THE PEOPLE OF THE STATE OF MICHIGAN ENACT:

1 Sec. 3. (1) "Average daily attendance", for the purposes of

1 complying with federal law, means 92% of the pupils counted in
2 membership on the pupil membership count day, as defined in section
3 6(7).

4 (2) "Board" means the governing body of a district or public
5 school academy.

6 (3) "Center" means the center for educational performance and
7 information created in section 94a.

8 (4) "Community district" means a school district organized
9 under part 5b of the revised school code, **MCL 380.381 to 380.396.**

10 (5) "Cooperative education program" means a written voluntary
11 agreement between and among districts to provide certain
12 educational programs for pupils in certain groups of districts. The
13 written agreement must be approved by all affected districts at
14 least annually and must specify the educational programs to be
15 provided and the estimated number of pupils from each district who
16 will participate in the educational programs.

17 (6) "Department", except as otherwise provided in this
18 article, means the department of education.

19 (7) "District" means, **except as otherwise specifically**
20 **provided in this article**, a local school district established under
21 the revised school code or, except in sections 6(4), 6(6), **11z**, 13,
22 20, 22a, 22p, 31a, 51a(14), 105, 105c, and 166b, a public school
23 academy. Except in section 20, district also includes a community
24 district.

25 (8) "District of residence", except as otherwise provided in
26 this subsection, means the district in which a pupil's custodial
27 parent or parents or legal guardian resides. For a pupil described
28 in section 24b, the pupil's district of residence is the district
29 in which the pupil enrolls under that section. For a pupil

1 described in section 6(4)(d), the pupil's district of residence is
2 considered to be the district or intermediate district in which the
3 pupil is counted in membership under that section. For a pupil
4 under court jurisdiction who is placed outside the district in
5 which the pupil's custodial parent or parents or legal guardian
6 resides, the pupil's district of residence is considered to be the
7 educating district or educating intermediate district.

8 (9) "District superintendent" means the superintendent of a
9 district or the chief administrator of a public school academy.

10 Sec. 6. (1) "Center program" means a program operated by a

13 spectrum disorder, pupils with severe cognitive impairment, pupils
14 with moderate cognitive impairment, pupils with severe multiple
15 impairments, pupils with hearing impairment, pupils with visual
16 impairment, and pupils with physical impairment or other health
17 impairment. Programs for pupils with emotional impairment housed in
18 buildings that do not serve regular education pupils also qualify.
19 Unless otherwise approved by the department, a center program
20 either serves all constituent districts within an intermediate
21 district or serves several districts with less than 50% of the
22 pupils residing in the operating district. In addition, special
23 education center program pupils placed part-time in noncenter
24 programs to comply with the least restrictive environment
25 provisions of section 1412 of the individuals with disabilities
26 education act, 20 USC 1412, may be considered center program pupils
27 for pupil accounting purposes for the time scheduled in either a
28 center program or a noncenter program.

29 (2) "District and high school graduation rate" means the

1 annual completion and pupil dropout rate that is calculated by the
2 center pursuant to nationally recognized standards.

3 (3) "District and high school graduation report" means a
4 report of the number of pupils, excluding adult education
5 participants, in the district for the immediately preceding school
6 year, adjusted for those pupils who have transferred into or out of
7 the district or high school, who leave high school with a diploma
8 or other credential of equal status.

9 (4) "Membership", except as otherwise provided in this
10 ~~subsection or this article~~, means for a district, a public school
11 academy, or an intermediate district the sum of the product of .90
12 times the number of full-time equated pupils in grades K to 12
13 actually enrolled and in regular daily attendance in the district,
14 public school academy, or intermediate district on the pupil
15 membership count day for the current school year, plus the product
16 of .10 times the final audited count from the supplemental count
17 day of full-time equated pupils in grades K to 12 actually enrolled
18 and in regular daily attendance in the district, public school
19 academy, or intermediate district for the immediately preceding
20 school year. A district's, public school academy's, or intermediate
21 district's membership is adjusted as provided under section 25e for
22 pupils who enroll after the pupil membership count day in a strict
23 discipline academy operating under sections 1311b to 1311m of the
24 revised school code, MCL 380.1311b to 380.1311m. ~~For 2021-2022~~
25 ~~only, membership means for a district, a public school academy, or~~
26 ~~an intermediate district, the sum of the product of .90 times the~~
27 ~~number of full-time equated pupils in grades K to 12 actually~~
28 ~~enrolled and in regular daily attendance in the district, public~~
29 ~~school academy, or intermediate district on the pupil membership~~

~~count day for the current school year and the product of .10 times the final audited count of the number of full-time equated pupils engaged in pandemic learning for spring 2021, or, for a public school academy that operates as a cyber school, as that term is defined in section 551 of the revised school code, MCL 380.551, the final audited count from the supplemental count day of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the public school academy for the immediately preceding school year.~~ All pupil counts used in this subsection are as determined by the department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit. The amount of the foundation allowance for a pupil in membership is determined under section 20. In making the calculation of membership, all of the following, as applicable, apply to determining the membership of a district, a public school academy, or an intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection (6), a pupil is counted in membership in the pupil's educating district or districts. An individual pupil must not be counted for more than a total of 1.0 full-time equated membership.

(b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil's district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to

1 the requirement that the educating district must have the approval
2 of the pupil's district of residence to count the pupil in
3 membership, the pupil is not counted in membership in any district.

4 (c) A special education pupil educated by the intermediate
5 district is counted in membership in the intermediate district.

6 (d) A pupil placed by a court or state agency in an on-grounds
7 program of a juvenile detention facility, a child caring
8 institution, or a mental health institution, or a pupil funded
9 under section 53a, is counted in membership in the district or
10 intermediate district approved by the department to operate the
11 program.

12 (e) A pupil enrolled in the Michigan Schools for the Deaf and
13 Blind is counted in membership in the pupil's intermediate district
14 of residence.

15 (f) A pupil enrolled in a career and technical education
16 program supported by a millage levied over an area larger than a
17 single district or in an area vocational-technical education
18 program established under section 690 of the revised school code,
19 MCL 380.690, is counted in membership only in the pupil's district
20 of residence.

21 (g) A pupil enrolled in a public school academy is counted in
22 membership in the public school academy.

23 (h) For the purposes of this section and section 6a, for a
24 cyber school, as that term is defined in section 551 of the revised
25 school code, MCL 380.551, that is in compliance with section 553a
26 of the revised school code, MCL 380.553a, a pupil's participation
27 in the cyber school's educational program is considered regular
28 daily attendance, and for a district or public school academy, a
29 pupil's participation in a virtual course as that term is defined

in section 21f is considered regular daily attendance. **Beginning July 1, 2021, this subdivision is subject to section 8c. It is the intent of the legislature that the immediately preceding sentence apply retroactively and is effective July 1, 2021.** For the purposes of this subdivision, for a pupil enrolled in a cyber school, ~~and utilizing sequential learning, all of the following apply with regard to the participation means that term as defined in the pupil accounting manual, section 5-O-D: requirements for counting pupils in membership subsection 10.~~**requirement:**

(i) Except as otherwise provided in this subdivision, the pupil shall participate in each scheduled course on pupil membership count day or supplemental count day, as applicable. If the pupil is absent on pupil membership count day or supplemental count day, as applicable, the pupil must attend and participate in class during the next 10 consecutive school days if the absence was unexcused, or during the next 30 calendar days if the absence was excused.

(ii) For a pupil who is not learning sequentially, 1 or more of the following must be met on pupil membership count day or supplemental count day, as applicable, for each scheduled course to satisfy the participation requirement under this subdivision:

(A) The pupil attended a live lesson from the teacher.

(B) The pupil logged into a lesson or lesson activity and the login can be documented.

(C) The pupil and teacher engaged in a subject-oriented telephone conversation.

(D) There is documentation of an email dialogue between the pupil and teacher.

(E) There is documentation of activity or work between the learning coach and pupil.

1 (F) An alternate form of attendance as determined and agreed
2 upon by the cyber school and the pupil membership auditor was met.

3 (iii) For a pupil using sequential learning, the participation
4 requirement under this subdivision is satisfied if either of the
5 following occurs:

6 (A) Except as otherwise provided in this sub-subparagraph, the
7 pupil and the teacher of record or mentor complete a 2-way
8 interaction for 1 course during the week on which pupil membership
9 count day or supplemental count day, as applicable, occurs, and the
10 3 consecutive weeks following that week. However, if a school break
11 is scheduled during any of the weeks described in this sub-
12 subparagraph that is 4 or more days in length or instruction has
13 been canceled districtwide during any of the weeks described in
14 this sub-subparagraph for 3 or more school days, the district is
15 not required to ensure that the pupil and the teacher of record or
16 mentor completed a 2-way interaction for that week. As used in this
17 sub-subparagraph:

18 (I) "2-way interaction" means the communication that occurs
19 between the teacher of record or mentor and pupil, where 1 party
20 initiates communication and a response from the other party follows
21 that communication. Responses as described in this sub-sub-
22 subparagraph must be to the communication initiated by the teacher
23 of record or mentor, and not some other action taken. This
24 interaction may occur through, but is not limited to, means such as
25 email, telephone, instant messaging, or face-to-face conversation.
26 A parent- or legal-guardian-facilitated 2-way interaction is
27 considered a 2-way interaction if the pupil is in any of grades K
28 to 5 and does not yet possess the skills necessary to participate
29 in 2-way interactions unassisted. The interactions described in

1 this sub-sub-subparagraph must relate to a virtual course on the
2 pupil's schedule and pertain to course content or progress.

3 (II) "Mentor" means a professional employee of the district
4 who monitors the pupil's progress, ensures the pupil has access to
5 needed technology, is available for assistance, and ensures access
6 to the teacher of record. A mentor may also be the teacher of
7 record if the mentor meets the definition of a teacher of record
8 under this sub-subparagraph and the district is the provider for
9 the course.

10 (III) "Teacher of record" means a teacher to whom all of the
11 following apply:

12 (1) He or she is responsible for providing instruction,
13 determining instructional methods for each pupil, diagnosing
14 learning needs, assessing pupil learning, prescribing intervention
15 strategies and modifying lessons, reporting outcomes, and
16 evaluating the effects of instruction and support strategies. The
17 teacher of record may coordinate the distribution and assignment of
18 the responsibilities described in this sub-sub-sub-subparagraph
19 with other teachers participating in the instructional process for
20 a course.

21 (2) He or she is certified for the grade level or is working
22 under a valid substitute permit, authorization, or approval issued
23 by the department.

24 (3) He or she has a personnel identification code provided by
25 the center.

26 (4) If applicable under section 1231 of the revised school
27 code, MCL 380.1231, he or she is employed by the district.

28 (IV) "Week" means a period that starts on Wednesday and ends
29 the following Tuesday.

1 (B) The pupil completes a combination of 1 or more of the
2 following activities for each scheduled course on pupil membership
3 count day or supplemental count day, as applicable:

4 (I) Documented attendance in a virtual course where
5 synchronous, live instruction occurred with the teacher.

6 (II) Documented completion of a course assignment.

7 (III) Documented completion of a course lesson or lesson
8 activity.

9 (IV) Documented pupil access to an ongoing lesson, which does
10 not include a login.

11 (V) Documented physical attendance on pupil membership count
12 day or supplemental count day, as applicable, in each scheduled
13 course, if the pupil will attend at least 50% of the instructional
14 time for each scheduled course on-site, face-to-face with the
15 teacher of record. As used in this sub-sub-subparagraph, "teacher
16 of record" means that term as defined in sub-subparagraph (A).

17 (iv) For purposes of subparagraph (iii), each course currently
18 being attempted by the pupil, rather than every course on the
19 pupil's schedule for the entire term, is considered a part of each
20 scheduled course for the pupil.

21 (i) For a new district or public school academy beginning its
22 operation after December 31, 1994, membership for the first 2 full
23 or partial fiscal years of operation is determined as follows:

24 (i) If operations begin before the pupil membership count day
25 for the fiscal year, membership is the average number of full-time
26 equated pupils in grades K to 12 actually enrolled and in regular
27 daily attendance on the pupil membership count day for the current
28 school year and on the supplemental count day for the current
29 school year, as determined by the department and calculated by

1 adding the number of pupils registered for attendance on the pupil
2 membership count day plus pupils received by transfer and minus
3 pupils lost as defined by rules promulgated by the superintendent,
4 and as corrected by a subsequent department audit, plus the final
5 audited count from the supplemental count day for the current
6 school year, and dividing that sum by 2.

7 (ii) If operations begin after the pupil membership count day
8 for the fiscal year and not later than the supplemental count day
9 for the fiscal year, membership is the final audited count of the
10 number of full-time equated pupils in grades K to 12 actually
11 enrolled and in regular daily attendance on the supplemental count
12 day for the current school year.

13 (j) If a district is the authorizing body for a public school
14 academy, then, in the first school year in which pupils are counted
15 in membership on the pupil membership count day in the public
16 school academy, the determination of the district's membership
17 excludes from the district's pupil count for the immediately
18 preceding supplemental count day any pupils who are counted in the
19 public school academy on that first pupil membership count day who
20 were also counted in the district on the immediately preceding
21 supplemental count day.

22 (k) For an extended school year program approved by the
23 superintendent, a pupil enrolled, but not scheduled to be in
24 regular daily attendance, on a pupil membership count day, is
25 counted in membership.

26 (l) To be counted in membership, a pupil must meet the minimum
27 age requirement to be eligible to attend school under section 1147
28 of the revised school code, MCL 380.1147, ~~or must be enrolled under~~
29 ~~subsection (3) of that section,~~ and must be less than 20 years of

1 age on September 1 of the school year except as follows:

2 (i) A special education pupil who is enrolled and receiving
3 instruction in a special education program or service approved by
4 the department, who does not have a high school diploma, and who is
5 less than 26 years of age as of September 1 of the current school
6 year is counted in membership.

7 (ii) A pupil who is determined by the department to meet all of
8 the following may be counted in membership:

9 (A) Is enrolled in a public school academy or an alternative
10 education high school diploma program, that is primarily focused on
11 educating pupils with extreme barriers to education, such as being
12 homeless as that term is defined under 42 USC 11302.

13 (B) Had dropped out of school.

14 (C) Is less than 22 years of age as of September 1 of the
15 current school year.

16 (iii) If a child does not meet the minimum age requirement to be
17 eligible to attend school for that school year under section 1147
18 of the revised school code, MCL 380.1147, but will be 5 years of
19 age not later than December 1 of that school year, the district may
20 count the child in membership for that school year if the parent or
21 legal guardian has notified the district in writing that he or she
22 intends to enroll the child in kindergarten for that school year.

23 (m) An individual who has achieved a high school diploma is
24 not counted in membership. An individual who has achieved a high
25 school equivalency certificate is not counted in membership unless
26 the individual is a student with a disability as that term is
27 defined in R 340.1702 of the Michigan Administrative Code. An
28 individual participating in a job training program funded under
29 former section 107a or a jobs program funded under former section

1 107b, administered by the department of labor and economic
2 opportunity, or participating in any successor of either of those 2
3 programs, is not counted in membership.

4 (n) If a pupil counted in membership in a public school
5 academy is also educated by a district or intermediate district as
6 part of a cooperative education program, the pupil is counted in
7 membership only in the public school academy unless a written
8 agreement signed by all parties designates the party or parties in
9 which the pupil is counted in membership, and the instructional
10 time scheduled for the pupil in the district or intermediate
11 district is included in the full-time equated membership
12 determination under subdivision (q) and section 101. However, for
13 pupils receiving instruction in both a public school academy and in
14 a district or intermediate district but not as a part of a
15 cooperative education program, the following apply:

16 (i) If the public school academy provides instruction for at
17 least 1/2 of the class hours required under section 101, the public
18 school academy receives as its prorated share of the full-time
19 equated membership for each of those pupils an amount equal to 1
20 times the product of the hours of instruction the public school
21 academy provides divided by the number of hours required under
22 section 101 for full-time equivalency, and the remainder of the
23 full-time membership for each of those pupils is allocated to the
24 district or intermediate district providing the remainder of the
25 hours of instruction.

26 (ii) If the public school academy provides instruction for less
27 than 1/2 of the class hours required under section 101, the
28 district or intermediate district providing the remainder of the
29 hours of instruction receives as its prorated share of the full-

1 time equated membership for each of those pupils an amount equal to
2 1 times the product of the hours of instruction the district or
3 intermediate district provides divided by the number of hours
4 required under section 101 for full-time equivalency, and the
5 remainder of the full-time membership for each of those pupils is
6 allocated to the public school academy.

7 (o) An individual less than 16 years of age as of September 1
8 of the current school year who is being educated in an alternative
9 education program is not counted in membership if there are also
10 adult education participants being educated in the same program or
11 classroom.

12 (p) The department shall give a uniform interpretation of
13 full-time and part-time memberships.

14 (q) The number of class hours used to calculate full-time
15 equated memberships must be consistent with section 101. In
16 determining full-time equated memberships for pupils who are
17 enrolled in a postsecondary institution or for pupils engaged in an
18 internship or work experience under section 1279h of the revised
19 school code, MCL 380.1279h, a pupil is not considered to be less
20 than a full-time equated pupil solely because of the effect of his
21 or her postsecondary enrollment or engagement in the internship or
22 work experience, including necessary travel time, on the number of
23 class hours provided by the district to the pupil.

24 (r) Full-time equated memberships for pupils in kindergarten
25 are determined by dividing the number of instructional hours
26 scheduled and provided per year per kindergarten pupil by the same
27 number used for determining full-time equated memberships for
28 pupils in grades 1 to 12. However, to the extent allowable under
29 federal law, for a district or public school academy that provides

evidence satisfactory to the department that it used federal title I money in the 2 immediately preceding school fiscal years to fund full-time kindergarten, full-time equated memberships for pupils in kindergarten are determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number used for determining full-time equated memberships for pupils in grades 1 to 12. The change in the counting of full-time equated memberships for pupils in kindergarten that took effect for 2012-2013 is not a mandate.

(s) For a district or a public school academy that has pupils enrolled in a grade level that was not offered by the district or public school academy in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year. Membership is calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil's district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district's alternative or disciplinary education program that the best instructional placement for a pupil

1 is in the pupil's home or otherwise apart from the general school
2 population, if that placement is authorized in writing by the
3 district superintendent and district alternative or disciplinary
4 education supervisor, and if the district provides appropriate
5 instruction as described in this subdivision to the pupil at the
6 pupil's home or otherwise apart from the general school population,
7 the district may count the pupil in membership on a pro rata basis,
8 with the proration based on the number of hours of instruction the
9 district actually provides to the pupil divided by the number of
10 hours required under section 101 for full-time equivalency. For the
11 purposes of this subdivision, a district is considered to be
12 providing appropriate instruction if all of the following are met:

13 (i) The district provides at least 2 nonconsecutive hours of
14 instruction per week to the pupil at the pupil's home or otherwise
15 apart from the general school population under the supervision of a
16 certificated teacher.

17 (ii) The district provides instructional materials, resources,
18 and supplies that are comparable to those otherwise provided in the
19 district's alternative education program.

20 (iii) Course content is comparable to that in the district's
21 alternative education program.

22 (iv) Credit earned is awarded to the pupil and placed on the
23 pupil's transcript.

24 (v) If a pupil was enrolled in a public school academy on the
25 pupil membership count day, if the public school academy's contract
26 with its authorizing body is revoked or the public school academy
27 otherwise ceases to operate, and if the pupil enrolls in a district
28 within 45 days after the pupil membership count day, the department
29 shall adjust the district's pupil count for the pupil membership

1 count day to include the pupil in the count.

2 (w) For a public school academy that has been in operation for
3 at least 2 years and that suspended operations for at least 1
4 semester and is resuming operations, membership is the sum of the
5 product of .90 times the number of full-time equated pupils in
6 grades K to 12 actually enrolled and in regular daily attendance on
7 the first pupil membership count day or supplemental count day,
8 whichever is first, occurring after operations resume, plus the
9 product of .10 times the final audited count from the most recent
10 pupil membership count day or supplemental count day that occurred
11 before suspending operations, as determined by the superintendent.

12 (x) If a district's membership for a particular fiscal year,
13 as otherwise calculated under this subsection, would be less than
14 1,550 pupils, the district has 4.5 or fewer pupils per square mile,
15 as determined by the department, and the district does not receive
16 funding under section 22d(2), the district's membership is
17 considered to be the membership figure calculated under this
18 subdivision. If a district educates and counts in its membership
19 pupils in grades 9 to 12 who reside in a contiguous district that
20 does not operate grades 9 to 12 and if 1 or both of the affected
21 districts request the department to use the determination allowed
22 under this sentence, the department shall include the square
23 mileage of both districts in determining the number of pupils per
24 square mile for each of the districts for the purposes of this
25 subdivision. If a district has established a community engagement
26 advisory committee in partnership with the department of treasury,
27 is required to submit a deficit elimination plan or an enhanced
28 deficit elimination plan under section 1220 of the revised school
29 code, MCL 380.1220, and is located in a city with a population

1 between 9,000 and 11,000, as determined by the department, that is
2 in a county with a population between 150,000 and 160,000, as
3 determined by the department, the district's membership is
4 considered to be the membership figure calculated under this
5 subdivision. The membership figure calculated under this
6 subdivision is the greater of the following:

7 (i) The average of the district's membership for the 3-fiscal-
8 year period ending with that fiscal year, calculated by adding the
9 district's actual membership for each of those 3 fiscal years, as
10 otherwise calculated under this subsection, and dividing the sum of
11 those 3 membership figures by 3.

12 (ii) The district's actual membership for that fiscal year as
13 otherwise calculated under this subsection.

14 (y) Full-time equated memberships for special education pupils
15 who are not enrolled in kindergarten but are enrolled in a
16 classroom program under R 340.1754 of the Michigan Administrative
17 Code are determined by dividing the number of class hours scheduled
18 and provided per year by 450. Full-time equated memberships for
19 special education pupils who are not enrolled in kindergarten but
20 are receiving early childhood special education services under R
21 340.1755 or R 340.1862 of the Michigan Administrative Code are
22 determined by dividing the number of hours of service scheduled and
23 provided per year per pupil by 180.

24 (z) A pupil of a district that begins its school year after
25 Labor Day who is enrolled in an intermediate district program that
26 begins before Labor Day is not considered to be less than a full-
27 time pupil solely due to instructional time scheduled but not
28 attended by the pupil before Labor Day.

29 (aa) For the first year in which a pupil is counted in

1 membership on the pupil membership count day in a middle college
2 program, the membership is the average of the full-time equated
3 membership on the pupil membership count day and on the
4 supplemental count day for the current school year, as determined
5 by the department. If a pupil described in this subdivision was
6 counted in membership by the operating district on the immediately
7 preceding supplemental count day, the pupil is excluded from the
8 district's immediately preceding supplemental count for the
9 purposes of determining the district's membership.

10 (bb) A district or public school academy that educates a pupil
11 who attends a United States Olympic Education Center may count the
12 pupil in membership regardless of whether or not the pupil is a
13 resident of this state.

14 (cc) A pupil enrolled in a district other than the pupil's
15 district of residence under section 1148(2) of the revised school
16 code, MCL 380.1148, is counted in the educating district.

17 (dd) For a pupil enrolled in a dropout recovery program that
18 meets the requirements of section 23a, the pupil is counted as 1/12
19 of a full-time equated membership for each month that the district
20 operating the program reports that the pupil was enrolled in the
21 program and was in full attendance. However, if the special
22 membership counting provisions under this subdivision and the
23 operation of the other membership counting provisions under this
24 subsection result in a pupil being counted as more than 1.0 FTE in
25 a fiscal year, the payment made for the pupil under sections 22a
26 and 22b must not be based on more than 1.0 FTE for that pupil, and
27 any portion of an FTE for that pupil that exceeds 1.0 is instead
28 paid under section 25g. The district operating the program shall
29 report to the center the number of pupils who were enrolled in the

1 program and were in full attendance for a month not later than 30
2 days after the end of the month. A district shall not report a
3 pupil as being in full attendance for a month unless both of the
4 following are met:

5 (i) A personalized learning plan is in place on or before the
6 first school day of the month for the first month the pupil
7 participates in the program.

8 (ii) The pupil meets the district's definition under section
9 23a of satisfactory monthly progress for that month or, if the
10 pupil does not meet that definition of satisfactory monthly
11 progress for that month, the pupil did meet that definition of
12 satisfactory monthly progress in the immediately preceding month
13 and appropriate interventions are implemented within 10 school days
14 after it is determined that the pupil does not meet that definition
15 of satisfactory monthly progress.

16 (ee) A pupil participating in a virtual course under section
17 21f is counted in membership in the district enrolling the pupil.

18 (ff) If a public school academy that is not in its first or
19 second year of operation closes at the end of a school year and
20 does not reopen for the next school year, the department shall
21 adjust the membership count of the district or other public school
22 academy in which a former pupil of the closed public school academy
23 enrolls and is in regular daily attendance for the next school year
24 to ensure that the district or other public school academy receives
25 the same amount of membership aid for the pupil as if the pupil
26 were counted in the district or other public school academy on the
27 supplemental count day of the preceding school year.

28 (gg) If a special education pupil is expelled under section
29 1311 or 1311a of the revised school code, MCL 380.1311 and

380.1311a, and is not in attendance on the pupil membership count day because of the expulsion, and if the pupil remains enrolled in the district and resumes regular daily attendance during that school year, the district's membership is adjusted to count the pupil in membership as if he or she had been in attendance on the pupil membership count day.

(hh) A pupil enrolled in a community district is counted in membership in the community district.

(ii) A part-time pupil enrolled in a nonpublic school in grades K to 12 in accordance with section 166b must not be counted as more than 0.75 of a full-time equated membership.

(jj) A district that borders another state or a public school academy that operates at least grades 9 to 12 and is located within 20 miles of a border with another state may count in membership a pupil who is enrolled in a course at a college or university that is located in the bordering state and within 20 miles of the border with this state if all of the following are met:

(i) The pupil would meet the definition of an eligible student under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, if the course were an eligible course under that act.

(ii) The course in which the pupil is enrolled would meet the definition of an eligible course under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, if the course were provided by an eligible postsecondary institution under that act.

(iii) The department determines that the college or university is an institution that, in the other state, fulfills a function comparable to a state university or community college, as those

1 terms are defined in section 3 of the postsecondary enrollment
2 options act, 1996 PA 160, MCL 388.513, or is an independent
3 nonprofit degree-granting college or university.

4 (iv) The district or public school academy pays for a portion
5 of the pupil's tuition at the college or university in an amount
6 equal to the eligible charges that the district or public school
7 academy would pay to an eligible postsecondary institution under
8 the postsecondary enrollment options act, 1996 PA 160, MCL 388.511
9 to 388.524, as if the course were an eligible course under that
10 act.

11 (v) The district or public school academy awards high school
12 credit to a pupil who successfully completes a course as described
13 in this subdivision.

14 (kk) A pupil enrolled in a middle college program may be
15 counted for more than a total of 1.0 full-time equated membership
16 if the pupil is enrolled in more than the minimum number of
17 instructional days and hours required under section 101 and the
18 pupil is expected to complete the 5-year program with both a high
19 school diploma and at least 60 transferable college credits or is
20 expected to earn an associate's degree in fewer than 5 years.

21 (ll) If a district's or public school academy's membership for
22 a particular fiscal year, as otherwise calculated under this
23 subsection, includes pupils counted in membership who are enrolled
24 under section 166b, all of the following apply for the purposes of
25 this subdivision:

26 (i) If the district's or public school academy's membership for
27 pupils counted under section 166b equals or exceeds 5% of the
28 district's or public school academy's membership for pupils not
29 counted in membership under section 166b in the immediately

preceding fiscal year, then the growth in the district's or public school academy's membership for pupils counted under section 166b must not exceed 10%.

(ii) If the district's or public school academy's membership for pupils counted under section 166b is less than 5% of the district's or public school academy's membership for pupils not counted in membership under section 166b in the immediately preceding fiscal year, then the district's or public school academy's membership for pupils counted under section 166b must not exceed the greater of the following:

(A) ~~5%~~**Five percent** of the district's or public school academy's membership for pupils not counted in membership under section 166b.

(B) ~~10%~~**Ten percent** more than the district's or public school academy's membership for pupils counted under section 166b in the immediately preceding fiscal year.

(iii) If 1 or more districts consolidate or are parties to an annexation, then the calculations under subparagraphs (i) and (ii) must be applied to the combined total membership for pupils counted in those districts for the fiscal year immediately preceding the consolidation or annexation.

(5) "Public school academy" means that term as defined in section 5 of the revised school code, MCL 380.5.

