- 5) New Business – Request to waive 4 semester hours of accounting in the School Payroll Specialist track based on years of experience, math classes and other professional development.

Here is the background information:

The person is in the School Payroll Specialist track and needs four semester hours of accounting or one accounting class. This person has twenty years of payroll experience. The person feels at this point in their career it would be pointless to take an entry level accounting class. The person also manages (quite effectively, according to the audits) 85% of a 280M budget and thinks that carries much more weight than any accounting class.

The ask: that the 6 hours of college level math taken, a BS degree, gone through the MSBO Business Manager Academy, and 20 years of experience be in lieu of the 4 hours of accounting.

- 6) Roundtable

Next Meeting – November 1 – 9 am Zoom call
