of providing facts, data, and testimony when requested by other groups or the legislature.

Education Alliance

MSBO participates with other education associations dedicated to the exchange of ideas. The Education Alliance takes a leadership role in developing education policy recommendations to improve Michigan education.

School Nutrition Association of Michigan (SNAM)

Both organizations share a mission of promoting efficient and effective performance in school operations.