(6) "Pupil" means an individual in membership in a public school. A district must have the approval of the pupil's district of residence to count the pupil in membership, except approval by the pupil's district of residence is not required for any of the following:

(a) A nonpublic part-time pupil enrolled in grades K to 12 in

1 accordance with section 166b.

2 (b) A pupil receiving 1/2 or less of his or her instruction in
3 a district other than the pupil's district of residence.

4 (c) A pupil enrolled in a public school academy.

5 (d) A pupil enrolled in a district other than the pupil's
6 district of residence if the pupil is enrolled in accordance with
7 section 105 or 105c.

8 (e) A pupil who has made an official written complaint or
9 whose parent or legal guardian has made an official written
10 complaint to law enforcement officials and to school officials of
11 the pupil's district of residence that the pupil has been the
12 victim of a criminal sexual assault or other serious assault, if
13 the official complaint either indicates that the assault occurred
14 at school or that the assault was committed by 1 or more other
15 pupils enrolled in the school the pupil would otherwise attend in
16 the district of residence or by an employee of the district of
17 residence. A person who intentionally makes a false report of a
18 crime to law enforcement officials for the purposes of this
19 subdivision is subject to section 411a of the Michigan penal code,
20 1931 PA 328, MCL 750.411a, which provides criminal penalties for
21 that conduct. As used in this subdivision:

22 (i) "At school" means in a classroom, elsewhere on school
23 premises, on a school bus or other school-related vehicle, or at a
24 school-sponsored activity or event whether or not it is held on
25 school premises.

26 (ii) "Serious assault" means an act that constitutes a felony
27 violation of chapter XI of the Michigan penal code, 1931 PA 328,
28 MCL 750.81 to 750.90h, or that constitutes an assault and
29 infliction of serious or aggravated injury under section 81a of the

1 Michigan penal code, 1931 PA 328, MCL 750.81a.

2 (f) A pupil whose district of residence changed after the
3 pupil membership count day and before the supplemental count day
4 and who continues to be enrolled on the supplemental count day as a
5 nonresident in the district in which he or she was enrolled as a
6 resident on the pupil membership count day of the same school year.

7 (g) A pupil enrolled in an alternative education program
8 operated by a district other than his or her district of residence
9 who meets 1 or more of the following:

11 district of residence for any reason, including, but not limited
12 to, a suspension or expulsion under section 1310, 1311, or 1311a of
13 the revised school code, MCL 380.1310, 380.1311, and 380.1311a.

14 (ii) The pupil had previously dropped out of school.

15 (iii) The pupil is pregnant or is a parent.

16 (iv) The pupil has been referred to the program by a court.

17 (h) A pupil enrolled in the Michigan Virtual School, for the
18 pupil's enrollment in the Michigan Virtual School.

19 (i) A pupil who is the child of a person who works at the
20 district or who is the child of a person who worked at the district
21 as of the time the pupil first enrolled in the district but who no
22 longer works at the district due to a workforce reduction. As used
23 in this subdivision, "child" includes an adopted child, stepchild,
24 or legal ward.

25 (j) An expelled pupil who has been denied reinstatement by the
26 expelling district and is reinstated by another school board under
27 section 1311 or 1311a of the revised school code, MCL 380.1311 and
28 380.1311a.

29 (k) A pupil enrolled in a district other than the pupil's

1 district of residence in a middle college program if the pupil's
2 district of residence and the enrolling district are both
3 constituent districts of the same intermediate district.

4 (l) A pupil enrolled in a district other than the pupil's
5 district of residence who attends a United States Olympic Education
6 Center.

7 (m) A pupil enrolled in a district other than the pupil's
8 district of residence under section 1148(2) of the revised school
9 code, MCL 380.1148.

10 (n) A pupil who enrolls in a district other than the pupil's
11 district of residence as a result of the pupil's school not making
12 adequate yearly progress under the no child left behind act of
13 2001, Public Law 107-110, or the every student succeeds act, Public
14 Law 114-95.

15 However, if a district educates pupils who reside in another
16 district and if the primary instructional site for those pupils is
17 established by the educating district after 2009-2010 and is
18 located within the boundaries of that other district, the educating
19 district must have the approval of that other district to count
20 those pupils in membership.

21 (7) "Pupil membership count day" of a district or intermediate
22 district means:

23 (a) Except as provided in subdivision (b), the first Wednesday
24 in October each school year or, for a district or building in which
25 school is not in session on that Wednesday due to conditions not
26 within the control of school authorities, with the approval of the
27 superintendent, the immediately following day on which school is in
28 session in the district or building.

29 (b) For a district or intermediate district maintaining school

1 during the entire school year, the following days:

2 (i) Fourth Wednesday in July.

3 (ii) First Wednesday in October.

4 (iii) Second Wednesday in February.

5 (iv) Fourth Wednesday in April.

6 (8) "Pupils in grades K to 12 actually enrolled and in regular
7 daily attendance" means pupils in grades K to 12 in attendance and
8 receiving instruction in all classes for which they are enrolled on
9 the pupil membership count day or the supplemental count day, as
10 applicable. Except as otherwise provided in this subsection, a
11 pupil who is absent from any of the classes in which the pupil is
12 enrolled on the pupil membership count day or supplemental count
13 day and who does not attend each of those classes during the 10
14 consecutive school days immediately following the pupil membership
15 count day or supplemental count day, except for a pupil who has
16 been excused by the district, is not counted as 1.0 full-time
17 equated membership. A pupil who is excused from attendance on the
18 pupil membership count day or supplemental count day and who fails
19 to attend each of the classes in which the pupil is enrolled within
20 30 calendar days after the pupil membership count day or
21 supplemental count day is not counted as 1.0 full-time equated
22 membership. In addition, a pupil who was enrolled and in attendance
23 in a district, intermediate district, or public school academy
24 before the pupil membership count day or supplemental count day of
25 a particular year but was expelled or suspended on the pupil
26 membership count day or supplemental count day is only counted as
27 1.0 full-time equated membership if the pupil resumed attendance in
28 the district, intermediate district, or public school academy
29 within 45 days after the pupil membership count day or supplemental

count day of that particular year. A pupil not counted as 1.0 full-time equated membership due to an absence from a class is counted as a prorated membership for the classes the pupil attended. For purposes of this subsection, "class" means ~~either of the following, as applicable:~~

~~(a) A a period of time in 1 day when pupils and an individual who is appropriately placed under a valid certificate, substitute permit, authorization, or approval issued by the department, are together and instruction is taking place. This subdivision does not apply for the 2020-2021 and 2021-2022 school years.~~

~~(b) For the 2020-2021 and 2021-2022 school years only, a period of time in 1 day when pupils and a certificated teacher, a teacher engaged to teach under section 1233b of the revised school code, MCL 380.1233b, or an individual working under a valid substitute permit, authorization, or approval issued by the department are together and instruction is taking place.~~

9 (16) ~~(17)~~ "Tuition pupil" means a pupil of school age
10 attending school in a district other than the pupil's district of
11 residence for whom tuition may be charged to the district of
12 residence. Tuition pupil does not include a pupil who is a special
13 education pupil, a pupil described in subsection (6) (d) to (n), or
14 a pupil whose parent or guardian voluntarily enrolls the pupil in a
15 district that is not the pupil's district of residence. A pupil's
16 district of residence shall not require a high school tuition

 3 basis of classroom instruction.

4 (20) ~~(21)~~—"Total state aid" or "total state school aid",
 5 except as otherwise provided in this article, means the total
 6 combined amount of all funds due to a district, intermediate
 7 district, or other entity under this article.

8 Sec. 6a. ~~(1)~~ Except as otherwise provided in this subsection
 9 and this act, in addition to the pupil membership count day, there
 10 is a supplemental pupil count of the number of full-time equated
 11 pupils in grades K-12 actually enrolled and in regular daily
 12 attendance in a district or intermediate district on the second
 13 Wednesday in February or, for a district that is not in session on
 14 that day due to conditions not within the control of school
 15 authorities, with the approval of the superintendent, the
 16 immediately following day on which the district is in session. ~~7~~
 17 ~~but, for 2020-2021 only, in addition to the pupil membership count~~
 18 ~~day, there is a supplemental pupil count of the number of full-time~~
 19 ~~equated pupils engaged in pandemic learning for spring 2021 or, for~~
 20 ~~a district that operates as a cyber school, as that term is defined~~
 21 ~~in section 551 of the revised school code, MCL 380.551, the number~~
 22 ~~of full-time equated pupils in grades K to 12 actually enrolled and~~
 23 ~~in regular attendance in the district on 2020-2021 supplemental~~
 24 ~~count day. For the purposes of this act, and except as otherwise~~

1 restricted contingency funds. These contingency funds are not
2 available for expenditure until they have been transferred to a
3 section within this article under section 393(2) of the management
4 and budget act, 1984 PA 431, MCL 18.1393.

5 (8) ~~(10)~~ Notwithstanding section 17b, the department shall

10 eligible districts for the purposes described in this section.

11 (2) Except as otherwise provided in this subsection, to
12 receive funding under this section, a district must apply for the
13 funding to the department of treasury, in a form and manner
14 prescribed by the department of treasury. In its application
15 described in this subsection, a district must pledge that it will
16 use funding received under this section to pay assumed bonded
17 indebtedness as described in subsection (3) and to decrease the
18 rate of the millage it levies on its school electors for payment of
19 the assumed bonded indebtedness described in this subsection to a
20 rate that is not greater than the millage rate levied by the
21 original district that levied the lowest millage rate for payment
22 of bonded indebtedness before the consolidation described in
23 subsection (4) (a) of all of the original school districts subject
24 to the consolidation.

25 (3) An eligible district that receives funding under this
26 section shall use the funding only to pay the assumed bonded
27 indebtedness of 1 or more original districts that were subject to
28 the consolidation described in subsection (4) (a).

29 (4) As used in this section, "eligible district" means a

1 district to which both of the following apply:

2 (a) The district was formed through the consolidation of 1 or
3 more districts as prescribed in the revised school code.

4 (b) The district has assumed the bonded indebtedness of 1 or
5 more original districts that were subject to the consolidation
6 described in subdivision (a).

7 Sec. 15. (1) If a district or intermediate district fails to
8 receive its proper apportionment, the department, upon satisfactory
9 proof that the district or intermediate district was entitled
10 justly, shall apportion the deficiency in the next apportionment.
11 Subject to subsections (2) and (3), if a district or intermediate
12 district has received more than its proper apportionment, the
13 department, upon satisfactory proof, shall deduct the excess in the
14 next apportionment. Notwithstanding any other provision in this
15 article, state aid overpayments to a district, other than
16 overpayments in payments for special education or special education
17 transportation, may be recovered from any payment made under this
18 article other than a special education or special education
19 transportation payment, from the proceeds of a loan to the district
20 under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to
21 141.942, or from the proceeds of millage levied or pledged under
22 section 1211 of the revised school code, MCL 380.1211. State aid
23 overpayments made in special education or special education
24 transportation payments may be recovered from subsequent special
25 education or special education transportation payments, from the
26 proceeds of a loan to the district under the emergency municipal
27 loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds
28 of millage levied or pledged under section 1211 of the revised
29 school code, MCL 380.1211.

1 (2) If the result of an audit conducted by or for the
2 department affects the current fiscal year membership, the
3 department shall adjust affected payments in the current fiscal
4 year. A deduction due to an adjustment made as a result of an audit
5 conducted by or for the department, or as a result of information
6 obtained by the department from the district, an intermediate
7 district, the department of treasury, or the office of auditor
8 general, must be deducted from the district's apportionments when
9 the adjustment is finalized. At the request of the district and
10 upon the district presenting evidence satisfactory to the
11 department of the hardship, the department may grant up to an
12 additional 4 years for the adjustment and may advance payments to
13 the district otherwise authorized under this article if the
14 district would otherwise experience a significant hardship in
15 satisfying its financial obligations. However, a district that
16 presented satisfactory evidence of hardship and was undergoing an
17 extended adjustment during 2018-2019 may continue to use the period
18 of extended adjustment as originally granted by the department.

19 (3) If, based on an audit by the department or the
20 department's designee or because of new or updated information
21 received by the department, the department determines that the
22 amount paid to a district or intermediate district under this
23 article for the current fiscal year or a prior fiscal year was
24 incorrect, the department shall make the appropriate deduction or
25 payment in the district's or intermediate district's allocation in
26 the next apportionment after the adjustment is finalized. The
27 department shall calculate the deduction or payment according to
28 the law in effect in the fiscal year in which the incorrect amount
29 was paid. If the district does not receive an allocation for the

1 fiscal year or if the allocation is not sufficient to pay the
2 amount of any deduction, the amount of any deduction otherwise
3 applicable must be satisfied from the proceeds of a loan to the
4 district under the emergency municipal loan act, 1980 PA 243, MCL
5 141.931 to 141.942, or from the proceeds of millage levied or
6 pledged under section 1211 of the revised school code, MCL
7 380.1211, as determined by the department.

8 (4) If the department makes an adjustment under this section
9 based in whole or in part on a membership audit finding that a
10 district or intermediate district employed an educator in violation
11 of certification requirements under the revised school code and
12 rules promulgated by the department, the department shall prorate
13 the adjustment according to the period of noncompliance with the
14 certification requirements.

15 (5) The department may conduct audits, or may direct audits by
16 designee of the department, for the current fiscal year and the
17 immediately preceding fiscal year of all records related to a
18 program for which a district or intermediate district has received
19 funds under this article.

20 (6) Expenditures made by the department under this article
21 that are caused by the write-off of prior year accruals may be
22 funded by revenue from the write-off of prior year accruals.

23 (7) In addition to funds appropriated in section 11 for all
24 programs and services, there is appropriated for ~~2021-2022-2022-~~
25 **2023** for obligations in excess of applicable appropriations an
26 amount equal to the collection of overpayments, but not to exceed
27 amounts available from overpayments.

28 Sec. 18. (1) Except as provided in another section of this
29 article, each district or other entity shall apply the money

1 received by the district or entity under this article to salaries
2 and other compensation of teachers and other employees, tuition,
3 transportation, lighting, heating, ventilation, water service, the
4 purchase of textbooks, other supplies, and any other school
5 operating expenditures defined in section 7. However, not more than
6 20% of the total amount received by a district under sections 22a
7 and 22b or received by an intermediate district under section 81
8 may be transferred by the board to either the capital projects fund
9 or to the debt retirement fund for debt service. A district or
10 other entity shall not apply or take the money for a purpose other
11 than as provided in this section. The department shall determine
12 the reasonableness of expenditures and may withhold from a
13 recipient of funds under this article the apportionment otherwise
14 due upon a violation by the recipient. A district must not be
15 prohibited or limited from using funds appropriated or allocated
16 under this article that are permitted for use for noninstructional
17 services to contract or subcontract with an intermediate district,
18 third party, or vendor for the noninstructional services.

19 (2) A district or intermediate district shall adopt an annual
20 budget in a manner that complies with the uniform budgeting and
21 accounting act, 1968 PA 2, MCL 141.421 to 141.440a. Within 15 days
22 after a district board adopts its annual operating budget for the

5 (3) For the information required under subsection (2)(a),
6 (2)(b)(i), and (2)(c), an intermediate district shall provide the
7 same information in the same manner as required for a district
8 under subsection (2).

9 (4) For the purposes of determining the reasonableness of
10 expenditures, whether a district or intermediate district has
11 received the proper amount of funds under this article, and whether
12 a violation of this article has occurred, all of the following
13 apply:

14 (a) The department shall require that each district and
15 intermediate district have an audit of the district's or
16 intermediate district's financial and pupil accounting records
17 conducted at least annually, and at such other times as determined
18 by the department, at the expense of the district or intermediate
19 district, as applicable. The audits must be performed by a
20 certified public accountant or by the intermediate district
21 superintendent, as may be required by the department, or in the
22 case of a district of the first class by a certified public
23 accountant, the intermediate superintendent, or the auditor general
24 of the city. A district or intermediate district shall retain these
25 records for the current fiscal year and from at least the 3
26 immediately preceding fiscal years.

27 (b) If a district operates in a single building with fewer
28 than 700 full-time equated pupils, if the district has stable
29 membership, and if the error rate of the immediately preceding 2

1 pupil accounting field audits of the district is less than 2%, the
2 district may have a pupil accounting field audit conducted
3 biennially but must continue to have desk audits for each pupil
4 count. The auditor must document compliance with the audit cycle in
5 the pupil auditing manual. As used in this subdivision, "stable
6 membership" means that the district's membership for the current
7 fiscal year varies from the district's membership for the
8 immediately preceding fiscal year by less than 5%.

9 (c) A district's or intermediate district's annual financial
10 audit must include an analysis of the financial and pupil
11 accounting data used as the basis for distribution of state school
12 aid.

13 (d) The pupil and financial accounting records and reports,
14 audits, and management letters are subject to requirements
15 established in the auditing and accounting manuals approved and
16 published by the department.

17 (e) All of the following must be done not later than November
18 1 each year for reporting the prior fiscal year data:

19 (i) A district shall file the annual financial audit reports
20 with the intermediate district and the department.

21 (ii) The intermediate district shall file the annual financial
22 audit reports for the intermediate district with the department.

23 (iii) The intermediate district shall enter the pupil membership
24 audit reports, **known as the audit narrative**, for its constituent
25 districts and for the intermediate district, for the pupil
26 membership count day and supplemental count day, in the Michigan
27 student data system.

28 (f) The annual financial audit reports and pupil accounting
29 procedures reports must be available to the public in compliance

1 with the freedom of information act, 1976 PA 442, MCL 15.231 to
2 15.246.

3 (g) Not later than January 31 of each year, the department
4 shall notify the state budget director and the legislative
5 appropriations subcommittees responsible for review of the school
6 aid budget of districts and intermediate districts that have not
7 filed an annual financial audit and pupil accounting procedures
8 report required under this section for the school year ending in
9 the immediately preceding fiscal year.

10 (5) By the first business day in November of each fiscal year,
11 each district and intermediate district shall submit to the center,
12 in a manner prescribed by the center, annual comprehensive
13 financial data consistent with the district's or intermediate
14 district's audited financial statements and consistent with
15 accounting manuals and charts of accounts approved and published by
16 the department. For an intermediate district, the report must also
17 contain the website address where the department can access the
18 report required under section 620 of the revised school code, MCL
19 380.620. The department shall ensure that the prescribed Michigan
20 public school accounting manual chart of accounts includes standard
21 conventions to distinguish expenditures by allowable fund function
22 and object. The functions must include at minimum categories for
23 instruction, pupil support, instructional staff support, general
24 administration, school administration, business administration,
25 transportation, facilities operation and maintenance, facilities
26 acquisition, and debt service; and must include object
27 classifications of salary, benefits, including categories for
28 active employee health expenditures, purchased services, supplies,
29 capital outlay, and other. A district shall report the required

1 level of detail consistent with the manual as part of the
2 comprehensive annual financial report.

3 (6) By the last business day in September of each year, each
4 district and intermediate district shall file with the center the
5 special education actual cost report, known as "SE-4096", on a form
6 and in the manner prescribed by the center. An intermediate
7 district shall certify the audit of a district's report.

8 (7) By not later than 1 week after the last business day in
9 September of each year, each district and intermediate district
10 shall file with the center the audited transportation expenditure
11 report, known as "SE-4094", on a form and in the manner prescribed
12 by the center. An intermediate district shall certify the audit of
13 a district's report.

14 (8) The department shall review its pupil accounting and pupil
15 auditing manuals at least annually and shall periodically update
16 those manuals to reflect changes in this article. Any changes to
17 the pupil accounting manual that are applicable for the school year
18 that begins after March 31 of a fiscal year must be published by
19 not later than March 31 of that fiscal year. However, if
20 legislation is enacted that necessitates adjustments to the pupil
21 accounting manual after March 31 of a fiscal year, and a district
22 incurs a violation of the amended pupil accounting manual in the
23 subsequent fiscal year, the department must notify the district of
24 that violation and allow the district 30 days to correct the
25 violation before the department is allowed to impose financial
26 penalties under this act related to the violation.

27 (9) If a district that is a public school academy purchases
28 property using money received under this article, the public school
29 academy shall retain ownership of the property unless the public

1 school academy sells the property at fair market value.

2 (10) If a district or intermediate district does not comply
3 with subsections (4), (5), (6), (7), and (12), or if the department
4 determines that the financial data required under subsection (5)
5 are not consistent with audited financial statements, the
6 department shall withhold all state school aid due to the district
7 or intermediate district under this article, beginning with the
8 next payment due to the district or intermediate district, until
9 the district or intermediate district complies with subsections
10 (4), (5), (6), (7), and (12). If the district or intermediate
11 district does not comply with subsections (4), (5), (6), (7), and
12 (12) by the end of the fiscal year, the district or intermediate
13 district forfeits the amount withheld.

14 (11) If a district or intermediate district does not comply
15 with subsection (2), the department may withhold up to 10% of the
16 total state school aid due to the district or intermediate district
17 under this article, beginning with the next payment due to the
18 district or intermediate district, until the district or
19 intermediate district complies with subsection (2). If the district
20 or intermediate district does not comply with subsection (2) by the
21 end of the fiscal year, the district or intermediate district
22 forfeits the amount withheld.

23 (12) By November 1 of each year, if a district or intermediate
24 district offers virtual learning under section 21f, or for a school
25 of excellence that is a cyber school, as defined in section 551 of
26 the revised school code, MCL 380.551, the district or intermediate
27 district shall submit to the department a report that details the
28 per-pupil costs of operating the virtual learning by vendor type
29 and virtual learning model. The report must include information

1 concerning the operation of virtual learning for the immediately
2 preceding school fiscal year, including information concerning
3 summer programming. Information must be collected in a form and
4 manner determined by the department and must be collected in the
5 most efficient manner possible to reduce the administrative burden
6 on reporting entities.

7 (13) By March 31 of each year, the department shall submit to
8 the house and senate appropriations subcommittees on state school
9 aid, the state budget director, and the house and senate fiscal
10 agencies a report summarizing the per-pupil costs by vendor type of
11 virtual courses available under section 21f and virtual courses
12 provided by a school of excellence that is a cyber school, as
13 defined in section 551 of the revised school code, MCL 380.551.

14 (14) As used in subsections (12) and (13), "vendor type" means
15 the following:

16 (a) Virtual courses provided by the Michigan Virtual
17 University.

18 (b) Virtual courses provided by a school of excellence that is
19 a cyber school, as defined in section 551 of the revised school
20 code, MCL 380.551.

21 (c) Virtual courses provided by third party vendors not
22 affiliated with a public school in this state.

23 (d) Virtual courses created and offered by a district or
24 intermediate district.

25 (15) An allocation to a district or another entity under this
26 article is contingent upon the district's or entity's compliance
27 with this section.

28 (16) The department shall annually submit to the senate and
29 house subcommittees on school aid and to the senate and house

standing committees on education an itemized list of allocations under this article to any association or consortium consisting of associations in the immediately preceding fiscal year. The report must detail the recipient or recipients, the amount allocated, and the purpose for which the funds were distributed.

Sec. 20. (1) ~~For 2021-2022, both~~ **All** of the following apply:

(a) ~~The~~ **For 2021-2022, the** target foundation allowance is \$8,700.00.

(b) ~~The~~ **For 2021-2022, the** minimum foundation allowance is \$8,700.00.

(c) **For 2022-2023, the target foundation allowance is \$9,150.00.**

(2) The department shall calculate the amount of each district's foundation allowance as provided in this section, using a target foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the department shall calculate the amount of a district's foundation allowance as follows, using in all calculations the total amount of the district's foundation allowance as calculated before any proration:

(a) **For 2021-2022, for a district that had a foundation allowance for the immediately preceding fiscal year that was at least equal to the minimum foundation allowance for the immediately preceding fiscal year, but less than the target foundation allowance for the immediately preceding fiscal year, the district's foundation allowance is \$8,700.00.** Except as otherwise provided in this subdivision, except for 2021-2022, for a district that had a foundation allowance for the immediately preceding fiscal year that

~~was at least equal to the minimum foundation allowance for the immediately preceding fiscal year, but less than **equal to** the target foundation allowance for the immediately preceding fiscal year, the district receives a foundation allowance in an amount equal to **the target foundation allowance for the current fiscal year.** the sum of the district's foundation allowance for the immediately preceding fiscal year plus the difference between twice the dollar amount of the adjustment from the immediately preceding fiscal year to the current fiscal year made in the target foundation allowance and [(the difference between the target foundation allowance for the current fiscal year and target foundation allowance for the immediately preceding fiscal year minus \$40.00) times (the difference between the district's foundation allowance for the immediately preceding fiscal year and the minimum foundation allowance for the immediately preceding fiscal year) divided by the difference between the target foundation allowance for the current fiscal year and the minimum foundation allowance for the immediately preceding fiscal year.]~~
~~The foundation allowance for a district that had less than the target foundation allowance for the immediately preceding fiscal year must not exceed the target foundation allowance for the current fiscal year. For 2021-2022, for a district that had a foundation allowance for the immediately preceding fiscal year that was at least equal to the minimum foundation allowance for the immediately preceding fiscal year, but less than the target foundation allowance for the immediately preceding fiscal year, the district's foundation allowance is \$8,700.00.~~

(b) Except as otherwise provided in this subsection, for a district that in the immediately preceding fiscal year had a

1 foundation allowance in an amount equal to the amount of the target
2 foundation allowance for the immediately preceding fiscal year, the
3 district receives a foundation allowance for 2021-2022 in an amount
4 equal to the target foundation allowance for 2021-2022. **This**
5 **subdivision does not apply after the 2021-2022 fiscal year.**

6 (c) For a district that had a foundation allowance for the
7 immediately preceding fiscal year that was greater than the target
8 foundation allowance for the immediately preceding fiscal year, the
9 district's foundation allowance is an amount equal to the sum of
10 the district's foundation allowance for the immediately preceding
11 fiscal year plus the lesser of the increase in the target
12 foundation allowance for the current fiscal year, as compared to
13 the immediately preceding fiscal year, or the product of the
14 district's foundation allowance for the immediately preceding
15 fiscal year times the percentage increase in the United States
16 Consumer Price Index in the calendar year ending in the immediately
17 preceding fiscal year as reported by the May revenue estimating
18 conference conducted under section 367b of the management and
19 budget act, 1984 PA 431, MCL 18.1367b. **This subdivision does not**
20 **apply after the 2021-2022 fiscal year.**

21 (d) For a district that had a foundation allowance for the
22 immediately preceding fiscal year that was greater than the target
23 foundation allowance for the immediately preceding fiscal year, the
24 district's foundation allowance is an amount equal to the lesser of
25 (the sum of the district's foundation allowance for the immediately
26 preceding fiscal year plus any per pupil amount calculated under
27 section 20m(2) in the immediately preceding fiscal year plus the
28 increase in the target foundation allowance for the current fiscal
29 year, as compared to the immediately preceding fiscal year) or (the

product of the district's foundation allowance for the immediately preceding fiscal year times the percentage increase in the United States Consumer Price Index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b). This subdivision does not apply for the 2021-2022 fiscal year.

(e) For a district that has a foundation allowance that is less than the target foundation allowance in the current fiscal year but had a foundation allowance in fiscal year 2020-2021 that was greater than the target foundation allowance in effect for that fiscal year, the district's foundation allowance is an amount equal to the lesser of (the sum of the district's foundation allowance for fiscal year 2020-2021 plus the increase in the target foundation allowance for the current fiscal year, as compared to fiscal year 2020-2021) or (the product of the district's foundation allowance for the immediately preceding fiscal year times the percentage increase in the United States Consumer Price Index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b). This subdivision does not apply for the 2021-2022 fiscal year.

(f) ~~(d)~~ For a district that has a foundation allowance that is not a whole dollar amount, the department shall round the district's foundation allowance up to the nearest whole dollar.

(4) Except as otherwise provided in this subsection, ~~beginning in 2021-2022,~~ the state portion of a district's foundation allowance is an amount equal to the district's foundation allowance

1 or the target foundation allowance for the current fiscal year,
 2 whichever is less, minus the local portion of the district's
 3 foundation allowance. **Except as otherwise provided in this**
 4 **subsection, for a district described in subsection (3) (c), (d), and**
 5 **(e), beginning in 2021-2022, the state portion of the district's**
 6 **foundation allowance is an amount equal to the target foundation**
 7 **allowance minus the district's foundation allowance supplemental**
 8 **payment per pupil calculated under section 20m and minus the local**
 9 **portion of the district's foundation allowance.** For a district that
 10 has a millage reduction required under section 31 of article IX of
 11 the state constitution of 1963, the department shall calculate the
 12 state portion of the district's foundation allowance as if that
 13 reduction did not occur. For a receiving district, if school
 14 operating taxes continue to be levied on behalf of a dissolved
 15 district that has been attached in whole or in part to the
 16 receiving district to satisfy debt obligations of the dissolved
 17 district under section 12 of the revised school code, MCL 380.12,
 18 the taxable value per membership pupil of property in the receiving
 19 district used for the purposes of this subsection does not include
 20 the taxable value of property within the geographic area of the
 21 dissolved district. For a community district, if school operating
 22 taxes continue to be levied by a qualifying school district under
 23 section 12b of the revised school code, MCL 380.12b, with the same
 24 geographic area as the community district, the taxable value per
 25 membership pupil of property in the community district to be used
 26 for the purposes of this subsection does not include the taxable
 27 value of property within the geographic area of the community
 28 district.

