

## **CAPITAL CITY BUS SALES (CCBS) VENDOR 210**

Capital City Bus Sales is proud to announce that IC Bus will be providing the Cummins ISB engine as their standard engine offering.

Capital City Bus Sales can provide turn back lease and lease to buy options with payments up front or in arrears.

Capital City Bus Sales can provide extended warranties for the engine/engine electronics/injectors and/or custom warranties for any area of the bus.

Capital City Bus Sales reserves the right to pass on any cost savings from IC promotional programs/packages that occur during the bid timeline.

All IC buses can have service performed at any International dealer in Michigan.

Delivery costs to the school are included in all bus pricing.

All vehicles will be prepped and cleaned before delivery.

The use of IMMI/CE White child restraint seats may reduce capacity.

Due to current regulations for air conditioning systems, please contact us before choosing any air conditioning option to fully understand how the system will be installed and perform.

Due to size restrictions, you must contact Capital City Bus Sales to verify what luggage compartments – if any – will fit on the size bus that you order.

## **GENERAL CLARIFICATIONS**

**All IC buses come with an Allison 7 year transmission extended warranty.**

With the Cummins engine, there will not be an ammeter due to the DEF gauge.

IC bus has the Eaton Procision Transmission available at no charge. This is a 7 speed dual-clutch transmission. The Eaton transmission comes with a 5 year warranty – extended warranty is available at a additional charge. It uses a push button or T-handle gear shift. Please contact your sales representative for further information.

### **Clarifications exclusively for the A-II CUTAWAY Bus:**

Chassis are allocated subject to availability, please contact your sales representative for availability and build times.

**The Ford Transit chassis is available for the 19-20 passenger size only. The Ford Transit has an electric powered entrance door standard.**

Chassis will be GM/Chevy – Ford available with the 19-20 passenger size.

**On a 29/30 passenger bus with more than 2 child restraint seats, \$1,200 will be required to upgrade the chassis to a 14,200 GVWR.**

Mobility discounts have been included in the price of the lift packages for special needs. Please contact your salesman for further information.

5 year/100,000 mile powertrain warranty.

3 year/ 60,000 mile limited bumper to bumper warranty.

5 year warranty on paint, structure and corrosion.

Standard Versa Track seat mounting system. Seats are track mounted.

Standard Interior LED dome lights.

Standard formed heavy duty plastic guard over rear wheel well.

Floor track and track mounted seats must be ordered separately.

B540 Will make side and crossover mirrors unheated.

If B590 is chosen B555 will also be stainless steel.

On a 29/30 passenger bus, lift options B834, B835 and B836 will require using a 14,200LB chassis with an extended body. The price reflects the additional cost of the chassis and body.
