

MIDWEST TRANSIT EQUIPMENT (MTE) - VENDOR 210

MSBO Bus Purchasing Program – Fall 2025 School Bus Bid

Clarifications for Conventional and Special Needs Buses

- All IC buses will be compliant with current emission EPA standards.
- All IC buses can be serviced at any International dealer in Michigan.
- Standard engine option for the IC CE will be the in-line 6-cylinder Cummins B6.7 diesel engine.
- Extended warranties are available for engine and body/chassis. Contact dealer for details.
- Rear drive tire models subject to availability and may be an upcharge.
- All models with wheelchair lifts require an approved body plan from dealer **PRIOR** to order.
- 7-year Allison transmission warranty is available for PTS2500 series model ONLY. N/A for PTS3000.
- Adding air conditioning will affect availability of luggage, auxiliary heater, & other components.
- Luggage availability may be affected and reduced by other options selected. Check with dealer.
- Air conditioning systems by Trans Air are all factory-installed options subject to engineering approval **PRIOR** to order. If factory installation will not meet the customer's delivery requirements, MTE reserves the right to notify the customer and offer an aftermarket installation which is subject to additional costs.
- If trade-in units are accepted with any purchase, they are only allowed with the purchase of new bus(es) from Midwest Transit Equipment. Maximum one-to-one trade unless pre-approved by dealer.
- Contact dealer for further clarification of any option selection. Dealer not responsible for error in option selection or error in option omission.
- Delivery and lettering costs are included in all bus pricing. All buses will be prepped, inspected & cleaned before delivery.
- MTE reserves the right to offer Manufacturing Discount Incentive Programs as they arise during the bid period. MTE also reserves the right to include manufacturer surcharges that may arise during the bid period. Surcharges may include, but are not limited to, steel surcharges, GHG surcharges, tariffs, etc.
- Should MTE incur surcharges from OEMs or experience added costs due to preparation, delivery, freight, etc., MTE will notify MSBO immediately to update the base pricing. In the event base pricing is not updated by MSBO, MTE reserves the right to suspend/cancel orders until that time.
- Adding IC BTI/IMMI/CE White seats with ICS/CRS or 3-pt belts may reduce capacity.

The Following Refer to Specific Options:

- Option B149 Air Foil is See II brand.
- Option B190 Battery Cut Off Switch is located in the battery box.
- Options B129, B131, B139, B140, B142, B143 Air Conditioning – please contact MTE to verify available air conditioning applications for your size vehicle. All air conditioning selections are subject to engineering approval.
- Option B150 Plastic Aisle Strips – these are Koroseal snap in aisle strips that do not use screws.
- Options B323 & B324 Roof Hatch have been discontinued. Contact dealer for replacement options.
- Option B460 Light Check System (conventional/special needs) – standard with a single switch control.
- B677-B700 Child Restraint seat options: These options replace 1 standard seat. Additional seats may be deleted using option B705 Seat Deduct.
- B770 & B771 Storage Compartment, Small – this compartment is up to 54” wide.
- B772 & B773 Storage Compartment, Medium – this compartment is up to 79” wide.
- B774 & B775 Storage Compartment, Large – this compartment is up to 114” wide.
- B822-B837 Wheelchair Entry options: These options include the deletion of 2 seats to accommodate the lift.

The Following Apply To:

Type A Buses

- 2025 Chevrolet chassis equipped with 6.6L gas engine.
- Driver compartment is located above driver door, left hand side.
- Dash air conditioning is included on all Chevrolet and Ford chassis.
- Interior color is white on all Collins buses.
- Collins orders all GM chassis with orange driver's seat belt and cruise control standard.
- Floor color is black. Gray is only other color available.
- Rear heater is 60,000 BTU from Collins.
- VICTORY is the A/C brand offered by Collins.
- Driver dome light is included, as well as two dome lights on each side at the rear of the bus.
- Two 12-volt power sources are standard from Chevrolet, and one from Ford.
- Cloth driver seat is not available from Collins/Chevy pool chassis - only available on Special Factory Orders. Ford does not offer OEM cloth, must be aftermarket. Contact dealer for price.
- WHITE ROOF IS STANDARD FROM COLLINS. Yellow roof is available.
- MTE reserves the right to pass any surcharges, freight, delivery charges, tariffs, etc., to the customer during the bid period.