29 (5) The allocation calculated under this section for a pupil

1 is based on the foundation allowance of the pupil's district of
 2 residence. For a pupil enrolled under section 105 or 105c in a
 3 district other than the pupil's district of residence, the
 4 allocation calculated under this section is based on the lesser of
 5 the foundation allowance of the pupil's district of residence or
 6 the foundation allowance of the educating district. For a pupil in
 7 membership in a K-5, K-6, or K-8 district who is enrolled in
 8 another district in a grade not offered by the pupil's district of
 9 residence, the allocation calculated under this section is based on
 10 the foundation allowance of the educating district if the educating
 11 district's foundation allowance is greater than the foundation
 12 allowance of the pupil's district of residence. The calculation
 13 under this subsection must take into account a district's per-pupil
 14 allocation under section 20m.

15 (6) Except as otherwise provided in this subsection, for
 16 pupils in membership, other than special education pupils, in a
 17 public school academy, the allocation calculated under this section
 18 is an amount per membership pupil other than special education
 19 pupils in the public school academy equal to, **for 2021-2022**, the
 20 minimum foundation allowance specified in subsection ~~(1)~~.—**(1) (b)**
 21 **and, for 2022-2023, the target foundation allowance specified in**
 22 **subsection (1) (c).** Notwithstanding section 101, for a public school
 23 academy that begins operations after the pupil membership count
 24 day, the amount per membership pupil calculated under this
 25 subsection must be adjusted by multiplying that amount per
 26 membership pupil by the number of hours of pupil instruction
 27 provided by the public school academy after it begins operations,
 28 as determined by the department, divided by the minimum number of
 29 hours of pupil instruction required under section 101(3). The

1 result of this calculation must not exceed the amount per
2 membership pupil otherwise calculated under this subsection.

3 (7) For pupils in membership, other than special education
4 pupils, in a community district, the allocation calculated under
5 this section is an amount per membership pupil other than special
6 education pupils in the community district equal to the foundation
7 allowance of the qualifying school district, as described in
8 section 12b of the revised school code, MCL 380.12b, that is
9 located within the same geographic area as the community district.

10 (8) Subject to subsection (4), for a district that is formed
11 or reconfigured after June 1, 2002 by consolidation of 2 or more
12 districts or by annexation, the resulting district's foundation
13 allowance under this section beginning after the effective date of
14 the consolidation or annexation is the lesser of the sum of the
15 average of the foundation allowances of each of the original or
16 affected districts, calculated as provided in this section,
17 weighted as to the percentage of pupils in total membership in the
18 resulting district who reside in the geographic area of each of the
19 original or affected districts plus \$100.00 or the highest
20 foundation allowance among the original or affected districts. This
21 subsection does not apply to a receiving district unless there is a
22 subsequent consolidation or annexation that affects the district.
23 The calculation under this subsection must take into account a
24 district's per-pupil allocation under section 20m.

25 (9) The department shall round each fraction used in making
26 calculations under this section to the fourth decimal place and
27 shall round the dollar amount of an increase in the target
28 foundation allowance to the nearest whole dollar.

29 (10) State payments related to payment of the foundation

1 allowance for a special education pupil are not calculated under
2 this section but are instead calculated under section 51a.

3 (11) To assist the legislature in determining the target
4 foundation allowance for the subsequent fiscal year, each revenue
5 estimating conference conducted under section 367b of the
6 management and budget act, 1984 PA 431, MCL 18.1367b, must
7 calculate a pupil membership factor, a revenue adjustment factor,
8 and an index as follows:

9 (a) The pupil membership factor is computed by dividing the
10 estimated membership in the school year ending in the current
11 fiscal year, excluding intermediate district membership, by the
12 estimated membership for the school year ending in the subsequent
13 fiscal year, excluding intermediate district membership. If a
14 consensus membership factor is not determined at the revenue
15 estimating conference, the principals of the revenue estimating
16 conference shall report their estimates to the house and senate
17 subcommittees responsible for school aid appropriations not later
18 than 7 days after the conclusion of the revenue conference.

19 (b) The revenue adjustment factor is computed by dividing the
20 sum of the estimated total state school aid fund revenue for the
21 subsequent fiscal year plus the estimated total state school aid
22 fund revenue for the current fiscal year, adjusted for any change
23 in the rate or base of a tax the proceeds of which are deposited in
24 that fund and excluding money transferred into that fund from the
25 countercyclical budget and economic stabilization fund under the
26 management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, by
27 the sum of the estimated total school aid fund revenue for the
28 current fiscal year plus the estimated total state school aid fund
29 revenue for the immediately preceding fiscal year, adjusted for any

1 change in the rate or base of a tax the proceeds of which are
2 deposited in that fund. If a consensus revenue factor is not
3 determined at the revenue estimating conference, the principals of
4 the revenue estimating conference shall report their estimates to
5 the house and senate subcommittees responsible for school aid
6 appropriations not later than 7 days after the conclusion of the
7 revenue conference.

8 (c) The index is calculated by multiplying the pupil
9 membership factor by the revenue adjustment factor. If a consensus
10 index is not determined at the revenue estimating conference, the
11 principals of the revenue estimating conference shall report their
12 estimates to the house and senate subcommittees responsible for
13 state school aid appropriations not later than 7 days after the
14 conclusion of the revenue conference.

15 (12) Payments to districts and public school academies are not
16 made under this section. Rather, the calculations under this
17 section are used to determine the amount of state payments under
18 section 22b.

19 (13) If an amendment to section 2 of article VIII of the state
20 constitution of 1963 allowing state aid to some or all nonpublic
21 schools is approved by the voters of this state, each foundation
22 allowance or per-pupil payment calculation under this section may
23 be reduced.

24 (14) As used in this section:

25 (a) "Certified mills" means the lesser of 18 mills or the
26 number of mills of school operating taxes levied by the district in
27 1993-94.

28 ~~(b) "Combined state and local revenue" means the aggregate of~~
29 ~~the district's state school aid received by or paid on behalf of~~

~~the district under this section and the district's local school operating revenue.~~

~~(c) "Combined state and local revenue per membership pupil" means the district's combined state and local revenue divided by the district's membership excluding special education pupils.~~

~~(b) (d)~~ "Current fiscal year" means the fiscal year for which a particular calculation is made.

~~(c) (e)~~ "Dissolved district" means a district that loses its organization, has its territory attached to 1 or more other districts, and is dissolved as provided under section 12 of the revised school code, MCL 380.12.

~~(d) (f)~~ "Immediately preceding fiscal year" means the fiscal year immediately preceding the current fiscal year.

~~(e) (g)~~ "Local portion of the district's foundation allowance" means an amount that is equal to the difference between (the sum of the product of the taxable value per membership pupil of all property in the district that is nonexempt property times the district's certified mills and, for a district with certified mills exceeding 12, the product of the taxable value per membership pupil of property in the district that is commercial personal property times the certified mills minus 12 mills) and (the quotient of the product of the captured assessed valuation under tax increment financing acts times the district's certified mills divided by the district's membership excluding special education pupils).

~~(h) "Local school operating revenue" means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy~~

Sec. 20d. In making the final determination required under former section 20a of a district's combined state and local revenue per membership pupil in 1993-94 and in making calculations under section 20 for ~~2021-2022~~, **2022-2023**, the department and the department of treasury shall comply with all of the following:

(a) For a district that had combined state and local revenue per membership pupil in the 1994-95 fiscal year of \$6,500.00 or more and served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, total state school aid received by or paid on behalf of the district under this act in 1993-94 excludes payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services to the area vocational education center. Not later than June 30, 1996, the department shall make an adjustment under this subdivision to the district's combined state and local revenue per membership pupil in the 1994-95 fiscal year and the department of treasury shall make a final certification of the number of mills that may be levied by the district under

1 section 1211 of the revised school code, MCL 380.1211, as a result
2 of the adjustment under this subdivision.

3 (b) If a district had an adjustment made to its 1993-94 total
4 state school aid that excluded payments made under former section
5 146 and under section 147 on behalf of the district's employees who
6 provided direct services for intermediate district center programs
7 operated by the district under former section 51 and sections 51a
8 to 56, if nonresident pupils attending the center programs were
9 included in the district's membership for purposes of calculating
10 the combined state and local revenue per membership pupil for 1993-
11 94, and if there is a signed agreement by all constituent districts
12 of the intermediate district agreeing to an adjustment under this
13 subdivision, the department shall calculate the foundation
14 allowances for 1995-96 and 1996-97 of all districts that had pupils
15 attending the intermediate district center program operated by the
16 district that had the adjustment as if their combined state and
17 local revenue per membership pupil for 1993-94 included resident
18 pupils attending the center program and excluded nonresident pupils
19 attending the center program.

20 Sec. 20f. (1) From the state school aid fund money
21 appropriated in section 11, there is allocated an amount not to
22 exceed \$18,000,000.00 for ~~2021-2022~~**2022-2023** for payments to
23 eligible districts under this section.

24 (2) The funding under this subsection is from the allocation
25 under subsection (1). A district is eligible for funding under this
26 subsection if the district received a payment under this section as
27 it was in effect for 2013-2014. A district was eligible for funding
28 in 2013-2014 if the sum of the following was less than \$5.00:

29 (a) The increase in the district's foundation allowance or

1 per-pupil payment as calculated under section 20 from 2012-2013 to
2 2013-2014.

3 (b) The district's equity payment per membership pupil under
4 former section 22c for 2013-2014.

5 (c) The quotient of the district's allocation under section
6 147a for 2012-2013 divided by the district's membership pupils for
7 2012-2013 minus the quotient of the district's allocation under
8 section 147a for 2013-2014 divided by the district's membership
9 pupils for 2013-2014.

10 (3) The amount allocated to each eligible district under
11 subsection (2) is an amount per membership pupil equal to the
12 amount per membership pupil the district received under this
13 section in 2013-2014.

14 (4) The funding under this subsection is from the allocation
15 under subsection (1). A district is eligible for funding under this
16 subsection if the sum of the following is less than \$25.00:

17 (a) The increase in the district's foundation allowance or
18 per-pupil payment as calculated under section 20 from 2014-2015 to
19 2015-2016.

20 (b) The decrease in the district's best practices per-pupil
21 funding under former section 22f from 2014-2015 to 2015-2016.

22 (c) The decrease in the district's pupil performance per-pupil
23 funding under former section 22j from 2014-2015 to 2015-2016.

24 (d) The quotient of the district's allocation under section
25 31a for 2015-2016 divided by the district's membership pupils for
26 2015-2016 minus the quotient of the district's allocation under
27 section 31a for 2014-2015 divided by the district's membership
28 pupils for 2014-2015.

29 (5) The amount allocated to each eligible district under

subsection (4) is an amount per membership pupil equal to \$25.00 minus the sum of the following:

(a) The increase in the district's foundation allowance or per-pupil payment as calculated under section 20 from 2014-2015 to 2015-2016.

(b) The decrease in the district's best practices per-pupil funding under former section 22f from 2014-2015 to 2015-2016.

(c) The decrease in the district's pupil performance per-pupil funding under former section 22j from 2014-2015 to 2015-2016.

(d) The quotient of the district's allocation under section 31a for 2015-2016 divided by the district's membership pupils for 2015-2016 minus the quotient of the district's allocation under section 31a for 2014-2015 divided by the district's membership pupils for 2014-2015.

(6) If the allocation under subsection (1) is insufficient to fully fund payments under subsections (3) and (5) as otherwise calculated under this section, the department shall prorate payments under this section on an equal per-pupil basis.

Sec. 20m. (1) Foundation allowance supplemental payments for the current fiscal year to **qualifying** districts ~~that in the immediately preceding fiscal year had a foundation allowance greater than the target foundation allowance~~ **with an adjustment to their foundation allowance from fiscal year 2020-2021 to the current fiscal year that is less than the adjustment in the target foundation allowance from fiscal year 2020-2021 to the current fiscal year** must be calculated under this section.

(2) The per-pupil allocation to each **qualifying** district under this section is the difference between the dollar amount of the adjustment from ~~the immediately preceding fiscal year~~ **2020-2021** to

1 the current fiscal year in the target foundation allowance minus
 2 the dollar amount of the adjustment from ~~the immediately preceding~~
 3 fiscal year **2020-2021** to the current fiscal year in a qualifying
 4 district's foundation allowance.

5 (3) If a district's local revenue per pupil does not exceed
 6 the sum of its foundation allowance under section 20 plus the per-
 7 pupil allocation under subsection (2), the total payment to the
 8 district calculated under this section is the product of the per-
 9 pupil allocation under subsection (2) multiplied by the district's
 10 membership, excluding special education pupils. If a district's
 11 local revenue per pupil exceeds ~~the-its~~ foundation allowance under
 12 section 20 but does not exceed the sum of ~~the-its~~ foundation
 13 allowance under section 20 plus the per-pupil allocation under
 14 subsection (2), the total payment to the district calculated under
 15 this section is the product of the difference between the sum of
 16 ~~the-its~~ foundation allowance under section 20 plus the per-pupil
 17 allocation under subsection (2) minus the local revenue per pupil
 18 multiplied by the district's membership, excluding special
 19 education pupils. If a district's local revenue per pupil exceeds
 20 the sum of ~~the-its~~ foundation allowance under section 20 plus the
 21 per-pupil allocation under subsection (2), there is no payment
 22 calculated under this section for the district.

23 (4) Payments to districts must not be made under this section.
 24 Rather, the calculations under this section are used to determine
 25 the amount of state payments that are made under section 22b.

26 (5) As used in this section, "qualifying district" means a
 27 district where the millage limitation in section 1211(3) of the
 28 revised school code, MCL 380.1211, is applied due to the increase
 29 in the target foundation allowance from the immediately preceding

1 fiscal year to the current fiscal year exceeding the percentage
2 increase in the general price level in the immediately preceding
3 calendar year applied to the district's immediately preceding
4 fiscal year foundation allowance.

5 Sec. 21b. (1) Subject to subsections (2) and (3), a district
6 shall use funds received under section 22a or 22b to support the
7 attendance of a district pupil who is an eligible student at an
8 eligible postsecondary institution under the postsecondary
9 enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, or
10 under the career and technical preparation act, 2000 PA 258, MCL
11 388.1901 to 388.1913, by paying eligible charges on behalf of the
12 district pupil as required under those acts.

13 (2) A district is not required to pay transportation costs,
14 parking costs, or activity fees on behalf of an eligible student
15 for attendance at an eligible postsecondary institution as
16 described in subsection (1).

17 (3) A district may pay more money to an eligible postsecondary
18 institution on behalf of an eligible student than required under
19 the postsecondary enrollment options act, 1996 PA 160, MCL 388.511
20 to 388.524, or the career and technical preparation act, 2000 PA
21 258, MCL 388.1901 to 388.1913, and may use local school operating
22 revenue for that purpose. An eligible student is responsible for
23 payment of the remainder of the costs associated with his or her
24 postsecondary enrollment that exceed the amount the district is
25 required to pay under the postsecondary enrollment options act,
26 1996 PA 160, MCL 388.511 to 388.524, or the career and technical
27 preparation act, 2000 PA 258, MCL 388.1901 to 388.1913, and that
28 are not paid by the district. As used in this subsection, "local
29 school operating revenue" means that term as defined in section

1 ~~20-22b.~~

2 (4) As used in this section, "eligible student" and "eligible
3 postsecondary institution" mean those terms as defined in section 3
4 of the postsecondary enrollment options act, 1996 PA 160, MCL
5 388.511 to 388.524, or in section 3 of the career and technical
6 preparation act, 2000 PA 258, MCL 388.1903, as applicable.

7 Sec. 21f. (1) A primary district shall enroll an eligible
8 pupil in virtual courses in accordance with the provisions of this
9 section. A primary district shall not offer a virtual course to an
10 eligible pupil unless the virtual course is published in the
11 primary district's catalog of board-approved courses or in the
12 statewide catalog of virtual courses maintained by the Michigan
13 Virtual University pursuant to section 98. The primary district
14 shall also provide on its publicly accessible website a link to the
15 statewide catalog of virtual courses maintained by the Michigan
16 Virtual University. Unless the pupil is at least age 18 or is an
17 emancipated minor, a pupil must not be enrolled in a virtual course
18 **that meets virtually for more than 15 days each school year** without
19 the consent of the pupil's parent or legal guardian.

20 (2) Subject to subsection (3), a primary district shall enroll
21 an eligible pupil in up to 2 virtual courses as requested by the
22 pupil during an academic term, semester, or trimester.

23 (3) A pupil may be enrolled in more than 2 virtual courses in
24 a specific academic term, semester, or trimester if all of the
25 following conditions are met:

26 (a) The primary district has determined that it is in the best
27 interest of the pupil.

28 (b) The pupil agrees with the recommendation of the primary
29 district.

~~(c) The primary district, in collaboration with the pupil, has developed an education development plan, in a form and manner specified by the department, that is kept on file by the district. This subdivision does not apply to a pupil enrolled as a part-time pupil under section 166b.~~

(4) If the number of applicants eligible for acceptance in a virtual course does not exceed the capacity of the provider to provide the virtual course, the provider shall accept for enrollment all of the applicants eligible for acceptance. If the number of applicants exceeds the provider's capacity to provide the virtual course, the provider shall use a random draw system, subject to the need to abide by state and federal antidiscrimination laws and court orders. A primary district that is also a provider shall determine whether or not it has the capacity to accept applications for enrollment from nonresident applicants in virtual courses and may use that limit as the reason for refusal to enroll a nonresident applicant.

(5) A primary district may not establish additional requirements beyond those specified in this subsection that would prohibit a pupil from taking a virtual course. A pupil's primary district may deny the pupil enrollment in a virtual course if any of the following apply, as determined by the district:

(a) The pupil is enrolled in any of grades K to 5.

(b) The pupil has previously gained the credits that would be provided from the completion of the virtual course.

(c) The virtual course is not capable of generating academic credit.

(d) The virtual course is inconsistent with the remaining graduation requirements or career interests of the pupil.

1 (e) The pupil has not completed the prerequisite coursework
2 for the requested virtual course or has not demonstrated
3 proficiency in the prerequisite course content.

4 (f) The pupil has failed a previous virtual course in the same
5 subject during the 2 most recent academic years.

6 (g) The virtual course is of insufficient quality or rigor. A
7 primary district that denies a pupil enrollment request for this
8 reason shall enroll the pupil in a virtual course in the same or a
9 similar subject that the primary district determines is of
10 acceptable rigor and quality.

11 (h) The cost of the virtual course exceeds the amount
12 identified in subsection (10), unless the pupil or the pupil's
13 parent or legal guardian agrees to pay the cost that exceeds this
14 amount.

15 (i) The request for a virtual course enrollment did not occur
16 within the same timelines established by the primary district for
17 enrollment and schedule changes for regular courses.

18 (j) The request for a virtual course enrollment was not made
19 in the academic term, semester, trimester, or summer preceding the
20 enrollment. This subdivision does not apply to a request made by a
21 pupil who is newly enrolled in the primary district.

22 (6) If a pupil is denied enrollment in a virtual course by the
23 pupil's primary district, the primary district shall provide
24 written notification to the pupil of the denial, the reason or
25 reasons for the denial under subsection (5), and a description of
26 the appeal process. The pupil may appeal the denial by submitting a
27 letter to the superintendent of the intermediate district in which
28 the pupil's primary district is located. The letter of appeal must
29 include the reason provided by the primary district for not

1 enrolling the pupil and the reason why the pupil is claiming that
2 the enrollment should be approved. The intermediate district
3 superintendent or designee shall respond to the appeal within 5
4 days after it is received. If the intermediate district
5 superintendent or designee determines that the denial of enrollment
6 does not meet 1 or more of the reasons specified in subsection (5),
7 the primary district shall enroll the pupil in the virtual course.

8 (7) To provide a virtual course to an eligible pupil under
9 this section, a provider must do all of the following:

10 (a) Ensure that the virtual course has been published in the
11 pupil's primary district's catalog of board-approved courses or
12 published in the statewide catalog of virtual courses maintained by
13 the Michigan Virtual University.

14 (b) Assign to each pupil a teacher of record and provide the
15 primary district with the personnel identification code assigned by
16 the center for the teacher of record. If the provider is a
17 community college, the virtual course must be taught by an
18 instructor employed by or contracted through the providing
19 community college.

20 (c) Offer the virtual course on an open entry and exit method,
21 or aligned to a semester, trimester, or accelerated academic term
22 format.

23 (d) If the virtual course is offered to eligible pupils in
24 more than 1 district, the following additional requirements must
25 also be met:

26 (i) Provide the Michigan Virtual University with a course
27 syllabus that meets the definition under subsection (14)(g) in a
28 form and manner prescribed by the Michigan Virtual University for
29 inclusion in a statewide catalog of virtual courses.

1 (ii) Not later than October 1 of each fiscal year, provide the
2 Michigan Virtual University with an aggregated count of enrollments
3 for each virtual course the provider delivered to pupils under this
4 section during the immediately preceding school year, and the
5 number of enrollments in which the pupil earned 60% or more of the
6 total course points for each virtual course.

7 (8) To provide a virtual course under this section, a
8 community college shall ensure that each virtual course it provides
9 under this section generates postsecondary credit.

10 (9) For any virtual course a pupil enrolls in under this
11 section, the pupil's primary district must assign to the pupil a
12 mentor and shall supply the provider with the mentor's contact
13 information.

14 (10) For a pupil enrolled in 1 or more virtual courses, the
15 primary district shall use foundation allowance or per-pupil funds
16 calculated under section 20 to pay for the expenses associated with
17 the virtual course or courses. A primary district is not required
18 to pay toward the cost of a virtual course an amount that exceeds
19 6.67% of the ~~minimum~~-**target** foundation allowance for the current
20 fiscal year as calculated under section 20.

21 (11) A virtual learning pupil has the same rights and access
22 to technology in his or her primary district's school facilities as
23 all other pupils enrolled in the pupil's primary district. The
24 department shall establish standards for hardware, software, and
25 internet access for pupils who are enrolled in more than 2 virtual
26 courses under this section in an academic term, semester, or
27 trimester taken at a location other than a school facility.

28 (12) If a pupil successfully completes a virtual course, as
29 determined by the pupil's primary district, the pupil's primary

1 district shall grant appropriate academic credit for completion of
 2 the course and shall count that credit toward completion of
 3 graduation and subject area requirements. A pupil's school record
 4 and transcript must identify the virtual course title as it appears
 5 in the virtual course syllabus.

6 (13) The enrollment of a pupil in 1 or more virtual courses
 7 must not result in a pupil being counted as more than 1.0 full-time
 8 equivalent pupils under this article. The minimum requirements to
 9 count the pupil in membership are those established by the pupil
 10 accounting manual as it was in effect for the 2015-2016 school year
 11 or as subsequently amended by the department if the department
 12 notifies the legislature about the proposed amendment at least 60
 13 days before the amendment becomes effective.

14 (14) As used in this section:

15 (a) "Instructor" means an individual who is employed by or
 16 contracted through a community college.

17 (b) "Mentor" means a professional employee of the primary
 18 district who monitors the pupil's progress, ensures the pupil has
 19 access to needed technology, is available for assistance, and
 20 ensures access to the teacher of record. A mentor may also serve as
 21 the teacher of record if the primary district is the provider for
 22 the virtual course and the mentor meets the requirements under
 23 subdivision (e).

24 (c) "Primary district" means the district that enrolls the
 25 pupil and reports the pupil for pupil membership purposes.

26 (d) "Provider" means the district, intermediate district, ~~or~~

 28 primary district pays to provide the virtual course or the Michigan
 29 Virtual University if it is providing the virtual course. ~~Beginning~~

~~on the first day of the 2020-2021 school year through August 31, 2021, "provider" also includes any other institution or individual that the primary district pays to provide the virtual course.~~

- 13 instructor or teacher of record.

- 15 titles and course codes from the National Center for Education
- 16 Statistics (NCES) school codes for the exchange of data (SCED).
- 17 (xi) The number of eligible pupils that will be accepted by the
- 18 provider in the virtual course. A primary district that is also the

- 22 the guidelines and model review process published by the Michigan
- 23 Virtual University.

- 26 Sec. 21h. (1) From the state school aid fund money
- 27 appropriated in section 11, there is allocated \$6,137,400.00 for
- 28 ~~2021-2022-2022-2023~~ for assisting districts assigned by the
- 29 superintendent to participate in a partnership and districts that

1 have established a community engagement advisory committee in
2 partnership with the department of treasury, are required to submit
3 a deficit elimination plan or an enhanced deficit elimination plan
4 under section 1220 of the revised school code, MCL 380.1220, and
5 are located in a city with a population between 9,000 and 11,000,
6 as determined by the department, that is in a county with a
7 population between 150,000 and 160,000, as determined by the
8 department, to improve student achievement and district financial
9 stability. The superintendent shall collaborate with the state
10 treasurer to identify any conditions that may be contributing to
11 low academic performance within a district being considered for
12 assignment to a partnership. The purpose of the partnership is to
13 identify district needs, develop intervention plans, and partner
14 with public, private, and nonprofit organizations to coordinate
15 resources and improve student achievement. Assignment of a district
16 to a partnership is made by the superintendent in consultation with
17 the state treasurer.

18 (2) A district described in subsection (1) is eligible for
19 funding under this section if the district includes at least 1
20 school that has been identified as low performing under the
21 approved federal accountability system or the state accountability
22 system. A district described in this subsection must do all of the
23 following to be eligible for funding under this section:

24 (a) For a partnership district under this section, within 90
25 days of assignment to the partnership described in this section,
26 and for a district described in subsection (1) that is not a
27 partnership district under this section, by October 15 of each
28 year, complete a comprehensive needs assessment or evaluation in
29 collaboration with an intermediate district, community members,

1 education organizations, and postsecondary institutions, as
2 applicable, that is approved by the superintendent. The
3 comprehensive needs assessment or evaluation must include at least

9 and educator capacity to substantially improve student outcomes.

10 (iii) A review of classroom, instructional, and operational
11 practices and curriculum to ensure alignment with research-based
12 instructional practices and state curriculum standards.

13 (b) Develop an academic and financial operating or
14 intervention plan that has been approved by the superintendent and
15 that addresses the needs identified in the comprehensive needs
16 assessment or evaluation completed under subdivision (a). The
17 intervention plan must include at least all of the following:

18 (i) Specific actions that will be taken by the district and
19 each of its partners to improve student achievement.

20 (ii) Specific measurable benchmarks that will be met within 18
21 months to improve student achievement and identification of
22 expected student achievement outcomes to be attained within 3 years
23 after assignment to the partnership.

24 (c) Craft academic goals that put pupils on track to meet or
25 exceed grade level proficiency.

26 (3) Upon approval of the academic and financial operating or
27 intervention plan developed under subsection (2), the department,
28 in collaboration with the department of treasury, shall assign a
29 team of individuals with expertise in comprehensive school and

1 district reform to partner with the district, the intermediate
2 district, community organizations, education organizations, and
3 postsecondary institutions identified in the academic and financial
4 operating or intervention plan to review the district's use of
5 existing financial resources to ensure that those resources are
6 being used as efficiently and effectively as possible to improve
7 student academic achievement and to ensure district financial
8 stability. The superintendent of public instruction may waive
9 burdensome administrative rules for a partnership district for the
10 duration of the partnership agreement and for a district described
11 in subsection (1) that is not a partnership district under this
12 section and that receives funding under this section in the current
13 fiscal year.

14 (4) Funds allocated under this section, excluding funds
15 allocated under subsection (5), may be used to pay for district
16 expenditures approved by the superintendent to improve student
17 achievement. Funds may be used for professional development for
18 teachers or district or school leadership, increased instructional
19 time, teacher mentors, or other expenditures that directly impact
20 student achievement and cannot be paid from existing district
21 financial resources. An eligible district must not receive funds
22 under this section for more than 3 years. Notwithstanding section
23 17b, the department shall make payments to districts under this
24 section on a schedule determined by the department.

