# Funding Sources For CTE\*

- Federal Carl D. Perkins
- Foundation Allowance
- CTE Categorical State School Aid

61a(1)	61a(2)	61b
61c	61d	61s

- CTE Millage

\*Presentation will provide high level overview

# Carl D. Perkins

- Federal funds
- Distributed by formula to consortia (Perkins regions)
- Regions apply for funds annually
- Expenditures reported through Cash Management System (CMS)
- Support Region-wide CTE activities

# Foundation Allowance

- Section 61a(1) funds not intended to cover full cost of operating a CTE program
- Districts are expected to support CTE instruction with Foundation Allowance
  - Section 61a(1) requires that districts expend other funds on CTE programs to qualify for 61a(1) CTE “Added Cost” funds

# State School Aid Section 61a(1)

- Purpose:
  - To reimburse districts for secondary level career and technical education programs on an added cost basis
  - Because of how the legislation is written, districts must demonstrate that they had “added costs”
  - Districts **SHOULD** be expending funds to ensure that their CTE programs are high quality

# State School Aid Section 61a(1)

- Allocation of added cost funds shall be prioritized based on—
  - the capital and program expenditures needed to operate the CTE programs provided;
  - the number of pupils enrolled;
  - the advancement of pupils through the instructional program;
  - the existence of an articulation agreement;
  - the program rank in student placement, job openings, and wages;
  - the length of the training period provided; and
  - shall not exceed 75% of the added cost of any program.

# Section 61a(1)

- 60% of funds distributed by funding formula based on program rank
- 40% of funds distributed based on local prioritization of programs
- State Rank List

# Formula for the 60% Funds

Fraction of Funds allocated to each PSN

$$= [E(a) + P(p) + N(b) + C(c)] * M * R$$

- E= # enrollees; a = enrollee weight
- P= # participants; p = participant weight
- N= # concentrators; b = concentrator weight
- C= # Concentrators+; c = Concentrators+ weight
- M = Program Cost Factor
- R = Rank List Factor

# Information Needed To Calculate Approximate 60% Allocation

- Numbers of enrollees, concentrators, completers by Program Serial Number (PSN)
- Program Cost Factor for CIP Code
- Rank List Factor for CIP Code
- Available 60% Funding
- Estimate of state total enrollees, participants, concentrators, and concentrators+ by CIP Code

# State School Aid Section 61a(1)

- “Added Cost” – Required Expenditures
  - Non-CTE cost: assumed to be  $\frac{1}{8}$  Foundation Allowance per student
  - 61a(1) funds received \* 1.334
    - Ensures that 61a(1) funds received do not exceed 75% of the added cost

# Required Components of a High Quality CTE Program

1. Integration of academic and technical skills
2. Laboratory hands-on learning to develop skills
3. Work-based learning (WBL)
4. Student leadership opportunities

# State School Aid Section 61a(1)

## SECTION 61b TOP 5 CAREER CLUSTERS & ELIGIBLE CIP CODES

2020-2024

**NOTE:** The Clusters and Classification of Instructional Program (CIP) codes below are based on the revised strategic plans done by prosperity regions and approved by MDE - OCTE in December of 2019. Due to Section 61b legislative changes for the 2020-2021 school year, the strategic plans are to be completed by CEPD. In October of 2020, all CEPDs signed off that they would keep the clusters selected by their prosperity region in 2019 until the four-year strategic planning cycle in 2024.