25 (5) From the funds allocated under subsection (1), there is
26 allocated for ~~2021-2022~~**2022-2023** an amount not to exceed
27 \$137,400.00 for the purchase of a data analytics tool to be used by
28 districts described in subsection (1). The superintendent of public
29 instruction shall require districts described in subsection (1) to

1 purchase a data analytics tool funded under this subsection as part
2 of the agreements described in this section.

3 (6) The department, in consultation with the department of
4 treasury, shall annually report to the legislature on the
5 activities funded under this section and how those activities
6 impacted student achievement in districts that received funds under
7 this section. To the extent possible, participating districts
8 receiving funding under this section shall participate in the
9 report.

10 Sec. 22a. (1) From the state school aid fund money
11 appropriated in section 11, there is allocated an amount not to
12 exceed ~~\$4,836,000,000.00~~ **\$4,742,000,000.00** for ~~2020-2021~~ **2021-2022**
13 and there is allocated an amount not to exceed ~~\$4,742,000,000.00~~
14 **\$4,421,000,000.00** for ~~2021-2022~~ **2022-2023** for payments to districts
15 and qualifying public school academies to guarantee each district
16 and qualifying public school academy an amount equal to its 1994-95
17 total state and local per-pupil revenue for school operating
18 purposes under section 11 of article IX of the state constitution
19 of 1963. Pursuant to section 11 of article IX of the state
20 constitution of 1963, this guarantee does not apply to a district
21 in a year in which the district levies a millage rate for school
22 district operating purposes less than it levied in 1994. However,
23 subsection (2) applies to calculating the payments under this
24 section. Funds allocated under this section that are not expended
25 in the fiscal year for which they were allocated, as determined by
26 the department, may be used to supplement the allocations under
27 sections 22b and 51c to fully fund those allocations for the same
28 fiscal year. For each fund transfer as described in the immediately
29 preceding sentence that occurs, the state budget director shall

1 send notification of the transfer to the house and senate
2 appropriations subcommittees on state school aid and the house and
3 senate fiscal agencies by not later than 14 calendar days after the
4 transfer occurs.

5 (2) To ensure that a district receives an amount equal to the
6 district's 1994-95 total state and local per-pupil revenue for
7 school operating purposes, there is allocated to each district a
8 state portion of the district's 1994-95 foundation allowance in an
9 amount calculated as follows:

10 (a) Except as otherwise provided in this subsection, the state
11 portion of a district's 1994-95 foundation allowance is an amount
12 equal to the district's 1994-95 foundation allowance or \$6,500.00,
13 whichever is less, minus the difference between the sum of the
14 product of the taxable value per membership pupil of all property
15 in the district that is nonexempt property times the district's
16 certified mills and, for a district with certified mills exceeding
17 12, the product of the taxable value per membership pupil of
18 property in the district that is commercial personal property times
19 the certified mills minus 12 mills and the quotient of the ad
20 valorem property tax revenue of the district captured under tax
21 increment financing acts divided by the district's membership. For
22 a district that has a millage reduction required under section 31
23 of article IX of the state constitution of 1963, the department
24 shall calculate the state portion of the district's foundation
25 allowance as if that reduction did not occur. For a receiving
26 district, if school operating taxes are to be levied on behalf of a
27 dissolved district that has been attached in whole or in part to
28 the receiving district to satisfy debt obligations of the dissolved
29 district under section 12 of the revised school code, MCL 380.12,

1 taxable value per membership pupil of all property in the receiving
2 district that is nonexempt property and taxable value per
3 membership pupil of property in the receiving district that is
4 commercial personal property do not include property within the
5 geographic area of the dissolved district; ad valorem property tax
6 revenue of the receiving district captured under tax increment
7 financing acts does not include ad valorem property tax revenue
8 captured within the geographic boundaries of the dissolved district
9 under tax increment financing acts; and certified mills do not
10 include the certified mills of the dissolved district. For a
11 community district, the department shall reduce the allocation as
12 otherwise calculated under this section by an amount equal to the
13 amount of local school operating tax revenue that would otherwise
14 be due to the community district if not for the operation of
15 section 386 of the revised school code, MCL 380.386, and the amount
16 of this reduction is offset by the increase in funding under
17 section 22b(2).

18 (b) For a district that had a 1994-95 foundation allowance
19 greater than \$6,500.00, the state payment under this subsection is
20 the sum of the amount calculated under subdivision (a) plus the
21 amount calculated under this subdivision. The amount calculated
22 under this subdivision must be equal to the difference between the
23 district's 1994-95 foundation allowance minus \$6,500.00 and the
24 current year hold harmless school operating taxes per pupil. If the
25 result of the calculation under subdivision (a) is negative, the
26 negative amount is an offset against any state payment calculated
27 under this subdivision. If the result of a calculation under this
28 subdivision is negative, there is not a state payment or a
29 deduction under this subdivision. The taxable values per membership

pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under tax increment financing acts divided by the district's membership. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, ad valorem property tax revenue captured under tax increment financing acts do not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts.

(3) For pupils in membership in a qualifying public school academy, there is allocated under this section to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy an amount equal to the 1994-95 per-pupil payment to the qualifying public school academy under section 20.

(4) A district or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district or qualifying public school academy otherwise would be eligible.

(5) Except as otherwise provided in this subsection, for a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district's 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation is the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total

1 membership in the resulting district in the fiscal year in which
2 the consolidation takes place who reside in the geographic area of
3 each of the original districts. If an affected district's 1994-95
4 foundation allowance is less than the 1994-95 basic foundation
5 allowance, the amount of that district's 1994-95 foundation
6 allowance is considered for the purpose of calculations under this
7 subsection to be equal to the amount of the 1994-95 basic
8 foundation allowance. This subsection does not apply to a receiving
9 district unless there is a subsequent consolidation or annexation
10 that affects the district.

11 (6) Payments under this section are subject to section 25g.

12 (7) As used in this section:

13 (a) "1994-95 foundation allowance" means a district's 1994-95
14 foundation allowance calculated and certified by the department of
15 treasury or the superintendent under former section 20a as enacted
16 in 1993 PA 336 and as amended by 1994 PA 283.

17 (b) "Certified mills" means the lesser of 18 mills or the
18 number of mills of school operating taxes levied by the district in
19 1993-94.

20 (c) "Current fiscal year" means the fiscal year for which a
21 particular calculation is made.

22 (d) "Current year hold harmless school operating taxes per
23 pupil" means the per-pupil revenue generated by multiplying a
24 district's 1994-95 hold harmless millage by the district's current
25 year taxable value per membership pupil. For a receiving district,
26 if school operating taxes are to be levied on behalf of a dissolved
27 district that has been attached in whole or in part to the
28 receiving district to satisfy debt obligations of the dissolved
29 district under section 12 of the revised school code, MCL 380.12,

1 taxable value per membership pupil does not include the taxable
2 value of property within the geographic area of the dissolved
3 district.

4 (e) "Dissolved district" means a district that loses its
5 organization, has its territory attached to 1 or more other
6 districts, and is dissolved as provided under section 12 of the
7 revised school code, MCL 380.12.

8 (f) "Hold harmless millage" means, for a district with a 1994-
9 95 foundation allowance greater than \$6,500.00, the number of mills
10 by which the exemption from the levy of school operating taxes on a
11 principal residence, qualified agricultural property, qualified
12 forest property, supportive housing property, industrial personal
13 property, commercial personal property, and property occupied by a
14 public school academy could be reduced as provided in section 1211
15 of the revised school code, MCL 380.1211, and the number of mills
16 of school operating taxes that could be levied on all property as
17 provided in section 1211(2) of the revised school code, MCL
18 380.1211, as certified by the department of treasury for the 1994
19 tax year. For a receiving district, if school operating taxes are
20 to be levied on behalf of a dissolved district that has been
21 attached in whole or in part to the receiving district to satisfy
22 debt obligations of the dissolved district under section 12 of the
23 revised school code, MCL 380.12, school operating taxes do not
24 include school operating taxes levied within the geographic area of
25 the dissolved district.

26 (g) "Membership" means the definition of that term under
27 section 6 as in effect for the particular fiscal year for which a
28 particular calculation is made.

29 (h) "Nonexempt property" means property that is not a

principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, commercial personal property, or property occupied by a public school academy.

(i) "Principal residence", "qualified agricultural property", "qualified forest property", "supportive housing property", "industrial personal property", and "commercial personal property" mean those terms as defined in section 1211 of the revised school code, MCL 380.1211.

(j) "Qualifying public school academy" means a public school academy that was in operation in the 1994-95 school year and is in operation in the current fiscal year.

(k) "Receiving district" means a district to which all or part of the territory of a dissolved district is attached under section 12 of the revised school code, MCL 380.12.

(l) "School operating taxes" means local ad valorem property taxes levied under section 1211 of the revised school code, MCL 380.1211, and retained for school operating purposes as defined in section 20.

(m) "Tax increment financing acts" means parts 2, 3, 4, and 6 of the recodified tax increment financing act, 2018 PA 57, MCL 125.4201 to 125.4420 and 125.4602 to 125.4629, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2670.

(n) "Taxable value per membership pupil" means each of the following divided by the district's membership:

(i) For the number of mills by which the exemption from the levy of school operating taxes on a principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, commercial personal

property, and property occupied by a public school academy may be reduced as provided in section 1211 of the revised school code, MCL 380.1211, the taxable value of principal residence, qualified agricultural property, qualified forest property, supportive housing property, industrial personal property, commercial personal property, and property occupied by a public school academy for the calendar year ending in the current fiscal year. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, mills do not include mills within the geographic area of the dissolved district.

(ii) For the number of mills of school operating taxes that may be levied on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, the taxable value of all property for the calendar year ending in the current fiscal year. Sec. 22b. (1) For discretionary nonmandated payments to districts under this section, there is allocated for ~~2020-2021~~ **2021-2022** an amount not to exceed ~~\$4,478,200,000.00~~ **\$5,132,000,000.00** from the state school aid fund and general fund appropriations in section 11 and an amount not to exceed

1 ~~\$79,800,000.00~~ **\$72,000,000.00** from the community district education
 2 trust fund appropriation in section 11, and there is allocated for
 3 ~~2021-2022-2022-2023~~ an amount not to exceed ~~\$5,132,000,000.00~~
 4 **\$5,722,268,100.00** from the state school aid fund and general fund
 5 appropriations in section 11 and an amount not to exceed
 6 \$72,000,000.00 from the community district education trust fund
 7 appropriation in section 11. Of the funds allocated under this
 8 section for 2021-2022, ~~\$13,600,000.00~~ **\$14,000,000.00** represents the
 9 amount of the general fund revenue deposited into the state school
 10 aid fund to reimburse the state school aid fund for community
 11 district education trust fund costs in excess of \$72,000,000.00. **Of**
 12 **the funds allocated under this section for 2022-2023,**
 13 **\$16,700,000.00 represents the amount of the general fund revenue**
 14 **deposited into the state school aid fund to reimburse the state**
 15 **school aid fund for community district education trust fund costs**
 16 **in excess of \$72,000,000.00. If the amount allocated under this**
 17 **subsection from the community district education trust fund**
 18 **appropriation under section 11 is insufficient to pay for an**
 19 **increase under this section, any amount exceeding that allocation**
 20 **may be paid from other allocations under this subsection.** Except
 21 for money allocated under this section from the community district
 22 education trust fund appropriation in section 11, funds allocated
 23 under this section that are not expended in the fiscal year for
 24 which they were allocated, as determined by the department, may be
 25 used to supplement the allocations under sections 22a and 51c to
 26 fully fund those allocations for the same fiscal year. For each
 27 fund transfer as described in the immediately preceding sentence
 28 that occurs, the state budget director shall send notification of
 29 the transfer to the house and senate appropriations subcommittees

1 on state school aid and the house and senate fiscal agencies by not
2 later than 14 calendar days after the transfer occurs.

3 (2) Subject to subsection (3) and section 296, the allocation
4 to a district under this section is an amount equal to the sum of
5 the amounts calculated under sections 20, 20m, 51a(2), 51a(3), and
6 51a(11), minus the sum of the allocations to the district under
7 sections 22a and 51c. For a community district, the allocation as
8 otherwise calculated under this section is increased by an amount
9 equal to the amount of local school operating tax revenue that
10 would otherwise be due to the community district if not for the
11 operation of section 386 of the revised school code, MCL 380.386,
12 and this increase must be paid from the community district
13 education trust fund allocation in subsection (1) in order to
14 offset the absence of local school operating revenue in a community
15 district in the funding of the state portion of the foundation
16 allowance under section 20(4).

17 (3) In order to receive an allocation under subsection (1),
18 each district must do all of the following:

19 (a) Comply with section 1280b of the revised school code, MCL
20 380.1280b.

21 (b) Comply with sections 1278a and 1278b of the revised school
22 code, MCL 380.1278a and 380.1278b.

23 (c) Furnish data and other information required by state and
24 federal law to the center and the department in the form and manner
25 specified by the center or the department, as applicable.

26 (d) Comply with section 1230g of the revised school code, MCL
27 380.1230g.

28 (e) Comply with section 21f.

29 (f) For a district that has entered into a partnership

1 agreement with the department, comply with section 22p.

2 (4) Districts are encouraged to use funds allocated under this
3 section for the purchase and support of payroll, human resources,
4 and other business function software that is compatible with that
5 of the intermediate district in which the district is located and
6 with other districts located within that intermediate district.

7 (5) From the allocation in subsection (1), the department
8 shall pay up to \$1,000,000.00 in litigation costs incurred by this
9 state related to commercial or industrial property tax appeals,
10 including, but not limited to, appeals of classification, that
11 impact revenues dedicated to the state school aid fund.

12 (6) From the allocation in subsection (1), the department
13 shall pay up to \$1,000,000.00 in litigation costs incurred by this
14 state associated with lawsuits filed by 1 or more districts or
15 intermediate districts against this state. If the allocation under
16 this section is insufficient to fully fund all payments required
17 under this section, the payments under this subsection must be made
18 in full before any proration of remaining payments under this
19 section.

20 (7) It is the intent of the legislature that all
21 constitutional obligations of this state have been fully funded
22 under sections 22a, 31d, 51a, 51c, and 152a. If a claim is made by
23 an entity receiving funds under this article that challenges the
24 legislative determination of the adequacy of this funding or
25 alleges that there exists an unfunded constitutional requirement,
26 the state budget director may escrow or allocate from the
27 discretionary funds for nonmandated payments under this section the
28 amount as may be necessary to satisfy the claim before making any
29 payments to districts under subsection (2). If funds are escrowed,

1 the escrowed funds are a work project appropriation and the funds
2 are carried forward into the following fiscal year. The purpose of
3 the work project is to provide for any payments that may be awarded
4 to districts as a result of litigation. The work project is
5 completed upon resolution of the litigation.

6 (8) If the local claims review board or a court of competent
7 jurisdiction makes a final determination that this state is in
8 violation of section 29 of article IX of the state constitution of
9 1963 regarding state payments to districts, the state budget
10 director shall use work project funds under subsection (7) or
11 allocate from the discretionary funds for nonmandated payments
12 under this section the amount as may be necessary to satisfy the
13 amount owed to districts before making any payments to districts
14 under subsection (2).

15 (9) If a claim is made in court that challenges the
16 legislative determination of the adequacy of funding for this
17 state's constitutional obligations or alleges that there exists an
18 unfunded constitutional requirement, any interested party may seek
19 an expedited review of the claim by the local claims review board.
20 If the claim exceeds \$10,000,000.00, this state may remove the
21 action to the court of appeals, and the court of appeals has and
22 shall exercise jurisdiction over the claim.

23 (10) If payments resulting from a final determination by the
24 local claims review board or a court of competent jurisdiction that
25 there has been a violation of section 29 of article IX of the state
26 constitution of 1963 exceed the amount allocated for discretionary
27 nonmandated payments under this section, the legislature shall
28 provide for adequate funding for this state's constitutional
29 obligations at its next legislative session.

(11) If a lawsuit challenging payments made to districts related to costs reimbursed by federal title XIX Medicaid funds is filed against this state, then, for the purpose of addressing potential liability under such a lawsuit, the state budget director may place funds allocated under this section in escrow or allocate money from the funds otherwise allocated under this section, up to a maximum of 50% of the amount allocated in subsection (1). If funds are placed in escrow under this subsection, those funds are a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of the litigation. The work project is completed upon resolution of the litigation. In addition, this state reserves the right to terminate future federal title XIX Medicaid reimbursement payments to districts if the amount or allocation of reimbursed funds is challenged in the lawsuit. As used in this subsection, "title XIX" means title XIX of the social security act, 42 USC 1396 to 1396w-5.

(12) As used in this section, "local school operating revenue" means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, local school operating revenue does not include school operating taxes levied within the geographic area of the dissolved district.

Sec. 22c. From the state school aid fund money appropriated in section 11, there is allocated for ~~2021-2022~~**2022-2023** an amount

not to exceed \$3,000,000.00 for payments to eligible districts as provided under this section. The payment for an eligible district under this section must be in an amount per membership pupil equal to \$171.00. As used in this section:

(a) "Eligible district" means a district **that received payments under this section in the immediately preceding fiscal year and** for which the local school operating revenue per membership pupil **in the current fiscal year** exceeds the district's foundation allowance as calculated under section 20 **for the current fiscal year.**

(b) "Local school operating revenue" means that term as defined in section 22b.

(c) ~~(b)~~ "Local school operating revenue per membership pupil" means ~~that term as defined in section 20.~~ **a district's local school operating revenue divided by the district's membership excluding special education pupils.**

Sec. 22d. (1) From the state school aid fund money appropriated under section 11, an amount not to exceed ~~\$8,420,000.00~~ **\$8,841,000.00** is allocated for ~~2021-2022~~ **2022-2023** for supplemental payments to rural districts under this section.

(2) From the allocation under subsection (1), there is allocated for ~~2021-2022~~ **2022-2023** an amount not to exceed ~~\$1,557,300.00~~ **\$1,635,200.00** for payments under this subsection to **eligible** districts. **A district** that ~~meet~~ **meets** all of the following **is an eligible district under this subsection:**

(a) Operates grades K to 12.

(b) Has fewer than 250 pupils in membership.

(c) Each school building operated by the district meets at least 1 of the following:

(i) Is located in the Upper Peninsula at least 30 miles from any other public school building.

(ii) Is located on an island that is not accessible by bridge.

(3) The amount of the additional funding to each eligible district under subsection (2) is determined under a spending plan developed as provided in this subsection and approved by the superintendent of public instruction. The spending plan must be developed cooperatively by the intermediate superintendents of each intermediate district in which an eligible district is located. The intermediate superintendents shall review the financial situation of each eligible district, determine the minimum essential financial needs of each eligible district, and develop and agree on a spending plan that distributes the available funding under subsection (2) to the eligible districts based on those financial needs. The intermediate superintendents shall submit the spending plan to the superintendent of public instruction for approval. Upon approval by the superintendent of public instruction, the amounts specified for each eligible district under the spending plan are allocated under subsection (2) and must be paid to the eligible districts in the same manner as payments under section 22b.

(4) Subject to subsection (7), from the allocation in subsection (1), there is allocated for ~~2021-2022~~**2022-2023** an amount not to exceed ~~\$6,042,700.00~~**\$6,344,800.00** for payments under this subsection to districts that have fewer than 10.0 pupils per square mile as determined by the department.

(5) The funds allocated under subsection (4) are allocated as follows:

(a) An amount equal to ~~\$5,200,000.00~~**\$5,460,000.00** is allocated to districts with fewer than 8.0 pupils per square mile,

1 as determined by the department, on an equal per-pupil basis.

2 (b) The balance of the funding under subsection (4) is
3 allocated as follows:

4 (i) For districts with at least 8.0 but fewer than 9.0 pupils

22 within each of the regional data hubs must provide for the
23 actionable use of data by districts and intermediate districts
24 through common reports and dashboards and for efficiently providing
25 information to meet state and federal reporting purposes.

26 (7) Participation in a data hub region in the Michigan data

 8 is assigned by the superintendent of public instruction as a
 9 partnership district must have a signed 3-year partnership
 10 agreement with the department that includes all of the following:

11 (a) Measurable academic outcomes that the district or public
 12 school academy will achieve for each school operated by the
 13 district or public school academy that is subject to the
 14 partnership agreement after 18 months and after 36 months from the
 15 date the agreement was originally signed. Measurable academic
 16 outcomes under this subdivision must include all of the following:

17 (i) Outcomes that put pupils on track to meet or exceed grade
 18 level proficiency and that are based on district or public school
 19 academy needs identified as required under section 21h.

2 district as described in this subsection, accountability measures
3 under this subdivision must include the reconstitution of the
4 school. For a public school academy assigned as a partnership
5 district as described in this subsection, accountability measures
6 under this subdivision may include the reconstitution of the
7 school.

13 507, 528, or 561, as applicable, of the revised school code, MCL
14 380.507, 380.528, and 380.561.

15 (d) For a district assigned as a partnership district as
16 described in this subsection, a provision that, if reconstitution
17 is imposed on a school that is operated by the district and that is
18 subject to the partnership agreement, reconstitution may require
19 closure of the school building, but, if the school building remains
20 open, reconstitution must include, but is not limited to, all of
21 the following:

22 (i) The district shall make significant changes to the
23 instructional and noninstructional programming of the school based

3 instruction shall impose a second reconstitution plan.

4 (2) If a district or public school academy is assigned as a

11 the department shall withhold funding under section 22b for that
12 district or public school academy until the district or public
13 school academy has a signed partnership agreement as described in
14 subsection (1) in place.

15 Sec. 24. (1) From the state school aid fund money appropriated
16 in section 11, there is allocated for ~~2020-2021~~**2021-2022** an amount
17 not to exceed \$7,650,000.00 and there is allocated for ~~2021-2022~~
18 **2022-2023** an amount not to exceed \$7,650,000.00 for payments to the
19 educating district or intermediate district for educating pupils
20 assigned by a court or the department of health and human services
21 to reside in or to attend a juvenile detention facility or child
22 caring institution licensed by the department of health and human
23 services and approved by the department to provide an on-grounds
24 education program. The amount of the payment under this section to
25 a district or intermediate district is calculated as prescribed
26 under subsection (2).

27 (2) The department shall allocate the total amount allocated
28 under this section by paying to the educating district or
29 intermediate district an amount equal to the lesser of the

1 district's or intermediate district's added cost or the
2 department's approved per-pupil allocation for the district or
3 intermediate district. For the purposes of this subsection:

4 (a) "Added cost" means 100% of the added cost each fiscal year
5 for educating all pupils assigned by a court or the department of
6 health and human services to reside in or to attend a juvenile
7 detention facility or child caring institution licensed by the
8 department of health and human services or the department of
9 licensing and regulatory affairs and approved by the department to
10 provide an on-grounds education program. Added cost is computed by
11 deducting all other revenue received under this article for pupils
12 described in this section from total costs, as approved by the
13 department, in whole or in part, for educating those pupils in the
14 on-grounds education program or in a program approved by the
15 department that is located on property adjacent to a juvenile
16 detention facility or child caring institution. Costs reimbursed by
17 federal funds are not included.

18 (b) "Department's approved per-pupil allocation" for a
19 district or intermediate district is determined by dividing the
20 total amount allocated under this section for a fiscal year by the
21 full-time equated membership total for all pupils approved by the
22 department to be funded under this section for that fiscal year for
23 the district or intermediate district.

24 (3) A district or intermediate district educating pupils
25 described in this section at a residential child caring institution
26 may operate, and receive funding under this section for, a
27 department-approved on-grounds educational program for those pupils
28 that is longer than 181 days, but not longer than 233 days, if the
29 child caring institution was licensed as a child caring institution

1 and offered in 1991-92 an on-grounds educational program that was
2 longer than 181 days but not longer than 233 days and that was
3 operated by a district or intermediate district.

4 (4) Special education pupils funded under section 53a are not
5 funded under this section.

6 Sec. 24a. From the state school aid fund money appropriated in
7 section 11, there is allocated an amount not to exceed
8 \$1,355,700.00 for ~~2021-2022~~**2022-2023** for payments to intermediate
9 districts for pupils who are placed in juvenile justice service
10 facilities operated by the department of health and human services.
11 The amount of the payment to each intermediate district is an
12 amount equal to the state share of those costs that are clearly and
13 directly attributable to the educational programs for pupils placed
14 in facilities described in this section that are located within the
15 intermediate district's boundaries. The intermediate districts
16 receiving payments under this section shall cooperate with the
17 department of health and human services to ensure that all funding
18 allocated under this section is utilized by the intermediate
19 district and department of health and human services for
20 educational programs for pupils described in this section. Pupils
21 described in this section are not eligible to be funded under
22 section 24. However, a program responsibility or other fiscal
23 responsibility associated with these pupils must not be transferred
24 from the department of health and human services to a district or
25 intermediate district unless the district or intermediate district
26 consents to the transfer.

27 Sec. 25f. (1) From the state school aid fund money
28 appropriated in section 11, there is allocated an amount not to
29 exceed \$1,600,000.00 for ~~2021-2022~~**2022-2023** for payments to strict

discipline academies ~~established under sections 1311b to 1311m of~~
~~the revised school code, MCL 380.1311b to 380.1311m,~~ **and qualified**
districts, as provided under this section.

(2) In order to receive funding under this section, a strict
 discipline academy **or qualified district** must first comply with
 section 25e and use the pupil transfer process under that section
 for changes in enrollment as prescribed under that section.

(3) The total amount allocated to a strict discipline academy
or qualified district under this section must first be distributed
 as the lesser of the strict discipline academy's **or qualified**
district's added cost or the department's approved per-pupil
 allocation for the strict discipline academy **or qualified district**.
~~Any~~ **Subject to subsection (7), any** funds remaining after the first
 distribution must be distributed by prorating on an equal per-pupil
 membership basis, not to exceed a strict discipline academy's **or**
qualified district's added cost. However, the sum of the amounts
 received by a strict discipline academy **or qualified district** under
 this section and under section 24 must not exceed the product of
 the strict discipline academy's **or qualified district's** per-pupil
 allocation calculated under section 20 multiplied by the strict
 discipline academy's **or qualified district's** full-time equated
 membership. The department shall allocate funds to strict
 discipline academies **and qualified districts** under this section on
 a monthly basis. ~~For the purposes of this subsection:~~

~~(a) "Added cost" means 100% of the added cost each fiscal year~~
~~for educating all pupils enrolled and in regular daily attendance~~
~~at a strict discipline academy. Added cost must be computed by~~
~~deducting all other revenue received under this article for pupils~~
~~described in this subsection from total costs, as approved by the~~

~~department, in whole or in part, for educating those pupils in a strict discipline academy. The department shall include all costs including, but not limited to, educational costs, insurance, management fees, technology costs, legal fees, auditing fees, interest, pupil accounting costs, and any other administrative costs necessary to operate the program or to comply with statutory requirements. Costs reimbursed by federal funds are not included.~~

~~(b) "Department's approved per pupil allocation" for a strict discipline academy is determined by dividing the total amount allocated under this subsection for a fiscal year by the full-time equated membership total for all pupils approved by the department to be funded under this subsection for that fiscal year for the strict discipline academy.~~

(4) Special education pupils funded under section 53a are not funded under this section.

(5) If the funds allocated under this section are insufficient to fully fund the adjustments under subsection (3), the department shall prorate payments under this section on an equal per-pupil basis.

(6) The department shall make payments to **strict discipline academies and qualified** districts under this section according to the payment schedule under section 17b.

(7) **For purposes of this section, the pupil membership for the current fiscal year for a qualified district is the actual number of pupils that are in the custody of a county juvenile agency as described in subsection (8) (d).**

(8) **As used in this section:**

(a) **"Added cost" means 100% of the added cost each fiscal year for educating all pupils enrolled and in regular daily attendance**

1 at a strict discipline academy or qualified district. Added cost
2 must be computed by deducting all other revenue received under this
3 article for pupils described in this subdivision from total costs,
4 as approved by the department, in whole or in part, for educating
5 those pupils in a strict discipline academy or qualified district.
6 The department shall include all costs including, but not limited
7 to, educational costs, insurance, management fees, technology
8 costs, legal fees, auditing fees, interest, pupil accounting costs,
9 and any other administrative costs necessary to operate the program
10 or to comply with statutory requirements. Costs reimbursed by
11 federal funds are not included.

12 (b) "Department's approved per-pupil allocation" means, for a
13 strict discipline academy or qualified district, an amount equal to
14 the quotient of the total amount allocated under this section for a
15 fiscal year and the full-time equated membership total for all
16 pupils approved by the department to be funded under this section
17 for that fiscal year for the strict discipline academy or qualified
18 district.

19 (c) "Strict discipline academy" means a public school academy
20 established under sections 1311b to 1311m of the revised school
21 code, MCL 380.1311b to 380.1311m.

22 (d) "Qualified district" means a public school academy that is
23 not a strict discipline academy that enrolls individuals who are in
24 the custody of a county juvenile agency.

25 Sec. 25g. (1) From the state school aid fund money
26 appropriated in section 11, there is allocated an amount not to
27 exceed \$750,000.00 for ~~2021-2022~~**2022-2023** for the purposes of this
28 section. Except as otherwise provided in this section, if the
29 operation of the special membership counting provisions under

1 section 6(4) (dd) and the other membership counting provisions under
2 section 6(4) result in a pupil being counted as more than 1.0 FTE
3 in a fiscal year, then the payment made for the pupil under
4 sections 22a and 22b must not be based on more than 1.0 FTE for
5 that pupil, and that portion of the FTE that exceeds 1.0 is paid
6 under this section in an amount equal to that portion multiplied by
7 the educating district's foundation allowance or per-pupil payment
8 calculated under section 20.

9 (2) Special education pupils funded under section 53a are not
10 funded under this section.

11 (3) If the funds allocated under this section are insufficient
12 to fully fund the adjustments under subsection (1), the department
13 shall prorate payments under this section on an equal per-pupil
14 basis.

15 (4) The department shall make payments to districts under this
16 section according to the payment schedule under section 17b.

17 Sec. 25i. (1) From the general fund money appropriated in
18 section 11, there is allocated for ~~2021-2022~~**2022-2023** an amount
19 not to exceed ~~\$6,000,000.00~~**\$5,000,000.00** for an eligible
20 attendance recovery program as described in subsection (3). The
21 funds allocated under this section must be used to administer an
22 eligible attendance recovery program for all districts that opt
23 into the program to serve eligible pupils described in subsection
24 (2).

25 (2) A pupil who meets any of the following and who is enrolled
26 in a district that opts into the attendance recovery program funded
27 under this section is an eligible pupil under this section:

28 (a) The pupil did not engage in the district's remote
29 continuous education offerings in spring 2021.

1 (b) The pupil needs intervention based on his or her absences
2 or chronic absenteeism or consistent disengagement in classes.

3 (c) The pupil is in danger of failing 1 or more classes.

4 (d) The pupil is eligible under the McKinney-Vento

12 in the district's summer ~~2021-2022~~ educational offerings.

13 (3) An attendance recovery program that received funding under
14 this section in ~~2020-2021-2021-2022~~ is the eligible attendance
15 recovery program under this section.

16 (4) The provider chosen and designated by the department under
17 this section in ~~2020-2021-2021-2022~~ must continue to do all of the
18 following:

19 (a) Work with the department to notify districts about the
20 program and provide technical assistance to districts interested in
21 opting in.

22 (b) Work with each district to obtain contact information for
23 each eligible pupil.

24 (c) Provide outreach using differentiated treatment strategies
25 to pupils and families using multiple modalities that may include
26 phone, text, social media, email, and traditional mail, to find and
27 engage eligible pupils.

28 (d) Implement a culturally and linguistically responsive
29 outreach and support plan. Elements of the plan must include

1 differentiated outreach and ongoing coaching strategies to families
2 to ensure cultural and linguistic relevance.

3 (e) Use information about barriers to engagement gathered from
4 pupils and families to assign eligible pupils to an ongoing support
5 level. Ongoing support levels described in this subdivision must
6 include a minimum of 3 support tiers following the general design
7 of response to intervention (RTI) models.

8 (f) For eligible pupils and their families, provide a coach to
9 deliver interventions in accordance with the pupil's needs and the
10 framework of his or her assigned ongoing support level.

20 districts and intermediate districts under section 12 of the
21 Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for taxes

7 a public school or in a qualifying Michigan public preschool
8 program for at least 2 years for every year scholarships were
9 received under this section as a certified teacher beginning within
10 1 year after completion of the eligible educator preparation
11 program and the receipt of teacher certification, subject to
12 subsection (6) and guidance developed by the department.

13 (3) The department may continue to award a Michigan student

15 an individual initially eligible under subsection (2) who the
16 department determines meets all of the following continuing

5 for each semester he or she student teaches as described in this
6 section.

7 (5) The Michigan student teacher scholarship must be
8 distributed to eligible educator preparation programs on a timeline
9 determined by the department.

10 (6) If a Michigan student teacher scholarship recipient does
11 not maintain enrollment in an eligible educator preparation
12 program, does not successfully complete an eligible educator
13 preparation program, does not student teach as agreed, does not
14 work as a certified teacher in a public school or in a qualifying
15 Michigan public preschool program within a year after completing an
16 eligible educator preparation program and receiving a teacher
17 certification, or does not maintain employment in a public school
18 or in a qualifying Michigan public preschool program for at least 2
19 years for every year a scholarship was received, all scholarship
20 amounts received convert to a 0% interest loan that must be repaid
21 to this state. The amount of repayment must be reduced
22 proportionate to the number of years worked in a public school as a
23 certified teacher or in a qualifying Michigan public preschool
24 program out of the total number of years the recipient agreed to
25 work in public school as a certified teacher or in a qualifying
26 Michigan public preschool program. The department shall develop
27 guidance to enforce this subsection. This guidance may include
28 hardship provisions that allow a loan to be reduced or discharged.

24 exceed \$5,000,000.00 to 1 eligible vendor to continue providing
25 student-transportation services to districts and intermediate
26 districts.

27 (2) To receive funding under this section, a vendor must apply
28 for the funding in a form and manner prescribed by the department.

29 (3) An eligible vendor that receives funding under this

1 section shall use the funding for the provision of student-

17 Sec. 28. (1) To recognize differentiated instructional costs
 18 for different types of pupils in ~~2021-2022~~, **2022-2023**, the
 19 following sections provide a weighted foundation allocation or an
 20 additional payment of some type in the following amounts, as
 21 allocated under those sections:

8 (2) The funding described in subsection (1) is not a separate
9 allocation of any funding but is instead a listing of funding
10 allocated in the sections listed in subsection (1).

11 Sec. 31a. (1) From the state school aid fund money
12 appropriated in section 11, there is allocated for ~~2021-2022-2022-~~
13 **2023** an amount not to exceed ~~\$537,650,000.00,~~ **\$552,650,000.00**, and
14 from the general fund money appropriated in section 11 there is
15 allocated for ~~2021-2022-2022-2023~~ an amount not to exceed
16 \$1,500,000.00 ~~—~~for payments to eligible districts and eligible
17 public school academies for the purposes of ensuring that pupils
18 are proficient in English language arts by the end of grade 3, that
19 pupils are proficient in mathematics by the end of grade 8, that
20 pupils are attending school regularly, that high school graduates
21 are career and college ready, and for the purposes under
22 subsections (7) and (8).

23 (2) For a district that has combined state and local revenue
24 per membership pupil under ~~section~~ **sections 20 and 20m** that is
25 greater than the target foundation allowance under section 20 for
26 the current fiscal year and that, for the immediately preceding
27 fiscal year, had combined state and local revenue per membership
28 pupil under section 20 that was greater than the target foundation
29 allowance under section 20 that was in effect for that fiscal year,

1 the allocation under subsection (4) is an amount equal to 35% of
2 the allocation for which it would otherwise be eligible under
3 subsection (4) before any proration under subsection (15). It is
4 the intent of the legislature that, if revenues are sufficient and
5 if districts with combined state and local revenue per membership
6 pupil under ~~section~~**sections 20 and 20m** that is below the target
7 foundation allowance are receiving nonprorated payments under
8 subsection (4), the percentage in the immediately preceding
9 sentence must be increased annually until it reaches 100%. If a
10 district has combined state and local revenue per membership pupil
11 under ~~section~~**sections 20 and 20m** that is greater than the target
12 foundation allowance under section 20 for the current fiscal year,
13 but for the 2018-2019 fiscal year had combined state and local
14 revenue per membership pupil under section 20 that was less than
15 the basic foundation allowance under section 20 that was in effect
16 for the 2018-2019 fiscal year, the district shall receive an amount
17 per pupil equal to 11.5% of the ~~statewide weighted average~~**target**
18 foundation allowance, as applied under subsection (4), and before
19 any proration under subsection (15).

20 (3) For a district or public school academy to be eligible to
21 receive funding under this section, other than funding under
22 subsection (7) or (8), the district or public school academy, for
23 grades K to 12, must comply with the requirements under section
24 1280f of the revised school code, MCL 380.1280f, and shall use
25 resources to address early literacy and numeracy, and for at least
26 grades K to 12 or, if the district or public school academy does
27 not operate all of grades K to 12, for all of the grades it
28 operates, must implement a multi-tiered system of supports that is
29 an evidence based framework that uses data driven problem solving

1 to integrate academic and behavioral instruction and that uses
 2 intervention delivered to all pupils in varying intensities based
 3 on pupil needs. The multi-tiered system of supports described in
 4 this subsection must provide at least all of the following
 5 essential components:

6 (a) Team-based leadership.

7 (b) A tiered delivery system.

8 (c) Selection and implementation of instruction,
 9 interventions, and supports.

10 (d) A comprehensive screening and assessment system.

11 (e) Continuous data-based decision making.

12 (4) From the state school aid fund money allocated under
 13 subsection (1), there is allocated for ~~2021-2022~~**2022-2023** an
 14 amount not to exceed \$512,500,000.00 to continue a weighted
 15 foundation per pupil payment for districts and public school
 16 academies enrolling economically disadvantaged pupils. The
 17 department shall pay under this subsection to each eligible
 18 district or eligible public school academy an amount per pupil
 19 equal to 11.5% of the ~~statewide weighted average~~**target** foundation
 20 allowance for the following, as applicable:

21 (a) Except as otherwise provided under subdivision (b), (c),
 22 or (d) the greater of the following:

23 (i) The number of membership pupils in the district or public
 24 school academy who are determined to be economically disadvantaged,
 25 as reported to the center in the form and manner prescribed by the
 26 center not later than the fifth Wednesday after the pupil
 27 membership count day of the immediately preceding fiscal year.

28 (ii) If the district or public school academy is in the
 29 community eligibility program, the number of pupils determined to

1 be eligible based on the product of the identified student
2 percentage multiplied by the total number of pupils in the district
3 or public school academy, as reported to the center in the form and
4 manner prescribed by the center not later than the fifth Wednesday
5 after the pupil membership count day of the immediately preceding
6 fiscal year. These calculations must be made at the building level.
7 This subparagraph only applies to an eligible district or eligible
8 public school academy for the fiscal year immediately following the
9 first fiscal year in which it is in the community eligibility
10 program. As used in this subparagraph, "identified student
11 percentage" means the quotient of the number of pupils in an
12 eligible district or eligible public school academy who are
13 determined to be economically disadvantaged, as reported to the
14 center in a form and manner prescribed by the center, not later
15 than the fifth Wednesday after the pupil membership count day in
16 the fiscal year preceding the first fiscal year in which the
17 eligible district or eligible public school academy is in the
18 community eligibility program, divided by the total number of
19 pupils counted in an eligible district or eligible public school
20 academy on the pupil membership count day in the fiscal year
21 preceding the first fiscal year in which the eligible district or
22 eligible public school academy is in the community eligibility
23 program.

24 (b) If the district or public school academy began operations
25 as a district or public school academy after the pupil membership
26 count day of the immediately preceding school year, the number of
27 membership pupils in the district or public school academy who are
28 determined to be economically disadvantaged, as reported to the
29 center in the form and manner prescribed by the center not later

1 than the fifth Wednesday after the pupil membership count day of
2 the current fiscal year.

3 (c) If the district or public school academy began operations
4 as a district or public school academy after the pupil membership
5 count day of the current fiscal year, the number of membership
6 pupils in the district or public school academy who are determined
7 to be economically disadvantaged, as reported to the center in the
8 form and manner prescribed by the center not later than the fifth
9 Wednesday after the supplemental count day of the current fiscal
10 year.

11 (d) If, for a particular fiscal year, the number of membership
12 pupils in a district or public school academy who are determined
13 under subdivision (a) to be economically disadvantaged or to be
14 eligible based on the identified student percentage varies by more
15 than 20 percentage points from the number of those pupils in the
16 district or public school academy as calculated under subdivision
17 (a) for the immediately preceding fiscal year caused by an
18 egregious reporting error by the district or public school academy,
19 the department may choose to have the calculations under
20 subdivision (a) instead be made using the number of membership
21 pupils in the district or public school academy who are determined
22 to be economically disadvantaged, as reported to the center in the
23 form and manner prescribed by the center not later than the fifth
24 Wednesday after the supplemental count day of the immediately
25 preceding fiscal year.

26 (5) Except as otherwise provided in this section, a district
27 or public school academy receiving funding under this section shall
28 use that money only to provide instructional programs and direct
29 noninstructional services, including, but not limited to, medical,

1 mental health, or counseling services, for at-risk pupils; for
 2 school health clinics; and for the purposes of subsection (6), (7),
 3 or (8). In addition, a district that is a school district of the
 4 first class or a district or public school academy in which at
 5 least 50% of the pupils in membership were determined to be
 6 economically disadvantaged in the immediately preceding state
 7 fiscal year, as determined and reported as described in subsection
 8 (4), may use the funds it receives under this section for school
 9 security or school parent liaison personnel. The uses of the funds
 10 described in the immediately preceding sentence must align to the
 11 needs assessment and the multi-tiered system of supports model and,
 12 for funds spent on parent liaison personnel, must connect parents
 13 to the school community. A district or public school academy shall
 14 not use any of the money received under this section for
 15 administrative costs. The instruction or direct noninstructional
 16 services provided under this section may be conducted before or
 17 after regular school hours or by adding extra school days to the
 18 school year.

19 (6) A district or public school academy that receives funds
 20 under this section and that operates a school breakfast program
 21 under section 1272a of the revised school code, MCL 380.1272a,
 22 shall use from the funds received under this section an amount, not
 23 to exceed \$10.00 per pupil for whom the district or public school
 24 academy receives funds under this section, necessary to pay for
 25 costs associated with the operation of the school breakfast
 26 program.

27 (7) From the state school aid fund money allocated under
 28 subsection (1), there is allocated for ~~2021-2022~~**2022-2023** an
 29 amount not to exceed ~~\$8,000,000.00~~**\$23,000,000.00** to support

primary health care services provided to children and adolescents up to age 21. These funds must be expended in a form and manner determined jointly by the department and the department of health and human services. ~~If any~~ **When making funding decisions for new adolescent health centers under this subsection, the department and the department of health and human services shall prioritize support of primary health care services in unserved counties as of the date of the amendatory act that added this section. An amount not to exceed 5% of the funds allocated under this subsection must be made available for technical support and coordination services from a nonprofit organization exclusively dedicated to serving adolescent health centers in this state and whose membership includes federally qualified health centers, local public health departments, hospital systems, and public school districts. Any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds must be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (15) for that fiscal year.** **are a work project appropriation and are carried over into the next fiscal year.**

(8) From the state school aid fund money allocated under subsection (1), there is allocated for ~~2021-2022~~ **2022-2023** an amount not to exceed \$5,150,000.00 for the state portion of the hearing and vision screenings as described in part 93 of the public health code, 1978 PA 368, MCL 333.9301 to 333.9329, and, from the general fund money allocated under subsection (1), there is allocated for ~~2021-2022~~ **2022-2023** an amount not to exceed \$1,500,000.00 for the state portion of the dental screenings as described in part 93 of the public health code, 1978 PA 368, MCL

1 333.9301 to 333.9329. A local public health department shall pay at
2 least 50% of the total cost of the screenings. The frequency of the
3 vision screenings must be as required under R 325.13091 to R
4 325.13096 of the Michigan Administrative Code and the frequency of
5 the hearing screenings must be as required under R 325.3271 to R
6 325.3276 of the Michigan Administrative Code. Funds must be awarded
7 in a form and manner approved jointly by the department and the
8 department of health and human services. Notwithstanding section
9 17b, the department shall make payments to eligible entities under
10 this subsection on a schedule determined by the department.

11 (9) Each district or public school academy receiving funds
12 under this section shall submit to the department by July 15 of
13 each fiscal year a report, in the form and manner prescribed by the
14 department, that includes a brief description of each program
15 conducted or services performed by the district or public school
16 academy using funds under this section, the amount of funds under
17 this section allocated to each of those programs or services, the
18 total number of at risk pupils served by each of those programs or
19 services, and the data necessary for the department and the
20 department of health and human services to verify matching funds
21 for the temporary assistance for needy families program. In
22 prescribing the form and manner of the report, the department shall
23 ensure that districts are allowed to expend funds received under
24 this section on any activities that are permissible under this
25 section. If a district or public school academy does not comply
26 with this subsection, the department shall withhold an amount equal
27 to the August payment due under this section until the district or
28 public school academy complies with this subsection. If the
29 district or public school academy does not comply with this

1 subsection by the end of the fiscal year, the withheld funds are
2 forfeited to the school aid fund.

3 (10) In order to receive funds under this section, a district
4 or public school academy must allow access for the department or
5 the department's designee to audit all records related to the
6 program for which it receives those funds. The district or public
7 school academy shall reimburse the state for all disallowances
8 found in the audit.

9 (11) Subject to subsections (6), (7), and (8), for schools in
10 which more than 40% of pupils are identified as at-risk, a district
11 or public school academy may use the funds it receives under this
12 section to implement tier 1, evidence-based practices in schoolwide
13 reforms that are guided by the district's comprehensive needs
14 assessment and are included in the district improvement plan.
15 Schoolwide reforms must include parent and community supports,
16 activities, and services, that may include the pathways to
17 potential program created by the department of health and human
18 services or the communities in schools program. As used in this
19 subsection, "tier 1, evidence-based practices" means research based
20 instruction and classroom interventions that are available to all
21 learners and effectively meet the needs of most pupils.

22 (12) A district or public school academy that receives funds
23 under this section may use those funds to provide research based
24 professional development and to implement a coaching model that
25 supports the multi-tiered system of supports framework.
26 Professional development may be provided to district and school
27 leadership and teachers and must be aligned to professional
28 learning standards; integrated into district, school building, and
29 classroom practices; and solely related to the following:

1 (a) Implementing the multi-tiered system of supports required
2 in subsection (3) with fidelity and utilizing the data from that
3 system to inform curriculum and instruction.

4 (b) Implementing section 1280f of the revised school code, MCL
5 380.1280f, as required under subsection (3), with fidelity.

6 (13) A district or public school academy that receives funds
7 under subsection (4) or (17) may use funds received under
8 subsection (4) or (17) for support staff providing services to at-
9 risk pupils.

10 (14) A district or public school academy that receives funds
11 under this section may use up to 10% of the funds received under
12 this section to provide evidence-based instruction for pre-
13 kindergarten instructional and noninstructional services to
14 children who meet at least 1 of the criteria in subsection
15 (20) (a) (i) to (x).

16 (15) If necessary, ~~and before any proration required under~~
17 ~~section 296,~~ the department shall prorate payments under this
18 section, except payments under subsection (7), (8), or (17), by
19 reducing the amount of the allocation as otherwise calculated under
20 this section by an equal percentage per district.

21 (16) If a district is dissolved pursuant to section 12 of the
22 revised school code, MCL 380.12, the intermediate district to which
23 the dissolved district was constituent shall determine the
24 estimated number of pupils that are economically disadvantaged and
25 that are enrolled in each of the other districts within the
26 intermediate district and provide that estimate to the department
27 for the purposes of distributing funds under this section within 60
28 days after the district is declared dissolved.

29 (17) From the state school aid fund money allocated under

subsection (1), there is allocated for ~~2021-2022~~**2022-2023** an amount not to exceed \$12,000,000.00 for payments to districts and public school academies that otherwise received an allocation under this subsection for ~~2020-2021~~**2021-2022** and whose allocation under this section for ~~2020-2021~~**2021-2022**, excluding any payments under subsection (7) or (8), would have been more than the district's or public school academy's allocation under this section for ~~2021-2022~~**2022-2023** as calculated under subsection (4) only and as adjusted under subsection (15). The allocation for each district or public school academy under this subsection is an amount equal to its allocation under this section for ~~2020-2021~~**2021-2022** minus its allocation as otherwise calculated under subsection (4) for ~~2021-2022~~**2022-2023** as adjusted by subsection (15), using in those calculations the 2017-2018 number of pupils determined to be economically disadvantaged. However, if the allocation as otherwise calculated under this subsection would have been less than \$0.00, the allocation under this subsection is \$0.00. If necessary, and before any proration required under section 296, the department shall prorate payments under this subsection by reducing the amount of the allocation as otherwise calculated under this subsection by an equal percentage per district or public school academy. Any unexpended funds under this subsection are to be distributed through payments made under subsection (4) as provided under subsection (4), but those funds must not be factored into calculating payments under this subsection.

(18) A district or public school academy that receives funds under this section may use funds received under this section to provide an anti-bullying or crisis intervention program.

(19) The department shall collaborate with the department of

1 health and human services to prioritize assigning Pathways to
2 Potential success coaches to elementary schools that have a high
3 percentage of pupils in grades K to 3 who are not proficient in
4 English language arts, based upon state assessments for pupils in
5 those grades.

6 (20) As used in this section:

7 (a) "At-risk pupil" means a pupil in grades pre-K to 12 for
8 whom the district has documentation that the pupil meets any of the
9 following criteria:

10 (i) The pupil is economically disadvantaged.

11 (ii) The pupil is an English language learner.

12 (iii) The pupil is chronically absent as defined by and reported
13 to the center.

14 (iv) The pupil is a victim of child abuse or neglect.

15 (v) The pupil is a pregnant teenager or teenage parent.

16 (vi) The pupil has a family history of school failure,
17 incarceration, or substance abuse.

18 (vii) The pupil is an immigrant who has immigrated within the
19 immediately preceding 3 years.

20 (viii) The pupil did not complete high school in 4 years and is
21 still continuing in school as identified in the Michigan cohort
22 graduation and dropout report.

23 (ix) For pupils for whom the results of the state summative
24 assessment have been received, is a pupil who did not achieve
25 proficiency on the English language arts, mathematics, science, or
26 social studies content area assessment.

27 (x) Is a pupil who is at risk of not meeting the district's or
28 public school academy's core academic curricular objectives in
29 English language arts or mathematics, as demonstrated on local

1 assessments.

2 (b) "Combined state and local revenue" means the aggregate of
3 the district's state school aid received by or paid on behalf of
4 the district under section 20 and the district's local school
5 operating revenue.

6 (c) "Combined state and local revenue per membership pupil"
7 means the district's combined state and local revenue divided by
8 the district's membership excluding special education pupils.

 2 non-school sponsor food service directors on the impact and success
 3 of the program as the source for the data described in subparagraph
 4 (i) .

5 (b) The ability to which pupils can access a variety of
 6 healthy Michigan-grown foods through schools and other non-school
 7 sponsor centers and increase their consumption of those foods. All
 8 of the following apply for purposes of this subdivision:

 13 menus; and the increase in pupil willingness to try new local
 14 healthy foods.

15 (ii) The district or other non-school sponsor shall use
 16 purchasing data collected for the project, meal count and
 17 enrollment numbers, school menu calendars, and surveys of school
 18 and non-school sponsor food service directors as the source for the
 19 data described in subparagraph (i) .

20 (11) ~~(12)~~—The department shall compile the reports provided by
 21 districts and other non-school sponsors under subsection ~~(11)~~—(10)
 22 into 1 legislative report. The department shall provide this report

 29 department.

1 Sec. 31n. (1) From the state school aid fund money
2 appropriated in section 11, there is allocated for ~~2021-2022-2022-~~
3 **2023** for the purposes of this section an amount not to exceed
4 \$52,600,000.00 and from the general fund money appropriated in
5 section 11, there is allocated for ~~2021-2022-2022-2023~~ for the
6 purposes of this section an amount not to exceed \$1,300,000.00. The
7 department and the department of health and human services shall
8 continue a program to distribute this funding to add licensed
9 behavioral health providers for general education pupils, and shall
10 continue to seek federal Medicaid match funding for all eligible
11 mental health and support services.

12 (2) The department and the department of health and human
13 services shall maintain an advisory council for programs funded
14 under this section. The advisory council shall define goals for
15 implementation of programs funded under this section, and shall
16 provide feedback on that implementation. At a minimum, the advisory
17 council shall consist of representatives of state associations
18 representing school health, school mental health, school
19 counseling, education, health care, and other organizations,
20 representatives from the department and the department of health
21 and human services, and a representative from the school safety
22 task force created under Executive Order No. 2018-5. The department
23 and department of health and human services, working with the
24 advisory council, shall determine an approach to increase capacity
25 for mental health and support services in schools for general
26 education pupils, and shall determine where that increase in
27 capacity qualifies for federal Medicaid match funding.

28 (3) The advisory council shall develop a fiduciary agent
29 checklist for intermediate districts to facilitate development of a

1 plan to submit to the department and to the department of health
 2 and human services. The department and department of health and
 3 human services shall determine the requirements and format for
 4 intermediate districts to submit a plan for possible funding under
 5 subsection (6). The department shall make applications for funding
 6 for this program available to districts and intermediate districts
 7 not later than December 1, ~~2021-2022~~ for the ~~2021-2022-2022-2023~~

10 (4) The department of health and human services shall seek to
 11 amend the state Medicaid plan or obtain appropriate Medicaid
 12 waivers as necessary for the purpose of generating additional
 13 Medicaid match funding for school mental health and support
 14 services for general education pupils. The intent is that a
 15 successful state plan amendment or other Medicaid match mechanisms
 16 will result in additional federal Medicaid match funding for both
 17 the new funding allocated under this section and for any expenses
 18 already incurred by districts and intermediate districts for mental
 19 health and support services for general education pupils.

20 (5) From the state school aid fund money allocated under
 21 subsection (1), there is allocated for ~~2021-2022-2022-2023~~ an
 22 amount not to exceed \$14,300,000.00 to be distributed to the
 23 network of child and adolescent health centers to place a licensed
 24 master's level behavioral health provider in schools that do not
 25 currently have services available to general education students.
 26 Child and adolescent health centers that are part of the network
 27 described in this subsection shall provide a commitment to maintain
 28 services and implement all available federal Medicaid match
 29 methodologies. The department of health and human services shall

1 use all existing or additional federal Medicaid match opportunities
2 to maximize funding allocated under this subsection. The department
3 shall provide funds under this subsection to child and adolescent
4 health centers that are part of the network described in this
5 subsection in the same proportion that funding under section 31a(7)
6 is provided to child and adolescent health centers that are part of
7 the network described in this subsection and that are located and
8 operating in those districts. A payment from funding allocated
9 under this subsection must not be paid to an entity that is not
10 part of the network described in this subsection.

11 (6) From the state school aid fund money allocated under
12 subsection (1), there is allocated for ~~2021-2022~~**2022-2023** an
13 amount not to exceed \$37,800,000.00 to be distributed to
14 intermediate districts for the provision of mental health and
15 support services to general education students. If a district or
16 intermediate district is not able to procure the services of a
17 licensed master's level behavioral health provider, the district or
18 intermediate district shall notify the department and the
19 department of health and human services and, if the department and
20 department of health and human services verify that the district or
21 intermediate district attempted to procure services from a master's
22 level behavioral health provider and was not able to do so, then
23 the district or intermediate district may instead procure services
24 from a provider with less than a master's degree in behavioral
25 health. To be able to use the exemption in the immediately
26 preceding sentence, the district or intermediate district must
27 submit evidence satisfactory to the department and department of
28 health and human services demonstrating that the district or
29 intermediate district took measures to procure the services of a

1 licensed master's level behavioral health provider but was unable
2 to do so, and the department and department of health and human
3 services must be able to verify this evidence. From the first
4 \$32,200,000.00 of the funds allocated under this subsection, the
5 department shall distribute \$575,000.00 for ~~2021-2022~~**2022-2023** to
6 each intermediate district that submits a plan approved by the
7 department and the department of health and human services. The
8 department shall distribute the remaining \$5,600,000.00 of the
9 funds allocated under this subsection for ~~2021-2022~~**2022-2023** to
10 intermediate districts on an equal per-pupil basis based on the
11 combined total number of pupils in membership in the intermediate
12 district and its constituent districts, including public school
13 academies that are considered to be constituent districts under
14 section 705(7) of the revised school code, MCL 380.705. The
15 department and department of health and human services shall work
16 cooperatively in providing oversight and assistance to intermediate
17 districts during the plan submission process and shall monitor the
18 program upon implementation. An intermediate district shall use
19 funds awarded under this subsection to provide funding to its
20 constituent districts, including public school academies that are
21 considered to be constituent districts under section 705(7) of the
22 revised school code, MCL 380.705, for the provision of mental
23 health and support services to general education students. In
24 addition to the criteria identified under subsection (7), an
25 intermediate district shall consider geography, cost, or other
26 challenges when awarding funding to its constituent districts.
27 Districts receiving funding under this subsection are encouraged to
28 provide suicide prevention and awareness education and counseling.
29 If funding awarded to an intermediate district remains after funds

are provided by the intermediate district to its constituent districts, the intermediate district may hire or contract for experts to provide mental health and support services to general education students residing within the boundaries of the intermediate district, including, but not limited to, expanding, hiring, or contracting for staff and experts to provide those services directly or to increase access to those services through coordination with outside mental health agencies; **the intermediate district may contract with 1 or more other intermediate districts for coordination and facilitation of activities related to providing mental health and support services to general education students residing within the boundaries of the intermediate district;** and the intermediate district is encouraged to provide suicide prevention and awareness education and counseling. ~~If funding awarded to an intermediate district under this section for 2018-2019 or 2019-2020 remains unspent as of April 1, 2022, the department, in conjunction with the intermediate district, may reallocate the funds to another intermediate district or other intermediate districts capable of expending the funds before September 30, 2022 in accordance with this section as if those funds were originally allocated to the intermediate district or intermediate districts to which the funds are being reallocated.~~

(7) A district requesting funds under this section from the intermediate district in which it is located shall submit an application for funding for the provision of mental health and support services to general education pupils. A district receiving funding from the application process described in this subsection shall provide services to nonpublic students upon request. An intermediate district shall not discriminate against an application

1 submitted by a public school academy simply on the basis of the
2 applicant being a public school academy. The department shall
3 approve grant applications based on the following criteria:

4 (a) The district's commitment to maintain mental health and
5 support services delivered by licensed providers into future fiscal
6 years.

7 (b) The district's commitment to work with its intermediate
8 district to use funding it receives under this section that is
9 spent by the district for general education pupils toward
10 participation in federal Medicaid match methodologies. A district
11 must provide a local match of at least 20% of the funding allocated
12 to the district under section 31n.

13 (c) The district's commitment to adhere to any local funding
14 requirements determined by the department and the department of
15 health and human services.

16 (d) The extent of the district's existing partnerships with
17 community health care providers or the ability of the district to
18 establish such partnerships.

19 (e) The district's documentation of need, including gaps in
20 current mental health and support services for the general
21 education population.

22 (f) The district's submission of a formal plan of action
23 identifying the number of schools and students to be served.

24 (g) Whether the district will participate in ongoing
25 trainings.

26 (h) Whether the district will submit an annual report to the
27 state.

28 (i) Whether the district demonstrates a willingness to work
29 with the state to establish program and service delivery

1 benchmarks.

2 (j) Whether the district has developed a school safety plan or
3 is in the process of developing a school safety plan.

4 (k) Any other requirements determined by the department or the
5 department of health and human services.

6 (8) Funding under this section, including any federal Medicaid
7 funds that are generated, must not be used to supplant existing
8 services.

9 (9) Both of the following are allocated to the department of
10 health and human services from the general fund money allocated
11 under subsection (1):

12 (a) For ~~2021-2022~~, **2022-2023**, an amount not to exceed
13 \$1,000,000.00 for the purpose of upgrading technology and systems
14 infrastructure and other administrative requirements to support the
15 programs funded under this section.

16 (b) For ~~2021-2022~~, **2022-2023**, an amount not to exceed
17 \$300,000.00 for the purpose of administering the programs under
18 this section and working on generating additional Medicaid funds as

21 subsection (1), there is allocated for ~~2021-2022~~ **2022-2023** an
22 amount not to exceed \$500,000.00 to intermediate districts on an
23 equal per intermediate district basis for the purpose of
24 administering programs funded under this section.

25 (11) The department and the department of health and human
26 services shall work with the advisory council to develop proposed
27 measurements of outcomes and performance. Those measurements must
28 include, at a minimum, the number of pupils served, the number of
29 schools served, and where those pupils and schools were located.

1 The department and the department of health and human services
 2 shall compile data necessary to measure outcomes and performance,
 3 and districts and intermediate districts receiving funding under
 4 this section shall provide data requested by the department and
 5 department of health and human services for the measurement of
 6 outcomes and performance. The department and department of health
 7 and human services shall provide an annual report not later than
 8 December 1 of each year to the house and senate appropriations
 9 subcommittees on school aid and health and human services, to the
 10 house and senate fiscal agencies, and to the state budget director.
 11 At a minimum, the report must include measurements of outcomes and
 12 performance, proposals to increase efficacy and usefulness,
 13 proposals to increase performance, and proposals to expand

6 **payment under this section.**

7 (3) The department shall award funding to districts **and**

1 **district** under subdivision (a).

2 (6) If, after awarding funding under subsection (3) and
3 calculating payment amounts under subsection (5), the department
4 determines that the amount allocated in subsection (1) is
5 insufficient to fully fund payments under this section, the
6 department shall prorate payments to eligible districts **or**
7 **intermediate districts** on an equal percentage basis.

8 (7) The funds allocated under this section for 2021-2022 are a
9 work project appropriation, and any unexpended funds for 2021-2022

26 described in subsection (2).

27 (2) Intermediate districts receiving funding under this
28 section must use the funding to implement a TRAILS program within
29 the boundaries of the intermediate district. The TRAILS program

described in this subsection must improve youth access to evidence-based mental health services by training school mental health professionals in effective practices, such as cognitive behavioral therapy and mindfulness.

Payments to districts made under this section must be in an amount equal to 3% applied to the district's foundation allowance as calculated under section 20 **during the fiscal year in which payments are being made**, for each pupil enrolled and educated in a year-round balanced calendar by the district. If the funds allocated under this section are insufficient to fully fund the calculations under this section,

1 funding must be prorated on an equal per-pupil basis.

2 (2) The funds allocated under this section for ~~2021-2022-2022-~~
 3 ~~2023~~ are a work project appropriation, and any unexpended funds for

 5 The purpose of the work project is to provide operational payments
 6 for districts utilizing a balanced calendar. The estimated

 21 amount of the grant paid under this subsection from the district's
 22 state aid payments that are otherwise due to the district under
 23 this article during the 2022-2023 school year. The department shall
 24 establish a sliding scale for grant payments under this section
 25 such that districts that received higher total ESSER payments under
 26 section 11r, evaluated on a per-pupil and total dollar basis,
 27 receive smaller matching grants than those with lower total ESSER
 28 payments, evaluated on a per-pupil and total dollar basis.

1 must comply with this section and section 39. The funds allocated
2 under this subsection for ~~2021-2022-2022-2023~~ are a work project
3 appropriation, and any unexpended funds for ~~2021-2022-2022-2023~~ are
4 carried forward into ~~2022-2023.~~ **2023-2024**. The purpose of the work
5 project is to continue to improve access to preschool programming
6 for economically disadvantaged children. The estimated completion
7 date of the work project described in the immediately preceding
8 sentence is September 30, ~~2023.~~ **2024**.

9 (3) In addition to the allocation under subsection (1), from
10 the general fund money appropriated under section 11, there is
11 allocated an amount not to exceed \$350,000.00 for ~~2021-2022-2022-~~
12 **2023** for a competitive grant to continue a longitudinal evaluation
13 of children who have participated in great start readiness
14 programs.

15 (4) To be eligible for funding under this section, a program
16 must prepare children for success in school through comprehensive
17 part-day, school-day, or GSRP/Head Start blended programs that
18 contain all of the following program components, as determined by
19 the department:

20 (a) Participation in a collaborative recruitment and
21 enrollment process to assure that each child is enrolled in the
22 program most appropriate to his or her needs and to maximize the
23 use of federal, state, and local funds.

24 (b) An age-appropriate educational curriculum that is in
25 compliance with the early childhood standards of quality for
26 prekindergarten children adopted by the state board, including, at
27 least, the Connect4Learning curriculum.

28 (c) Nutritional services for all program participants
29 supported by federal, state, and local resources as applicable.

1 (d) Physical and dental health and developmental screening
2 services for all program participants.

3 (e) Referral services for families of program participants to
4 community social service agencies, including mental health
5 services, as appropriate.

6 (f) Active and continuous involvement of the parents or
7 guardians of the program participants.

8 (g) A plan to conduct and report annual great start readiness
9 program evaluations and continuous improvement plans using criteria
10 approved by the department.

11 (h) Participation in a school readiness advisory committee
12 convened as a workgroup of the great start collaborative that
13 provides for the involvement of classroom teachers, parents or
14 guardians of program participants, and community, volunteer, and
15 social service agencies and organizations, as appropriate. The
16 advisory committee annually shall review and make recommendations
17 regarding the program components listed in this subsection. The
18 advisory committee also shall make recommendations to the great
19 start collaborative regarding other community services designed to
20 improve all children's school readiness.

21 (i) The ongoing articulation of the kindergarten and first
22 grade programs offered by the program provider.

23 (j) Participation in this state's great start to quality
24 process with a rating of at least 3 stars.

25 (5) An application for funding under this section must provide
26 for the following, in a form and manner determined by the
27 department:

28 (a) Ensure compliance with all program components described in
29 subsection (4).

(b) Except as otherwise provided in this subdivision, ensure that at least 85% of the children participating in an eligible great start readiness program for whom the ~~intermediate-eligible~~ **school** district is receiving funds under this section are children who live with families with a household income that is equal to or less than 250% of the federal poverty guidelines. If the ~~intermediate-eligible~~ **school** district determines that all eligible children are being served and that there are no children on the waiting list who live with families with a household income that is equal to or less than 250% of the federal poverty guidelines, the intermediate district may then enroll children who live with families with a household income that is equal to or less than 300% of the federal poverty guidelines. The enrollment process must consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subdivision, all age-eligible children served in foster care or who are experiencing homelessness or who have individualized education programs recommending placement in an inclusive preschool setting are considered to live with families with household income equal to or less than 250% of the federal poverty guidelines regardless of actual family income and are prioritized for enrollment within the lowest quintile.

(c) Ensure that the applicant only uses qualified personnel for this program, as follows:

(i) Teachers possessing proper training. A lead teacher must have a valid Michigan teaching certificate with an early childhood or lower elementary endorsement or a bachelor's or higher degree in child development or early childhood education with specialization in preschool teaching. However, if an applicant demonstrates to the

1 department that it is unable to fully comply with this subparagraph
2 after making reasonable efforts to comply, teachers or
3 paraprofessionals with at least 5 years of experience as a
4 paraprofessional in a great start readiness program classroom who
5 have significant but incomplete training in early childhood
6 education or child development may be used if the applicant
7 provides to the department, and the department approves, a plan for
8 each teacher to come into compliance with the standards in this
9 subparagraph. A teacher's compliance plan must be completed within
10 3 years of the date of employment. Progress toward completion of
11 the compliance plan consists of at least 2 courses per calendar
12 year.

13 (ii) Paraprofessionals possessing proper training in early
14 childhood education, including an associate degree in early
15 childhood education or child development or the equivalent, or a
16 child development associate (CDA) credential. However, if an
17 applicant demonstrates to the department that it is unable to fully
18 comply with this subparagraph after making reasonable efforts to
19 comply, the applicant may use paraprofessionals who have completed
20 at least 1 course that earns college credit in early childhood
21 education or child development if the applicant provides to the
22 department, and the department approves, a plan for each
23 paraprofessional to come into compliance with the standards in this
24 subparagraph. A paraprofessional's compliance plan must be
25 completed within 3 years of the date of employment. Progress toward
26 completion of the compliance plan consists of at least 2 courses or
27 60 clock hours of training per calendar year.

28 (d) Include a program budget that contains only those costs
29 that are not reimbursed or reimbursable by federal funding, that

are clearly and directly attributable to the great start readiness program, and that would not be incurred if the program were not being offered. Eligible costs include transportation costs. The program budget must indicate the extent to which these funds will supplement other federal, state, local, or private funds. An applicant shall not use funds received under this section to supplant any federal funds received by the applicant to serve children eligible for a federally funded preschool program that has the capacity to serve those children.

(6) For a grant recipient that enrolls pupils in a school-day program funded under this section, each child enrolled in the school-day program is counted as described in section 39 for purposes of determining the amount of the grant award.

(7) For a grant recipient that enrolls pupils in a GSRP/Head Start blended program, the grant recipient shall ensure that all Head Start and GSRP policies and regulations are applied to the blended slots, with adherence to the highest standard from either program, to the extent allowable under federal law.

(8) An ~~intermediate~~**eligible school** district ~~or consortium of intermediate districts~~ receiving a grant under this section shall designate an early childhood coordinator, and may provide services directly or may contract with 1 or more districts or public or private for-profit or nonprofit providers that meet all requirements of subsections (4) and (5).

(9) An ~~intermediate~~**eligible school** district ~~or consortium of intermediate districts~~ may retain for administrative services provided by the ~~intermediate~~**eligible school** district ~~or consortium of intermediate districts~~ an amount not to exceed 4% of the grant amount. Expenses incurred by subrecipients engaged by the

~~intermediate-eligible school~~ district ~~or consortium of intermediate districts~~ for directly running portions of the program are considered program costs or a contracted program fee for service. Subrecipients operating with a federally approved indirect rate for other early childhood programs may include indirect costs, not to exceed the federal 10% de minimis.

(10) An ~~intermediate-eligible school~~ district ~~or consortium of intermediate districts~~ may expend not more than 2% of the total grant amount for outreach, recruiting, and public awareness of the program.

(11) Each grant recipient shall enroll children identified under subsection (5)(b) according to how far the child's household income is below 250% of the federal poverty guidelines by ranking each applicant child's household income from lowest to highest and dividing the applicant children into quintiles based on how far the child's household income is below 250% of the federal poverty guidelines, and then enrolling children in the quintile with the lowest household income before enrolling children in the quintile with the next lowest household income until slots are completely filled. If the grant recipient determines that all eligible children are being served and that there are no children on the waiting list who live with families with a household income that is equal to or less than 250% of the federal poverty guidelines, the grant recipient may then enroll children who live with families with a household income that is equal to or less than 300% of the federal poverty guidelines. The enrollment process must consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subsection, all age-eligible children served in foster care or

1 who are experiencing homelessness or who have individualized
 2 education programs recommending placement in an inclusive preschool
 3 setting are considered to live with families with household income
 4 equal to or less than 250% of the federal poverty guidelines
 5 regardless of actual family income and are prioritized for
 6 enrollment within the lowest quintile.

7 (12) An ~~intermediate~~**eligible school** district ~~or consortium of~~
 8 ~~intermediate districts~~ receiving a grant under this section shall
 9 allow parents of eligible children who are residents of the
 10 ~~intermediate~~**eligible school** district ~~or within the consortium~~ to
 11 choose a program operated by or contracted with another
 12 ~~intermediate~~**eligible school** district ~~or consortium of intermediate~~
 13 ~~districts~~ and shall enter into a written agreement regarding
 14 payment, in a manner prescribed by the department.

15 (13) An ~~intermediate~~**eligible school** district ~~or consortium of~~
 16 ~~intermediate districts~~ receiving a grant under this section shall
 17 conduct a local process to contract with interested and eligible
 18 public and private for-profit and nonprofit community-based
 19 providers that meet all requirements of subsection (4) for at least
 20 30% of its total allocation. For the purposes of this 30%
 21 allocation, an ~~intermediate~~**eligible school** district ~~or consortium~~
 22 ~~of intermediate districts~~ may count children served by a Head Start
 23 grantee or delegate in a blended Head Start and great start
 24 readiness school-day program. Children served in a program funded
 25 only through Head Start are not counted toward this 30% allocation.
 26 The ~~intermediate~~**eligible school** district ~~or consortium~~ shall
 27 report to the department, in a manner prescribed by the department,
 28 a detailed list of community-based providers by provider type,
 29 including private for-profit, private nonprofit, community college

1 or university, Head Start grantee or delegate, and district or
 2 intermediate district, and the number and proportion of its total
 3 allocation allocated to each provider as subrecipient. If the
 4 ~~intermediate-eligible school district or consortium~~ is not able to
 5 contract for at least 30% of its total allocation, the grant
 6 recipient shall notify the department and, if the department
 7 verifies that the ~~intermediate-eligible school district or~~
 8 ~~consortium~~ attempted to contract for at least 30% of its total
 9 allocation and was not able to do so, then the ~~intermediate~~
 10 **eligible school district or consortium** may retain and use all of
 11 its allocation as provided under this section. To be able to use
 12 this exemption, the ~~intermediate-eligible school district or~~
 13 ~~consortium~~ shall demonstrate to the department that the
 14 ~~intermediate-eligible school district or consortium~~ increased the
 15 percentage of its total allocation for which it contracts with a
 16 community-based provider and the ~~intermediate-eligible school~~
 17 ~~district or consortium~~ shall submit evidence satisfactory to the
 18 department, and the department must be able to verify this
 19 evidence, demonstrating that the ~~intermediate-eligible school~~
 20 ~~district or consortium~~ took measures to contract for at least 30%
 21 of its total allocation as required under this subsection,
 22 including, but not limited to, at least all of the following
 23 measures:

24 (a) The ~~intermediate-eligible school district or consortium~~
 25 notified each nonparticipating licensed child care center located
 26 in the service area of the ~~intermediate-eligible school district or~~
 27 ~~consortium~~ regarding the center's eligibility to participate, in a
 28 manner prescribed by the department.

29 (b) The ~~intermediate-eligible school district or consortium~~

provided to each nonparticipating licensed child care center located in the service area of the ~~intermediate-eligible school~~ district ~~or consortium~~ information regarding great start readiness program requirements and a description of the application and selection process for community-based providers.

(c) The ~~intermediate-eligible school~~ district ~~or consortium~~ provided to the public and to participating families a list of community-based great start readiness program subrecipients with a great start to quality rating of at least 3 stars.

(14) If an ~~intermediate-eligible school~~ district ~~or consortium~~ of intermediate districts receiving a grant under this section fails to submit satisfactory evidence to demonstrate its effort to contract for at least 30% of its total allocation, as required under subsection (13), the department shall reduce the allocation to the ~~intermediate-eligible school~~ district ~~or consortium~~ by a percentage equal to the difference between the percentage of an ~~intermediate-eligible school~~ district's ~~or consortium's~~ total allocation awarded to community-based providers and 30% of its total allocation.

(15) In order to assist ~~intermediate-eligible school~~ districts ~~and consortia~~ in complying with the requirement to contract with community-based providers for at least 30% of their total allocation, the department shall do all of the following:

(a) Ensure that a great start resource center or the department provides each ~~intermediate-eligible school~~ district ~~or consortium~~ receiving a grant under this section with the contact information for each licensed child care center located in the service area of the ~~intermediate-eligible school~~ district ~~or consortium~~ by March 1 of each year.

(b) Provide, or ensure that an organization with which the department contracts provides, a community-based provider with a validated great start to quality rating within 90 days of the provider's having submitted a request and self-assessment.

(c) Ensure that all intermediate district, district, community college or university, Head Start grantee or delegate, private for-profit, and private nonprofit providers are subject to a single great start to quality rating system. The rating system must ensure that regulators process all prospective providers at the same pace on a first-come, first-served basis and must not allow 1 type of provider to receive a great start to quality rating ahead of any other type of provider.

(d) Not later than March 1 of each year, compile the results of the information reported by each ~~intermediate~~ **eligible school** district ~~or consortium~~ under subsection (13) and report to the legislature a list by ~~intermediate~~ **eligible school** district ~~or consortium~~ with the number and percentage of each ~~intermediate~~ **eligible school** district's ~~or consortium's~~ total allocation allocated to community-based providers by provider type, including private for-profit, private nonprofit, community college or university, Head Start grantee or delegate, and district or intermediate district.

(16) A recipient of funds under this section shall report to the center in a form and manner prescribed by the center the information necessary to derive the number of children participating in the program who meet the program eligibility criteria under subsection (5)(b), the number of eligible children not participating in the program and on a waitlist, and the total number of children participating in the program by various

1 demographic groups and eligibility factors necessary to analyze
 2 equitable and priority access to services for the purposes of
 3 subsection (3).

4 (17) As used in this section:

5 (a) **"Eligible school district" means an intermediate district,**
 6 **a consortium of intermediate districts, or an office of early**
 7 **learning for a city with more than 600,000 residents.**

8 (b) ~~(a)~~—"GSRP/Head Start blended program" means a part-day
 9 program funded under this section and a Head Start program, which
 10 are combined for a school-day program.

11 (c) ~~(b)~~—"Federal poverty guidelines" means the guidelines
 12 published annually in the Federal Register by the United States
 13 Department of Health and Human Services under its authority to
 14 revise the poverty line under 42 USC 9902.

15 (d) ~~(e)~~—"Part-day program" means a program that operates at
 16 least 4 days per week, 30 weeks per year, for at least 3 hours of
 17 teacher-child contact time per day but for fewer hours of teacher-
 18 child contact time per day than a school-day program.

19 (e) ~~(d)~~—"School-day program" means a program that operates for
 20 at least the same length of day as a district's first grade program
 21 for a minimum of 4 days per week, 30 weeks per year. A classroom
 22 that offers a school-day program must enroll all children for the
 23 school day to be considered a school-day program.

24 (18) An ~~intermediate~~ **eligible school** district ~~or consortium of~~
 25 ~~intermediate districts~~ receiving funds under this section shall
 26 establish and charge tuition according to a sliding scale of
 27 tuition rates based upon household income for children
 28 participating in an eligible great start readiness program who live
 29 with families with a household income that is more than 250% of the

1 federal poverty guidelines to be used by all of its providers, as
2 approved by the department.

3 (19) From the amount allocated in subsection (2), there is
4 allocated for ~~2021-2022~~**2022-2023** an amount not to exceed
5 \$10,000,000.00 for reimbursement of transportation costs for
6 children attending great start readiness programs funded under this
7 section. To receive reimbursement under this subsection, not later
8 than November 1 of each year, a program funded under this section
9 that provides transportation shall submit to the ~~intermediate~~
10 **eligible school** district that is the fiscal agent for the program a
11 projected transportation budget. The amount of the reimbursement
12 for transportation under this subsection is no more than the
13 projected transportation budget or \$300.00 multiplied by the number
14 of children funded for the program under this section. If the
15 amount allocated under this subsection is insufficient to fully
16 reimburse the transportation costs for all programs that provide
17 transportation and submit the required information, the department
18 shall prorate the reimbursement in an equal amount per child
19 funded. The department shall make payments to the ~~intermediate~~
20 **eligible school** district that is the fiscal agent for each program,
21 and the ~~intermediate~~**eligible school** district shall then reimburse
22 the program provider for transportation costs as prescribed under
23 this subsection.

24 (20) Subject to, and from the funds allocated under,
25 subsection (19), the department shall reimburse a program for
26 transportation costs related to parent- or guardian-accompanied
27 transportation provided by transportation service companies, buses,
28 or other public transportation services. To be eligible for
29 reimbursement under this subsection, a program must submit to the

~~intermediate-eligible school~~ district ~~or consortia of intermediate districts~~ all of the following:

(a) The names of families provided with transportation support along with a documented reason for the need for transportation support and the type of transportation provided.

(b) Financial documentation of actual transportation costs incurred by the program, including, but not limited to, receipts and mileage reports, as determined by the department.

(c) Any other documentation or information determined necessary by the department.

(21) The department shall implement a process to review and approve age-appropriate comprehensive classroom level quality assessments for GSRP grantees that support the early childhood standards of quality for prekindergarten children adopted by the state board. The department shall make available to intermediate districts at least 2 classroom level quality assessments that were approved in 2018.

(22) An ~~intermediate-eligible school~~ district that is a GSRP grantee may approve the use of a supplemental curriculum that aligns with and enhances the age-appropriate educational curriculum in the classroom. If the department objects to the use of a supplemental curriculum approved by an ~~intermediate-eligible school~~ district, the superintendent shall establish a review committee independent of the department. The review committee shall meet within 60 days of the department registering its objection in writing and provide a final determination on the validity of the objection within 60 days of the review committee's first meeting.

(23) The department shall implement a process to evaluate and approve age-appropriate educational curricula that are in

1 compliance with the early childhood standards of quality for
2 prekindergarten children adopted by the state board.

3 (24) From the funds allocated under subsection (1), there is
4 allocated for ~~2021-2022~~**2022-2023** an amount not to exceed
5 \$2,000,000.00 for payments to ~~intermediate~~**eligible school**
6 ~~districts or consortia of intermediate districts~~ for professional
7 development and training materials for educators in programs
8 implementing new curricula or child assessment tools approved for
9 use in the great start readiness program.

10 (25) A great start readiness program or a GSRP/Head Start
11 blended program funded under this section is permitted to utilize
12 AmeriCorps Pre-K Reading Corps members in classrooms implementing
13 research-based early literacy intervention strategies.

14 Sec. 32p. (1) From the state school aid fund money
15 appropriated in section 11, there is allocated an amount not to
16 exceed \$13,400,000.00 to intermediate districts for ~~2021-2022~~**2022-**
17 **2023** for the purpose of providing early childhood funding to
18 intermediate districts to support the goals and outcomes under
19 subsection (2) and subsection (4), and to provide early childhood
20 programs for children from birth through age 8. The funding
21 provided to each intermediate district under this section is
22 determined by the distribution formula established by the
23 department's office of great start to provide equitable funding
24 statewide. In order to receive funding under this section, each
25 intermediate district must provide an application to the office of
26 great start not later than September 15 of the immediately
27 preceding fiscal year indicating the strategies planned to be
28 provided.

29 (2) Each intermediate district or consortium of intermediate

districts that receives funding under this section shall convene a local great start collaborative and a parent coalition that includes an active partnership with at least 1 community-based organization. The goal of each great start collaborative and parent coalition is to ensure the coordination and expansion of local early childhood ~~infrastructure~~**systems** and programs, ~~that to~~
increase the number of eligible children that are enrolled from birth to age 8 in publicly funded programs and services through joint recruitment and enrollment systems, and to allow every child in the community to achieve the following outcomes:

(a) Children born healthy.

(b) Children healthy, thriving, and developmentally on track from birth to grade 3.

(c) Children developmentally ready to succeed in school at the time of school entry.

(d) Children prepared to succeed in fourth grade and beyond by reading proficiently by the end of third grade.

(3) Each local great start collaborative and parent coalition shall convene workgroups to make recommendations about community services designed to achieve the outcomes described in subsection (2) and to ensure that its local great start system includes the following supports for children from birth through age 8:

(a) Physical health.

(b) Social-emotional health.

(c) Family supports, ~~and including~~ basic needs **and economic self-sufficiency.**

(d) Parent ~~education~~**leadership and family engagement.**

(e) Early education, including the child's development of skills linked to success in foundational literacy, and care.

(4) From the funds allocated in subsection (1), at least \$2,500,000.00 must be used for the purpose of providing home visits to at-risk children and their families. The home visits must be conducted as part of a locally coordinated, family-centered, evidence-based, data-driven home visit strategic plan that is approved by the department. The goals of the home visits funded under this subsection are to improve school readiness using evidence-based methods, including a focus on developmentally appropriate outcomes for early literacy, to improve positive parenting practices, and to improve family economic self-sufficiency while reducing the impact of high-risk factors through community resources and referrals. The department shall coordinate the goals of the home visit strategic plans approved under this subsection with other state agency home visit programs in a way that strengthens Michigan's home visiting infrastructure and maximizes federal funds available for the purposes of at-risk family home visits. The coordination among departments and agencies is intended to avoid duplication of state services and spending, and should emphasize efficient service delivery of home visiting programs.

(5) Not later than December 1 of each year, each intermediate district shall provide a report to the department detailing the strategies actually implemented during the immediately preceding school year and the families and children actually served. At a minimum, the report must include an evaluation of the services provided with additional funding under subsection (4) for home visits, using the goals identified in subsection (4) as the basis for the evaluation, including the degree to which school readiness was improved, the degree to which positive parenting practices were

improved, the degree to which there was improved family economic self-sufficiency, and the degree to which community resources and referrals were utilized. The department shall compile and summarize these reports and submit its summary to the house and senate appropriations subcommittees on school aid and to the house and senate fiscal agencies not later than February 15 of each year.

(6) An intermediate district or consortium of intermediate districts that receives funding under this section may carry over any unexpended funds received under this section into the next fiscal year and may expend those unused funds through June 30 of the next fiscal year. However, an intermediate district or consortium of intermediate districts that receives funding for the purposes described in subsection (2) in fiscal year ~~2021-2022-2022-~~ **2023** shall not carry over into the next fiscal year any amount exceeding ~~20%-15%~~ of the amount awarded to the intermediate district or consortium in the ~~2021-2022-2022-2023~~ fiscal year. ~~It is intended that the amount carried over from funding awarded for the purposes described in subsection (2) in fiscal year 2022-2023 not exceed 15% of the amount awarded in that fiscal year. A~~ recipient of a grant shall return any unexpended grant funds to the department in the manner prescribed by the department not later than September 30 of the next fiscal year after the fiscal year in which the funds are received.

Sec. 32t. From the general fund money appropriated in section 11, there is allocated for 2022-2023 an amount not to exceed \$100.00 for the Strong Beginnings Program to provide services to children who meet the eligibility criteria for the great start readiness program, but do not meet the age eligibility criteria for the great start readiness program. These services must be designed

1 for children who are age 3 and must be similar to the services
2 provided through the great start readiness program. The program
3 described in this section must be administered by CCRESA Strong
4 Beginnings Implementation Team under the direction of the
5 department, office of great start, with assessment, data, and
6 collection analysis for the program being provided by Michigan
7 State University.

8 Sec. 32u. (1) From the general fund money appropriated in
9 section 11, there is allocated for 2022-2023 an amount not to
10 exceed \$2,000,000.00 to districts and intermediate districts as
11 provided in this section.

12 (2) To receive funding under this section, a district or
13 intermediate district must apply for the funding in a form and
14 manner prescribed by the department.

15 (3) A district or intermediate district that receives funding
16 under this section shall use the funding to provide, in
17 collaboration with BookNook, pupils enrolled in the district or
18 intermediate district with a program that meets all of the
19 following:

20 (a) Allows students to use patented technology to reach and
21 learn together.

22 (b) Provides for scaffolded-learning supports that empower
23 teachers and support staff.

24 (c) Exposes pupils to diverse texts, dynamic games, and
25 meaningful discussion with each lesson.

26 (d) Includes a large tutor network that expands reach to
27 pupils.

28 (4) Notwithstanding section 17b, the department shall make
29 payments under this section on a schedule determined by the

1 **department.**

2 Sec. 35a. (1) From the appropriations in section 11, there is
 3 allocated for ~~2021-2022-2022-2023~~ for the purposes of this section
 4 an amount not to exceed ~~\$61,400,000.00~~ **\$67,400,000.00** from the
 5 state school aid fund and there is allocated for ~~2021-2022-2022-~~
 6 **2023** for the purposes of subsection (8) an amount not to exceed
 7 ~~\$3,500,000.00~~ **\$5,000,000.00** from the general fund. Excluding staff
 8 or contracted employees funded under subsection (8), the
 9 superintendent shall designate staff or contracted employees funded
 10 under this section as critical shortage. Programs funded under this
 11 section are intended to ensure that this state will be a top 10
 12 state in grade 4 reading proficiency by 2025 according to the
 13 National Assessment of Educational Progress (NAEP). By December 31,
 14 ~~2021, 2022~~, the superintendent of public instruction shall do both
 15 of the following:

16 (a) Report in person to the house and senate appropriations
 17 subcommittees on school aid regarding progress on the goal
 18 described in this subsection and be available for questioning as
 19 prescribed through a process developed by the chairs of the house
 20 and senate appropriations subcommittees on school aid.

21 (b) Submit a written report to the house and senate
 22 appropriations subcommittees on school aid regarding progress on
 23 the goal described in this subsection.

24 (2) A district that receives funds under subsection (5) may
 25 spend up to 5% of those funds for professional development for
 26 educators in a department-approved research-based training program
 27 related to current state literacy standards for pupils in grades
 28 pre-K to 3. The professional development must also include training
 29 in the use of screening and diagnostic tools, progress monitoring,

1 and intervention methods used to address barriers to learning and
2 delays in learning that are diagnosed through the use of these
3 tools.

4 (3) A district that receives funds under subsection (5) may
5 use up to 5% of those funds to administer department-approved
6 screening and diagnostic tools to monitor the development of early
7 literacy and early reading skills, and risk factors for word-level
8 reading difficulties of pupils in grades pre-K to 3 and to support

24 Sec. 35h. From the general fund money appropriated in section
25 11, there is allocated for ~~2021-2022~~**2022-2023** an amount not to
26 exceed ~~\$1,700,000.00~~**\$500,000.00** to the Jewish Federation of Metro
27 Detroit to support day schools, day camps, and summer programming
28 to help mitigate the impact of remote learning on students' mental
29 health and physical well-being.

1 Sec. 39. (1) An eligible applicant receiving funds under
2 section 32d shall submit an application, in a form and manner
3 prescribed by the department, by a date specified by the department
4 in the immediately preceding fiscal year. An eligible applicant is
5 not required to amend the applicant's current accounting cycle or
6 adopt this state's fiscal year accounting cycle in accounting for
7 financial transactions under this section. The application must
8 include all of the following:

9 (a) The estimated total number of children in the community
10 who meet the criteria of section 32d, as provided to the applicant
11 by the department utilizing the most recent population data
12 available from the American Community Survey conducted by the
13 United States Census Bureau. The department shall ensure that it
14 provides updated American Community Survey population data at least
15 once every 3 years.

16 (b) The estimated number of children in the community who meet
17 the criteria of section 32d and are being served exclusively by
18 Head Start programs operating in the community.

19 (c) The number of children whom the applicant has the capacity
20 to serve who meet the criteria of section 32d including a
21 verification of physical facility and staff resources capacity.

22 (2) After notification of funding allocations, an applicant
23 receiving funds under section 32d shall also submit an
24 implementation plan for approval, in a form and manner prescribed
25 by the department, by a date specified by the department, that
26 details how the applicant complies with the program components
27 established by the department ~~pursuant to~~ **under** section 32d.

28 (3) The initial allocation to each eligible applicant under
29 section 32d is the lesser of the following:

(a) The sum of the number of children served in a school-day program in the preceding school year multiplied by \$8,700.00 and the number of children served in a GSRP/Head Start blended program or a part-day program in the preceding school year multiplied by \$4,350.00.

(b) The sum of the number of children the applicant has the capacity to serve in the current school year in a school-day program multiplied by \$8,700.00 and the number of children served in a GSRP/Head Start blended program or a part-day program the applicant has the capacity to serve in the current school year multiplied by \$4,350.00.

(4) If funds remain after the allocations under subsection (3), the department shall distribute the remaining funds to each ~~intermediate~~ **eligible school** district ~~or consortium of intermediate districts~~ that serves less than the state percentage benchmark determined under subsection (5). The department shall distribute these remaining funds to each eligible applicant based upon each applicant's proportionate share of the remaining unserved children necessary to meet the statewide percentage benchmark in ~~intermediate~~ **eligible school** districts ~~or consortia of intermediate districts~~ serving less than the statewide percentage benchmark. When all applicants have been given the opportunity to reach the statewide percentage benchmark, the statewide percentage benchmark may be reset, as determined by the department, until greater equity of opportunity to serve eligible children across all ~~intermediate~~ **eligible** school districts has been achieved.

(5) For the purposes of subsection (4), the department shall calculate a percentage of children served by each ~~intermediate~~ **eligible school** district ~~or consortium of intermediate districts~~ by

1 adding the number of children served in the immediately preceding
 2 year by that ~~intermediate~~**eligible school** district ~~or consortium~~
 3 with the number of eligible children under section 32d served
 4 exclusively by head start, as reported in a form and manner
 5 prescribed by the department, within the ~~intermediate~~**eligible**
 6 **school** district ~~or consortia~~-service area and dividing that total
 7 by the total number of children within the ~~intermediate~~**eligible**
 8 **school** district ~~or consortium of intermediate districts~~ who meet
 9 the criteria of section 32d as determined by the department
 10 utilizing the most recent population data available from the
 11 American Community Survey conducted by the United States Census
 12 Bureau. The department shall compare the resulting percentage of
 13 eligible children served to a statewide percentage benchmark to
 14 determine if the ~~intermediate~~**eligible school** district ~~or~~
 15 ~~consortium~~ is eligible for additional funds under subsection (4).
 16 The statewide percentage benchmark is 100%.

17 (6) If, taking into account the total amount to be allocated
 18 to the applicant as calculated under this section, an applicant
 19 determines that it is able to include additional eligible children
 20 in the great start readiness program without additional funds under
 21 section 32d, the applicant may include additional eligible children
 22 but does not receive additional funding under section 32d for those
 23 children.

24 (7) The department shall review the program components under
 25 section 32d and under this section at least biennially. The
 26 department also shall convene a committee of internal and external
 27 stakeholders at least once every 5 years to ensure that the funding
 28 structure under this section reflects current system needs under
 29 section 32d.

(8) As used in this section, "**eligible school district**", "GSRP/Head Start blended program", "part-day program", and "school-day program" mean those terms as defined in section 32d.

~~(9) For the 2020-2021 program year only, the number of children reported on the application described in subsection (1)(a), (b), and (c) must not be used by the department for the purpose of calculating hold harmless funding levels for 2021-2022. Hold harmless funding for 2021-2022 must be determined based on the 2019-2020 final allocations calculated and paid under section 32d in 2019-2020.~~

11 (3) If funds allocated under subsection (1) are insufficient
12 to fully fund the payments as prescribed under subsection (2), the
13 department shall prorate payments on an equal percentage basis,
14 with the same percentage proration applied to all funding
15 categories.

16 (4) Each district receiving funds under subsection (1) shall
17 submit to the department by July 15 of each fiscal year a report,
18 not to exceed 10 pages, on the usage by the district of funds under
19 subsection (1) in a form and manner determined by the department,
20 including a brief description of each program conducted or services
21 performed by the district using funds under subsection (1) and the
22 amount of funds under subsection (1) allocated to each of those
23 programs or services. If a district does not comply with this
24 subsection, the department shall withhold an amount equal to the
25 August payment due under this section until the district complies
26 with this subsection. If the district does not comply with this
27 subsection by the end of the fiscal year, the withheld funds are
28 forfeited to the **state** school aid fund.

29 (5) In order to receive funds under subsection (1), a district

1 must allow access for the department or the department's designee
 2 to audit all records related to the program for which it receives
 3 those funds. The district shall reimburse this state for all
 4 disallowances found in the audit.

5 (6) Beginning July 1, 2020, and every 3 years thereafter, the
 6 department shall review the per-pupil distribution under subsection

 11 11, there is allocated for ~~2021-2022-2022-2023~~ an amount not to
 12 exceed \$450,000.00 for ~~Mi Alma and the Exito Educativo program. Mi~~
 13 ~~Alma~~ **the Centro Multicultural La Familia. The Centro Multicultural**
 14 **La Familia** shall use funds allocated under this section for Exito
 15 Educativo, an after-school program that brings Latino parents and
 16 their children who are in high school together to learn about the
 17 requirements for high school graduation, the different sources of
 18 support, and the pathways to college.

19 Sec. 51a. (1) From the state school aid fund money in section
 20 11, there is allocated an amount not to exceed ~~\$1,079,296,100.00~~
 21 **\$1,123,696,000.00** for ~~2020-2021-2021-2022~~ and there is allocated an
 22 amount not to exceed ~~\$1,123,696,100.00~~ **\$1,124,396,100.00** for ~~2021-~~
 23 ~~2022-2022-2023~~ from state sources and all available federal funding
 24 under sections 1411 to 1419 of part B of the individuals with
 25 disabilities education act, 20 USC 1411 to 1419, estimated at
 26 ~~\$456,752,000.00~~ **\$380,000,000.00** for ~~2020-2021-2021-2022~~ and
 27 ~~\$380,000,000.00~~ **\$390,000,000.00** for ~~2021-2022,~~ **2022-2023**, plus any
 28 carryover federal funds from previous year appropriations. The
 29 allocations under this subsection are for the purpose of

reimbursing districts and intermediate districts for special education programs, services, and special education personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1761; net tuition payments made by intermediate districts to the Michigan Schools for the Deaf and Blind; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals or other entities, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared under article 3 of the revised school code, MCL 380.1701 to 380.1761. Notwithstanding section 17b, the department shall make payments of federal funds to districts, intermediate districts, and other eligible entities under this section on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated the amount necessary, estimated at ~~\$319,000,000.00~~ **\$311,900,000.00** for ~~2020-2021-2021-2022~~ and estimated at ~~\$332,000,000.00~~ **\$323,300,000.00** for ~~2021-2022, 2022-2023~~, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection are made as follows:

(a) The department shall calculate the initial amount

1 allocated to a district under this subsection toward fulfilling the
 2 specified percentages by multiplying the district's special
 3 education pupil membership, excluding pupils described in
 4 subsection (11), times the foundation allowance under section 20 of
 5 the pupil's district of residence, plus the amount of the
 6 district's per-pupil allocation under section 20m, not to exceed
 7 the target foundation allowance for the current fiscal year, or,
 8 for a special education pupil in membership in a district that is a
 9 public school academy, times an amount equal to the amount per
 10 membership pupil calculated under section 20(6). For an
 11 intermediate district, the amount allocated under this subdivision
 12 toward fulfilling the specified percentages is an amount per
 13 special education membership pupil, excluding pupils described in
 14 subsection (11), and is calculated in the same manner as for a
 15 district, using the foundation allowance under section 20 of the
 16 pupil's district of residence, not to exceed the target foundation
 17 allowance for the current fiscal year, and that district's per-
 18 pupil allocation under section 20m.

19 (b) After the allocations under subdivision (a), the
 20 department shall pay a district or intermediate district for which
 21 the payments calculated under subdivision (a) do not fulfill the
 22 specified percentages the amount necessary to achieve the specified
 23 percentages for the district or intermediate district.

24 (3) From the funds allocated under subsection (1), there is
 25 allocated for ~~2020-2021~~**2021-2022** an amount not to exceed
 26 \$1,000,000.00 and there is allocated for ~~2021-2022~~**2022-2023** an
 27 amount not to exceed \$1,000,000.00 to make payments to districts
 28 and intermediate districts under this subsection. If the amount
 29 allocated to a district or intermediate district for a fiscal year

1 under subsection (2)(b) is less than the sum of the amounts
2 allocated to the district or intermediate district for 1996-97
3 under sections 52 and 58, there is allocated to the district or
4 intermediate district for the fiscal year an amount equal to that
5 difference, adjusted by applying the same proration factor that was
6 used in the distribution of funds under section 52 in 1996-97 as
7 adjusted to the district's or intermediate district's necessary
8 costs of special education used in calculations for the fiscal
9 year. This adjustment is to reflect reductions in special education
10 program operations or services between 1996-97 and subsequent
11 fiscal years. The department shall make adjustments for reductions
12 in special education program operations or services in a manner
13 determined by the department and shall include adjustments for
14 program or service shifts.

15 (4) If the department determines that the sum of the amounts
16 allocated for a fiscal year to a district or intermediate district
17 under subsection (2)(a) and (b) is not sufficient to fulfill the
18 specified percentages in subsection (2), then the department shall
19 pay the shortfall to the district or intermediate district during
20 the fiscal year beginning on the October 1 following the
21 determination and shall adjust payments under subsection (3) as
22 necessary. If the department determines that the sum of the amounts
23 allocated for a fiscal year to a district or intermediate district
24 under subsection (2)(a) and (b) exceeds the sum of the amount
25 necessary to fulfill the specified percentages in subsection (2),
26 then the department shall deduct the amount of the excess from the
27 district's or intermediate district's payments under this article
28 for the fiscal year beginning on the October 1 following the
29 determination and shall adjust payments under subsection (3) as

1 necessary. However, if the amount allocated under subsection (2)(a)
2 in itself exceeds the amount necessary to fulfill the specified
3 percentages in subsection (2), there is no deduction under this
4 subsection.

5 (5) State funds are allocated on a total approved cost basis.
6 Federal funds are allocated under applicable federal requirements.

7 (6) From the amount allocated in subsection (1), there is
8 allocated an amount not to exceed \$2,200,000.00 for ~~2020-2021-2021-~~
9 **2022** and there is allocated an amount not to exceed \$2,200,000.00
10 for ~~2021-2022-2022-2023~~ to reimburse 100% of the net increase in
11 necessary costs incurred by a district or intermediate district in
12 implementing the revisions in the administrative rules for special
13 education that became effective on July 1, 1987. As used in this
14 subsection, "net increase in necessary costs" means the necessary
15 additional costs incurred solely because of new or revised
16 requirements in the administrative rules minus cost savings
17 permitted in implementing the revised rules. The department shall
18 determine net increase in necessary costs in a manner specified by
19 the department.

20 (7) For purposes of this section and sections 51b to 58, all
21 of the following apply:

22 (a) "Total approved costs of special education" are determined
23 in a manner specified by the department and may include indirect
24 costs, but must not exceed 115% of approved direct costs for
25 section 52 and section 53a programs. The total approved costs
26 include salary and other compensation for all approved special
27 education personnel for the program, including payments for Social
28 Security and Medicare and public school employee retirement system
29 contributions. The total approved costs do not include salaries or

1 other compensation paid to administrative personnel who are not
2 special education personnel as that term is defined in section 6 of
3 the revised school code, MCL 380.6. Costs reimbursed by federal
4 funds, other than those federal funds included in the allocation
5 made under this article, are not included. Special education
6 approved personnel not utilized full time in the evaluation of
7 students or in the delivery of special education programs,
8 ancillary, and other related services are reimbursed under this
9 section only for that portion of time actually spent providing
10 these programs and services, with the exception of special
11 education programs and services provided to youth placed in child
12 caring institutions or juvenile detention programs approved by the
13 department to provide an on-grounds education program.

14 (b) Beginning with the 2004-2005 fiscal year, a district or
15 intermediate district that employed special education support
16 services staff to provide special education support services in
17 2003-2004 or in a subsequent fiscal year and that in a fiscal year
18 after 2003-2004 receives the same type of support services from
19 another district or intermediate district shall report the cost of
20 those support services for special education reimbursement purposes
21 under this article. This subdivision does not prohibit the transfer
22 of special education classroom teachers and special education
23 classroom aides if the pupils counted in membership associated with
24 those special education classroom teachers and special education
25 classroom aides are transferred and counted in membership in the
26 other district or intermediate district in conjunction with the
27 transfer of those teachers and aides.

28 (c) If the department determines before bookclosing for a
29 fiscal year that the amounts allocated for that fiscal year under

subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 will exceed expenditures for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56, then for a district or intermediate district whose reimbursement for that fiscal year would otherwise be affected by subdivision (b), subdivision (b) does not apply to the calculation of the reimbursement for that district or intermediate district and the department shall calculate reimbursement for that district or intermediate district in the same manner as it was for 2003-2004. If the amount of the excess allocations under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 is not sufficient to fully fund the calculation of reimbursement to those districts and intermediate districts under this subdivision, then the department shall prorate calculations and resulting reimbursement under this subdivision on an equal percentage basis. ~~Beginning in 2015-2016,~~ ~~the~~ **The** amount of reimbursement under this subdivision for a fiscal year must not exceed \$2,000,000.00 for any district or intermediate district.

(d) Reimbursement for ancillary and other related services, as that term is defined by R 340.1701c of the Michigan Administrative Code, is not provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, must not be borne by the parent. In addition, the filing of claims must not delay the education of a pupil. A district or intermediate district is responsible for payment of a deductible amount and for an advance

1 payment required until the time a claim is paid.

2 (e) ~~Beginning with calculations for 2004-2005, if~~ **If** an
3 intermediate district purchases a special education pupil
4 transportation service from a constituent district that was
5 previously purchased from a private entity; if the purchase from
6 the constituent district is at a lower cost, adjusted for changes
7 in fuel costs; and if the cost shift from the intermediate district
8 to the constituent does not result in any net change in the revenue
9 the constituent district receives from payments under sections 22b
10 and 51c, then upon application by the intermediate district, the
11 department shall direct the intermediate district to continue to
12 report the cost associated with the specific identified special
13 education pupil transportation service and shall adjust the costs
14 reported by the constituent district to remove the cost associated
15 with that specific service.

16 (8) A pupil who is enrolled in a full-time special education
17 program conducted or administered by an intermediate district or a
18 pupil who is enrolled in the Michigan Schools for the Deaf and
19 Blind is not included in the membership count of a district, but is
20 counted in membership in the intermediate district of residence.

21 (9) Special education personnel transferred from 1 district to
22 another to implement the revised school code are entitled to the
23 rights, benefits, and tenure to which the ~~person~~ **individual** would
24 otherwise be entitled had that ~~person~~ **individual** been employed by
25 the receiving district originally.

26 (10) If a district or intermediate district uses money
27 received under this section for a purpose other than the purpose or
28 purposes for which the money is allocated, the department may
29 require the district or intermediate district to refund the amount

1 of money received. The department shall deposit money that is
 2 refunded in the state treasury to the credit of the state school
 3 aid fund.

4 (11) From the funds allocated in subsection (1), there is
 5 allocated the amount necessary, estimated at ~~\$2,400,000.00~~
 6 **\$2,900,000.00** for ~~2020-2021~~**2021-2022** and estimated at
 7 ~~\$2,900,000.00~~**\$1,500,000.00** for ~~2021-2022~~**2022-2023**, to pay the
 8 foundation allowances for pupils described in this subsection. The
 9 department shall calculate the allocation to a district under this
 10 subsection by multiplying the number of pupils described in this
 11 subsection who are counted in membership in the district times the
 12 sum of the foundation allowance under section 20 of the pupil's
 13 district of residence, plus the amount of the district's per-pupil
 14 allocation under section 20m, not to exceed the target foundation
 15 allowance for the current fiscal year, or, for a pupil described in
 16 this subsection who is counted in membership in a district that is
 17 a public school academy, times an amount equal to the amount per
 18 membership pupil under section 20(6). The department shall
 19 calculate the allocation to an intermediate district under this
 20 subsection in the same manner as for a district, using the
 21 foundation allowance under section 20 of the pupil's district of
 22 residence not to exceed the target foundation allowance for the
 23 current fiscal year and that district's per-pupil allocation under
 24 section 20m. This subsection applies to all of the following
 25 pupils:

26 (a) Pupils described in section 53a.

27 (b) Pupils counted in membership in an intermediate district
 28 who are not special education pupils and are served by the
 29 intermediate district in a juvenile detention or child caring

1 facility.

2 (c) Pupils with an emotional impairment counted in membership
3 by an intermediate district and provided educational services by
4 the department of health and human services.

5 (12) If it is determined that funds allocated under subsection
6 (2) or (11) or under section 51c will not be expended, funds up to
7 the amount necessary and available may be used to supplement the
8 allocations under subsection (2) or (11) or under section 51c in
9 order to fully fund those allocations. After payments under
10 subsections (2) and (11) and section 51c, the department shall
11 expend the remaining funds from the allocation in subsection (1) in
12 the following order:

13 (a) ~~100%~~ **One hundred percent** of the reimbursement required
14 under section 53a.

15 (b) ~~100%~~ **One hundred percent** of the reimbursement required
16 under subsection (6).

17 (c) ~~100%~~ **One hundred percent** of the payment required under
18 section 54.

19 (d) ~~100%~~ **One hundred percent** of the payment required under
20 subsection (3).

21 (e) ~~100%~~ **One hundred percent** of the payments under section 56.

22 (13) The allocations under subsections (2), (3), and (11) are
23 allocations to intermediate districts only and are not allocations
24 to districts, but instead are calculations used only to determine
25 the state payments under section 22b.

26 (14) If a public school academy that is not a cyber school, as
27 that term is defined in section 551 of the revised school code, MCL
28 380.551, enrolls under this section a pupil who resides outside of
29 the intermediate district in which the public school academy is

1 located and who is eligible for special education programs and
2 services according to statute or rule, or who is a child with a
3 disability, as that term is defined under the individuals with
4 disabilities education act, Public Law 108-446, the intermediate
5 district in which the public school academy is located and the
6 public school academy shall enter into a written agreement with the
7 intermediate district in which the pupil resides for the purpose of
8 providing the pupil with a free appropriate public education, and
9 the written agreement must include at least an agreement on the
10 responsibility for the payment of the added costs of special
11 education programs and services for the pupil. If the public school
12 academy that enrolls the pupil does not enter into an agreement
13 under this subsection, the public school academy shall not charge
14 the pupil's resident intermediate district or the intermediate
15 district in which the public school academy is located the added
16 costs of special education programs and services for the pupil, and
17 the public school academy is not eligible for any payouts based on
18 the funding formula outlined in the resident or nonresident
19 intermediate district's plan. If a pupil is not enrolled in a
20 public school academy under this subsection, the provision of
21 special education programs and services and the payment of the
22 added costs of special education programs and services for a pupil
23 described in this subsection are the responsibility of the district
24 and intermediate district in which the pupil resides.

25 (15) For the purpose of receiving its federal allocation under
26 part B of the individuals with disabilities education act, Public
27 Law 108-446, a public school academy that is a cyber school, as
28 that term is defined in section 551 of the revised school code, MCL
29 380.551, and is in compliance with section 553a of the revised

1 school code, MCL 380.553a, directly receives the federal allocation
2 under part B of the individuals with disabilities education act,
3 Public Law 108-446, from the intermediate district in which the
4 cyber school is located, as the subrecipient. If the intermediate
5 district does not distribute the funds described in this subsection
6 to the cyber school by the part B application due date of July 1,
7 the department may distribute the funds described in this
8 subsection directly to the cyber school according to the formula
9 prescribed in 34 CFR 300.705 and 34 CFR 300.816. **Beginning July 1,**
10 **2021, this subsection is subject to section 8c. It is the intent of**
11 **the legislature that the immediately preceding sentence apply**
12 **retroactively and is effective July 1, 2021.**

13 (16) For a public school academy that is a cyber school, as
14 that term is defined in section 551 of the revised school code, MCL
15 380.551, and is in compliance with section 553a of the revised
16 school code, MCL 380.553a, that enrolls a pupil under this section,
17 the intermediate district in which the cyber school is located
18 shall ensure that the cyber school complies with sections 1701a,
19 1703, 1704, 1751, 1752, 1756, and 1757 of the revised school code,
20 MCL 380.1701a, 380.1703, 380.1704, 380.1751, 380.1752, 380.1756,
21 and 380.1757; applicable rules; and the individuals with
22 disabilities education act, Public Law 108-446. **Beginning July 1,**
23 **2021, this subsection is subject to section 8c. It is the intent of**
24 **the legislature that the immediately preceding sentence apply**
25 **retroactively and is effective July 1, 2021.**

26 (17) For the purposes of this section, the department or the
27 center shall only require a district or intermediate district to
28 report information that is not already available from the financial
29 information database maintained by the center.

1 Sec. 51c. As required by the court in the consolidated cases
 2 known as *Durant v State of Michigan*, 456 Mich 175 (1997), from the
 3 allocation under section 51a(1), there is allocated for ~~2020-2021~~
 4 ~~and for 2021-2022,~~ **2022-2023**, the amount necessary, estimated at
 5 ~~\$702,500,000.00 for 2020-2021 and \$733,400,000.00~~ **\$710,000,000.00**
 6 for ~~2021-2022,~~ **2022-2023**, for payments to reimburse districts for
 7 28.6138% of total approved costs of special education excluding
 8 costs reimbursed under section 53a, and 70.4165% of total approved
 9 costs of special education transportation. Funds allocated under
 10 this section that are not expended in the fiscal year for which
 11 they were allocated, as determined by the department, may be used
 12 to supplement the allocations under sections 22a and 22b to fully
 13 fund those allocations for the same fiscal year. For each fund
 14 transfer as described in the immediately preceding sentence that
 15 occurs, the state budget director shall send notification of the
 16 transfer to the house and senate appropriations subcommittees on
 17 state school aid and the house and senate fiscal agencies by not
 18 later than 14 calendar days after the transfer occurs.

19 Sec. 51d. (1) From the federal funds appropriated in section
 20 11, ~~there is allocated for 2020-2021 all available federal funding,~~
 21 ~~estimated at \$83,195,000.00, and there is allocated for 2021-2022~~
 22 **2022-2023** all available federal funding, estimated at
 23 \$71,000,000.00, for special education programs and services that
 24 are funded by federal grants. The department shall distribute all
 25 federal funds allocated under this section in accordance with
 26 federal law. Notwithstanding section 17b, the department shall make
 27 payments of federal funds to districts, intermediate districts, and
 28 other eligible entities under this section on a schedule determined
 29 by the department.

(2) From the federal funds allocated under subsection (1), the following amounts are allocated:

(a) ~~For 2020-2021, an amount estimated at \$19,822,000.00 for handicapped infants and toddlers, funded from DED-OSERS,~~
~~handicapped infants and toddlers funds.~~ For 2021-2022, **2022-2023**, an amount estimated at \$14,000,000.00 for handicapped infants and toddlers, funded from DED-OSERS, handicapped infants and toddlers funds.

(b) ~~For 2020-2021, an amount estimated at \$20,373,000.00 for preschool grants under Public Law 94-142, funded from DED-OSERS,~~
~~handicapped preschool incentive funds.~~ For 2021-2022, **2022-2023**, an amount estimated at \$14,000,000.00 for preschool grants under Public Law 94-142, funded from DED-OSERS, handicapped preschool incentive funds.

(c) ~~For 2020-2021 and for 2021-2022, **2022-2023**,~~ an amount estimated at \$43,000,000.00 for special education programs funded by DED-OSERS, handicapped program, individuals with disabilities act funds.

(3) As used in this section, "DED-OSERS" means the United States Department of Education Office of Special Education and Rehabilitative Services.

Sec. 51f. (1) From the funds appropriated under section 11, there is allocated for ~~2021-2022~~ **2022-2023** an amount not to exceed \$90,207,000.00 for payments to districts and intermediate districts to increase the level of reimbursement of costs associated with providing special education services required under state and federal law.

(2) A district's or intermediate district's allocation under this section is equal to the level percentage multiplied by each

1 district's or intermediate district's costs reported to the center
2 on the special education actual cost report, known as "SE-4096" as
3 referred to under section 18(6), as approved by the department.

4 (3) The total reimbursement under this section and under
5 section 51c must not exceed the total reported costs for a district
6 or intermediate district.

7 (4) For ~~2021-2022~~, **2022-2023**, the level percentage is
8 estimated at 3.0%.

9 (5) For the purposes of this section, "level percentage" means
10 the percentage calculated by dividing the allocation in subsection
11 (1) by the total of costs reported to the center on the special
12 education actual cost report, known as "SE-4096" as referred to
13 under section 18(6), as approved by the department.

14 Sec. 53a. (1) For districts, reimbursement for pupils
15 described in subsection (2) is 100% of the total approved costs of
16 operating special education programs and services approved by the
17 department and included in the intermediate district plan adopted
18 under article 3 of the revised school code, MCL 380.1701 to
19 380.1761, minus the district's foundation allowance calculated
20 under section 20 and minus the district's per-pupil allocation
21 under section 20m. For intermediate districts, the department shall
22 calculate reimbursement for pupils described in subsection (2) in
23 the same manner as for a district, using the foundation allowance
24 under section 20 of the pupil's district of residence, not to
25 exceed the target foundation allowance under section 20 for the
26 current fiscal year plus the amount of the district's per-pupil
27 allocation under section 20m.

28 (2) Reimbursement under subsection (1) is for the following
29 special education pupils:

1 (a) Pupils assigned to a district or intermediate district
2 through the community placement program of the courts or a state
3 agency, if the pupil was a resident of another intermediate
4 district at the time the pupil came under the jurisdiction of the
5 court or a state agency.

6 (b) Pupils who are residents of institutions operated by the
7 department of health and human services.

8 (c) Pupils who are former residents of department of community
9 health institutions for the developmentally disabled who are placed
10 in community settings other than the pupil's home.

11 (d) Pupils enrolled in a department-approved on-grounds
12 educational program longer than 180 days, but not longer than 233
13 days, at a residential child care institution, if the child care
14 institution offered in 1991-92 an on-grounds educational program
15 longer than 180 days but not longer than 233 days.

16 (e) Pupils placed in a district by a parent for the purpose of
17 seeking a suitable home, if the parent does not reside in the same
18 intermediate district as the district in which the pupil is placed.

19 (3) Only those costs that are clearly and directly
20 attributable to educational programs for pupils described in
21 subsection (2), and that would not have been incurred if the pupils
22 were not being educated in a district or intermediate district, are
23 reimbursable under this section.

24 (4) The costs of transportation are funded under this section
25 and are not reimbursed under section 58.

26 (5) The department shall not allocate more than \$10,500,000.00
27 of the allocation for ~~2021-2022-2022-2023~~ in section 51a(1) under
28 this section.

29 Sec. 54. Each intermediate district receives an amount per

pupil for each pupil in attendance at the Michigan Schools for the Deaf and Blind. The amount is proportionate to the total instructional cost at each school. The department shall not allocate more than \$1,688,000.00 of the allocation for ~~2021-2022~~ **2022-2023** in section 51a(1) under this section.

Sec. 54b. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed \$1,600,000.00 for ~~2021-2022~~ **2022-2023** to continue the implementation of the recommendations of the special education reform task force published in January 2016.

(2) The department shall use funds allocated under this section for the purpose of piloting statewide implementation of the ~~Michigan Integrated Behavior and Learning Support Initiative (MiBLSI)~~, **MIMTSS Center**, a nationally recognized program that includes positive behavioral intervention and supports and provides a statewide structure to support local initiatives for an integrated behavior and reading program. With the assistance of the intermediate districts involved in ~~MiBLSI~~, **the MIMTSS Center**, the department shall identify a number of intermediate districts to participate in the pilot that is sufficient to ensure that ~~MiBLSI~~ **the MIMTSS Center** can be implemented statewide with fidelity and sustainability. In addition, the department shall identify an intermediate district to act as a fiscal agent for these funds.

(3) As used in this section, "MIMTSS Center" means the **Michigan Multi-tiered System of Supports Center**.

Sec. 54d. (1) From the state school aid fund money appropriated in section 11, there is allocated an amount not to exceed \$14,150,000.00 for ~~2021-2022~~ **2022-2023** to intermediate districts for the purpose of providing state early on services

1 programs for children from birth to 3 years of age with a
2 developmental delay or a disability, or both, and their families,
3 as described in the early on Michigan state plan, as approved by
4 the department.

5 (2) To be eligible to receive grant funding under this
6 section, each intermediate district must apply in a form and manner
7 determined by the department.

8 (3) The grant funding allocated under this section must be
9 used to increase early on services and resources available to
10 children that demonstrate developmental delays to help prepare them
11 for success as they enter school. State early on services include
12 evaluating and providing early intervention services for eligible
13 infants and toddlers and their families to address developmental
14 delays, including those affecting physical, cognitive,
15 communication, adaptive, social, or emotional development. Grant
16 funds must not be used to supplant existing services that are
17 currently being provided.

18 (4) The department shall distribute the funds allocated under
19 subsection (1) to intermediate districts according to the
20 department's early on funding formula utilized to distribute the
21 federal award to Michigan under part C of the individuals with
22 disabilities education act, Public Law 108-446. Funds received
23 under this section must not supplant existing funds or resources
24 allocated for early on early intervention services. An intermediate
25 district receiving funds under this section shall maximize the
26 capture of Medicaid funds to support early on early intervention
27 services to the extent possible.

28 (5) Each intermediate district that receives funds under this
29 section shall report data and other information to the department

1 in a form, manner, and frequency prescribed by the department to
 2 allow for monitoring and evaluation of the program and to ensure
 3 that the children described in subsection (1) received appropriate
 4 levels and types of services delivered by qualified personnel,
 5 based on the individual needs of the children and their families.

6 (6) Notwithstanding section 17b, the department shall make
 7 payments under this section on a schedule determined by the
 8 department.

9 (7) Grant funds awarded and allocated to an intermediate
 10 district under this section must be expended by the grant recipient
 11 before June 30 of the fiscal year immediately following the fiscal
 12 year in which the funds were received.

13 Sec. 55. (1) From the general fund money appropriated in
 14 section 11, there is allocated an amount not to exceed ~~\$250,000.00~~
 15 **\$300,000.00** for ~~2021-2022~~ **2022-2023** to the Conductive Learning
 16 Center ~~located at~~ **operating in cooperation with** Aquinas College.
 17 This funding must be used to support the operational costs of the
 18 conductive education model taught at the Conductive Learning Center
 19 to maximize the independence and mobility of children and adults
 20 with neuromotor disabilities. The conductive education model funded
 21 under this section must be based on the concept of neuroplasticity
 22 and the ability of people to learn and improve when they are
 23 motivated, regardless of the severity of their disability.

24 (2) Notwithstanding section 17b, the department shall
 25 distribute the funding allocated under this section to the
 26 Conductive Learning Center not later than December 1, ~~2021-2022~~.

27 Sec. 56. (1) For the purposes of this section:

28 (a) "Membership" means for a particular fiscal year the total
 29 membership of the intermediate district and the districts

1 constituent to the intermediate district, except that if a district
2 has elected not to come under part 30 of the revised school code,
3 MCL 380.1711 to 380.1741, membership of the district is not
4 included in the membership of the intermediate district.

5 (b) "Millage levied" means the millage levied for special
6 education under part 30 of the revised school code, MCL 380.1711 to
7 380.1741, including a levy for debt service obligations.

8 (c) "Taxable value" means the total taxable value of the
9 districts constituent to an intermediate district, except that if a
10 district has elected not to come under part 30 of the revised
11 school code, MCL 380.1711 to 380.1741, taxable value of the
12 district is not included in the taxable value of the intermediate
13 district.

14 (2) From the allocation under section 51a(1), there is
15 allocated ~~an amount not to exceed \$40,008,100.00 for 2020-2021 and~~
16 an amount not to exceed \$40,008,100.00 for ~~2021-2022~~ **2022-2023** to
17 reimburse intermediate districts levying millages for special
18 education under part 30 of the revised school code, MCL 380.1711 to
19 380.1741. The purpose, use, and expenditure of the reimbursement
20 are limited as if the funds were generated by these millages and
21 governed by the intermediate district plan adopted under article 3
22 of the revised school code, MCL 380.1701 to 380.1761. As a
23 condition of receiving funds under this section, an intermediate
24 district distributing any portion of special education millage
25 funds to its constituent districts must submit for departmental
26 approval and implement a distribution plan.

27 ~~(3) Except as otherwise provided in this subsection,~~
28 ~~reimbursement for those millages levied in 2019-2020 is made in~~
29 ~~2020-2021 at an amount per 2019-2020 membership pupil computed by~~

~~subtracting from \$208,800.00 the 2019-2020 taxable value behind each membership pupil and multiplying the resulting difference by the 2019-2020 millage levied, and then subtracting from that amount the 2019-2020 local community stabilization share revenue for special education purposes behind each membership pupil for reimbursement of personal property exemption loss under the local community stabilization authority act, 2014 PA 86, MCL 123.1341 to 123.1362. Reimbursement in 2020-2021 for an intermediate district whose 2017-2018 allocation was affected by the operation of subsection (5) is an amount equal to 102.5% of the 2017-2018 allocation to that intermediate district.~~

(3) ~~(4)~~ Except as otherwise provided in this subsection, reimbursement for those millages levied in ~~2020-2021~~ **2021-2022** is made in ~~2021-2022~~ **2022-2023** at an amount per ~~2020-2021~~ **2021-2022** membership pupil computed by subtracting from ~~\$215,900.00~~ **\$227,700.00** the ~~2020-2021~~ **2021-2022** taxable value behind each membership pupil and multiplying the resulting difference by the ~~2020-2021~~ **2021-2022** millage levied, and then subtracting from that amount the ~~2020-2021~~ **2021-2022** local community stabilization share revenue for special education purposes **and 2021-2022 tax increment revenues captured by a brownfield redevelopment authority created under the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2670,** behind each membership pupil for reimbursement of personal property exemption loss under the local community stabilization authority act, 2014 PA 86, MCL 123.1341 to 123.1362, **and reimbursements paid under section 26d for tax increment revenues captured by a brownfield redevelopment authority created under the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2670.** Reimbursement in ~~2021-2022~~ **2022-2023**

1 for an intermediate district whose 2017-2018 allocation was
 2 affected by the operation of subsection ~~(5)~~ **(4)** is an amount equal
 3 to 102.5% of the 2017-2018 allocation to that intermediate
 4 district.

5 **(4)** ~~(5)~~ The department shall ensure that the amount paid to a
 6 single intermediate district under ~~this section~~ **subsection (2)** does
 7 not exceed 62.9% of the total amount allocated under subsection
 8 (2).

9 **(5)** ~~(6)~~ The department shall ensure that the amount paid to a
 10 single intermediate district under ~~this section~~ **subsection (2)** is
 11 not less than 75% of the amount allocated to the intermediate
 12 district under ~~this section~~ **subsection (2)** for the immediately
 13 preceding fiscal year.

14 **(6)** ~~(7)~~ From the ~~state school aid fund money appropriated in~~
 15 ~~section 11,~~ **allocation under section 51a(1)**, there is allocated an
 16 amount not to exceed \$34,200,000.00 for ~~2021-2022~~ **2022-2023** to
 17 provide payments to intermediate districts levying millages for
 18 special education under part 30 of the revised school code, MCL
 19 380.1711 to 380.1741. The purpose, use, and expenditure of the
 20 payments under this subsection are limited as if the funds were
 21 generated by these millages and governed by the intermediate
 22 district plan adopted under article 3 of the revised school code,
 23 MCL 380.1701 to 380.1761. The department shall provide a payment
 24 under this subsection to each intermediate district described in
 25 this subsection as follows:

26 (a) Except as otherwise provided in this subsection, for an
 27 intermediate district with a ~~2020-2021~~ **2021-2022** 3-year average
 28 special education millage revenue per pupil that is less than
 29 \$251.00 and that is levying at least 46.2% but less than 60.0% of

its maximum millage rate allowed under section 1724a of the revised school code, MCL 380.1724a, an amount computed by subtracting from \$251.00 the ~~2020-2021-2021-2022~~ 3-year average special education millage revenue per pupil and, only if the millage levied by the intermediate district is less than 1, multiplying that amount by the number of mills levied divided by 1, and then multiplying that amount by the ~~2020-2021-2021-2022~~ 3-year average membership, and then subtracting from that amount the amount allocated under subsection (2) for ~~2021-2022.~~ **2022-2023**. If the calculation under this subdivision results in an amount below zero, there is no payment under this subdivision.

(b) Except as otherwise provided in this subsection, for an intermediate district with a ~~2020-2021-2021-2022~~ 3-year average special education millage revenue per pupil that is less than ~~\$281.00~~ **\$296.00** and that is levying at least 60.0% of its maximum millage rate allowed under section 1724a of the revised school code, MCL 380.1724a, an amount computed by subtracting from ~~\$281.00~~ **\$296.00** the ~~2020-2021-2021-2022~~ 3-year average special education millage revenue per pupil, and, only if the millage levied by the intermediate district is less than 1, multiplying that amount by the number of mills levied divided by 1, and then multiplying that amount by the ~~2020-2021-2021-2022~~ 3-year average membership, and then subtracting from that amount the amount allocated under subsection (2) for ~~2021-2022.~~ **2022-2023**. If the calculation under this subdivision results in an amount below zero, there is no payment under this subdivision.

(7) ~~(8)~~ As used in subsection ~~(7)~~ **(6)**:

(a) ~~"2020-2021"~~ **"2021-2022"** 3-year average membership" means the 3-year average pupil membership for ~~2018-2019,~~ 2019-2020, ~~and 2020-~~

1 2021, and 2021-2022.

2 (b) "~~2020-2021~~"**2021-2022** 3-year average special education
3 millage revenue per pupil" means the 3-year average taxable value
4 per mill levied behind each membership pupil for ~~2018-2019, 2019-~~
5 ~~2020, and 2020-2021,~~ and **2021-2022** multiplied by the ~~2020-2021~~
6 **2021-2022** millage levied.

7 Sec. 61a. (1) From the state school aid fund money
8 appropriated in section 11, there is allocated an amount not to
9 exceed \$37,611,300.00 for ~~2021-2022-2022-2023~~ to reimburse on an
10 added cost basis districts, except for a district that served as
11 the fiscal agent for a vocational education consortium in the 1993-
12 94 school year and that has a foundation allowance as calculated
13 under section 20 greater than the ~~minimum~~-**target** foundation
14 allowance under that section, and secondary area vocational-
15 technical education centers for secondary-level career and
16 technical education programs according to rules approved by the
17 superintendent. Applications for participation in the programs must
18 be submitted in the form prescribed by the department. The
19 department shall determine the added cost for each career and
20 technical education program area. The department shall prioritize
21 the allocation of added cost funds based on the capital and program
22 expenditures needed to operate the career and technical education
23 programs provided; the number of pupils enrolled; the advancement
24 of pupils through the instructional program; the existence of an
25 articulation agreement with at least 1 postsecondary institution
26 that provides pupils with opportunities to earn postsecondary
27 credit during the pupil's participation in the career and technical
28 education program and transfers those credits to the postsecondary
29 institution upon completion of the career and technical education

1 program; and the program rank in student placement, job openings,
2 and wages, and shall ensure that the allocation does not exceed 75%
3 of the added cost of any program. Notwithstanding any rule or
4 department determination to the contrary, when determining a
5 district's allocation or the formula for making allocations under
6 this section, the department shall include the participation of
7 pupils in grade 9 in all of those determinations and in all
8 portions of the formula. With the approval of the department, the
9 board of a district maintaining a secondary career and technical
10 education program may offer the program for the period from the
11 close of the school year until September 1. The program shall use
12 existing facilities and must be operated as prescribed by rules
13 promulgated by the superintendent.

14 (2) Except for a district that served as the fiscal agent for
15 a vocational education consortium in the 1993-94 school year, the
16 department shall reimburse districts and intermediate districts for
17 local career and technical education administration, shared time
18 career and technical education administration, and career education
19 planning district career and technical education administration.
20 The superintendent shall adopt guidelines for the definition of
21 what constitutes administration and shall make reimbursement
22 pursuant to those guidelines. The department shall not distribute
23 more than \$800,000.00 of the allocation in subsection (1) under
24 this subsection.

25 (3) A career and technical education program funded under this
26 section may provide an opportunity for participants who are
27 eligible to be funded under section 107 to enroll in the career and
28 technical education program funded under this section if the
29 participation does not occur during regular school hours.

1 Sec. 61b. (1) From the ~~funds~~**state school aid fund money**
2 appropriated under section 11, there is allocated for ~~2021-2022~~
3 **2022-2023** an amount not to exceed \$8,000,000.00 ~~from the state~~
4 ~~school aid fund appropriation~~ for CTE early middle college and CTE
5 dual enrollment programs authorized under this section and for
6 planning grants for the development or expansion of CTE early
7 middle college programs. The purpose of these programs is to
8 increase the number of Michigan residents with high-quality degrees
9 or credentials, and to increase the number of students who are
10 college and career ready upon high school graduation.

11 (2) From the funds allocated under subsection (1), the
12 department shall allocate an amount as determined under this
13 subsection to each intermediate district serving as a fiscal agent
14 for state-approved CTE early middle college and CTE dual enrollment
15 programs in each of the career education planning districts
16 identified by the department. An intermediate district shall not
17 use more than 5% of the funds allocated under this subsection for
18 administrative costs for serving as the fiscal agent.

19 (3) To be an eligible fiscal agent, an intermediate district
20 must agree to do all of the following in a form and manner
21 determined by the department:

22 (a) Distribute funds to eligible CTE early middle college and
23 CTE dual enrollment programs in a career education planning
24 district as described in this section.

25 (b) Collaborate with the career and educational advisory
26 council in the workforce development board service delivery area to
27 develop 1 regional strategic plan under subsection (4) that aligns
28 CTE programs and services into an efficient and effective delivery
29 system for high school students. The department will align career

1 education planning districts, workforce development board service
2 delivery areas, and intermediate districts for the purpose of
3 creating 1 regional strategic plan for each workforce development
4 board service delivery area.

5 (c) Implement a regional process to rank career clusters in
6 the workforce development board service delivery area as described
7 under subsection (4). Regional processes must be approved by the
8 department before the ranking of career clusters.

9 (d) Report CTE early middle college and CTE dual enrollment
10 program and student data and information as prescribed by the
11 department and the center.

12 (e) The local education agency responsible for student
13 reporting in the Michigan student data system (MSDS) will report
14 the total number of college credits the student earned, at the time
15 of high school graduation, as determined by the department and the
16 center.

17 (f) The local education agency will report each award outcome
18 in the Michigan student data system (MSDS) that the CTE early
19 middle college student attained. For purposes of this subsection,
20 an on-track CTE early middle college graduate is a graduate who
21 obtained their high school diploma and at least 1 of the following:

22 (i) An associate's degree.

23 (ii) 60 transferrable college credits.

24 (iii) Professional certification.

25 (iv) A Michigan Early Middle College Association certificate.

26 (v) Participation in a registered apprenticeship.

27 (4) A regional strategic plan must be approved by the career
28 and educational advisory council before submission to the
29 department. A regional strategic plan must include, but is not

1 limited to, the following:

2 (a) An identification of regional employer need based on a
3 ranking of all career clusters in the workforce development board
4 service delivery area ranked by 10-year projections of annual job
5 openings and median wage for each standard occupational code in
6 each career cluster as obtained from the United States Bureau of
7 Labor Statistics. Standard occupational codes within high-ranking
8 clusters also may be further ranked by median wage and annual job
9 openings. The career and educational advisory council located in
10 the workforce development board service delivery area shall review
11 the rankings and modify them if necessary to accurately reflect
12 employer demand for talent in the workforce development board
13 service delivery area. A career and educational advisory council
14 shall document that it has conducted this review and certify that
15 it is accurate. These career cluster rankings must be determined
16 and updated once every 4 years.

17 (b) An identification of educational entities in the workforce
18 development board service delivery area that will provide eligible
19 CTE early middle college and CTE dual enrollment programs including
20 districts, intermediate districts, postsecondary institutions, and
21 noncredit occupational training programs leading to an industry-
22 recognized credential.

23 (c) A strategy to inform parents and students of CTE early
24 middle college and CTE dual enrollment programs in the workforce
25 development board service delivery area.

26 (d) Any other requirements as defined by the department.

27 (5) An eligible CTE program is a program that meets all of the
28 following:

29 (a) Has been identified in the highest 5 career cluster

rankings in any of the 16 workforce development board service delivery area strategic plans jointly approved by the department of labor and economic opportunity and the department.

(b) Has a coherent sequence of courses in a specific career cluster that will allow a student to earn a high school diploma and achieve at least 1 of the following:

(i) For CTE early middle college, outcomes as defined in subsection (3)(f).

(ii) For CTE dual enrollment, 1 of the following:

(A) An associate degree.

(D) Participation in a registered apprenticeship, pre-apprenticeship, or apprentice readiness program.

(c) Is aligned with the Michigan merit curriculum.

(d) Has an articulation or a college credit agreement with at least 1 postsecondary institution that provides students with opportunities to receive postsecondary credits during the student's participation in the CTE early middle college or CTE dual enrollment program and transfers those credits to the postsecondary institution upon completion of the CTE early middle college or CTE dual enrollment program.

(e) Provides instruction that is supervised, directed, or coordinated by an appropriately certificated CTE teacher or, for concurrent enrollment courses, a postsecondary faculty member.

(f) Provides for highly integrated student support services that include at least the following:

(i) Teachers as academic advisors.

1 (ii) Supervised course selection.

2 (iii) Monitoring of student progress and completion.

4 service center as described in the Michigan works one-stop service
5 center system act, 2006 PA 491, MCL 408.111 to 408.135, or by a
6 high school counselor or advisor.

7 (g) Has courses that are taught on a college campus, are
8 college courses offered at the high school and taught by college
9 faculty, or are courses taught in combination with online
10 instruction.

11 (6) The department shall distribute funds to eligible CTE
12 early middle college and CTE dual enrollment programs as follows:

13 (a) The department shall determine statewide average CTE costs
14 per pupil for each CIP code program by calculating statewide
15 average costs for each CIP code program for the 3 most recent
16 fiscal years.

17 (b) The distribution to each eligible CTE early middle college
18 or CTE dual enrollment program is the product of 50% of CTE costs
19 per pupil times the pupil enrollment of each eligible CTE early
20 middle college or CTE dual enrollment program in the immediately
21 preceding school year.

22 (7) In order to receive funds under this section, a CTE early
23 middle college or CTE dual enrollment program shall furnish to the

29 for which it receives funds; and shall reimburse the state for all

disallowances found in the review, as determined by the department.

(8) There is allocated for ~~2021-2022~~**2022-2023** from the funds under subsection (1) an amount not to exceed \$500,000.00 from the state school aid fund allocation for grants to intermediate districts or consortia of intermediate districts for the purpose of planning for new or expanded early middle college programs. Applications for grants must be submitted in a form and manner determined by the department. The amount of a grant under this subsection must not exceed \$50,000.00. To be eligible for a grant under this subsection, an intermediate district or consortia of intermediate districts must provide matching funds equal to the grant received under this subsection. Notwithstanding section 17b, the department shall make payments under this subsection in the manner determined by the department.

(9) Funds distributed under this section may be used to fund program expenditures that would otherwise be paid from foundation allowances. A program receiving funding under section 61a may receive funding under this section for allowable costs that exceed the reimbursement the program received under section 61a. The combined payments received by a program under section 61a and this section must not exceed the total allowable costs of the program. A program provider shall not use more than 5% of the funds allocated under this section to the program for administrative costs.

(10) If the allocation under subsection (1) is insufficient to fully fund payments as otherwise calculated under this section, the department shall prorate payments under this section on an equal percentage basis.

(11) If pupils enrolled in a career cluster in an eligible CTE early middle college or CTE dual enrollment program qualify to be

reimbursed under this section, those pupils continue to qualify for reimbursement until graduation, even if the career cluster is no longer identified as being in the highest 5 career cluster rankings.

(12) As used in this section:

(a) "Allowable costs" means those costs directly attributable to the program as jointly determined by the department of labor and economic opportunity and the department.

(b) "Career and educational advisory council" means an advisory council to the local workforce development boards located in a workforce development board service delivery area consisting of educational, employer, labor, and parent representatives.

1 area served by a CEPD must be located in an intermediate district
2 that did not levy a vocational education millage in ~~2021-2022~~.

3 (2) To receive funding under subsection (1), each eligible
4 CEPD must apply in a form and manner prescribed by the department.
5 Funding to each eligible CEPD must be equal to the quotient of the
6 allocation under subsection (1) and the sum of the number of career
7 education planning districts applying for funding under subsection
8 (1) that are located in an intermediate district that did not levy
9 a vocational education millage in ~~2021-2022~~.

10 (3) At least 50% of the funding allocated to each eligible
11 CEPD must be used to update equipment in current CTE programs that
12 have been identified in the highest 5 career cluster rankings in

20 should be used to support and enhance community areas that have
21 sustained job growth, and act as a commitment to build a more
22 qualified and skilled workforce. In addition, each CEPD is
23 encouraged to explore the option of leasing equipment from local
24 private industry to encourage the use of the most advanced
25 equipment.

26 (4) The allocation of funds at the local level must be
27 determined by CEPD administrators using data from the state,
28 region, and local sources to make well-informed decisions on
29 program equipment improvements. Grants awarded by CEPD

1 administrators for capital infrastructure must be used to ensure
 2 that CTE programs can deliver educational programs in high-wage,
 3 high-skill, and high-demand occupations. Each CEPD shall continue
 4 to ensure that program advisory boards make recommendations on
 5 needed improvements for equipment that support job growth and job
 6 skill development and retention for both the present and the
 7 future.

8 (5) Not later than September 15 of each fiscal year, each CEPD
 9 receiving funding shall annually report to the department, the
 10 senate and house appropriations subcommittees on school aid, the

 14 development of student skills.

15 (6) As used in this section:

16 (a) "CEPD" means a career education planning district
 17 described in this section.

18 (b) "CTE" means career and technical education.

19 Sec. 61d. (1) From the ~~appropriation~~ **state school aid fund**
 20 **money appropriated** in section 11, there is allocated for ~~2021-2022~~

 22 ~~school aid fund~~ for additional payments to districts for career and
 23 technical education programs for the purpose of increasing the
 24 number of Michigan residents with high-quality degrees or
 25 credentials, and to increase the number of pupils who are college-
 26 and career-ready upon high school graduation.

27 (2) The department shall calculate payments to districts under
 28 this section in the following manner:

29 (a) A payment of \$35.00 multiplied by the number of pupils in

grades 9 to 12 who are counted in membership in the district and are enrolled in at least 1 career and technical education program.

(b) An additional payment of \$35.00 multiplied by the number of pupils in grades 9 to 12 who are counted in membership in the district and are enrolled in at least 1 career and technical education program that provides instruction in critical skills and high-demand career fields.

(3) If the allocation under subsection (1) is insufficient to fully fund payments under subsection (2), the department shall prorate payments under this section on an equal per-pupil basis.

(4) If a student attends a career and technical education program at an intermediate district, the payment under subsection (2) attributable to that student must be split equally between the intermediate district providing the program and the district that counts the student in membership.

3 "engineering technologies and engineering-related fields".

4 (v) 26, which refers to "biological and biomedical sciences".

5 (vi) 46 through 48, which refers to "construction trades",
6 "mechanic and repair technologies/technicians", and "precision
7 production".

8 (vii) 51, which refers to "health professions and related
9 programs".

10 Sec. 62. (1) For the purposes of this section:

11 (a) "Membership" means for a particular fiscal year the total
12 membership of the intermediate district and the districts
13 constituent to the intermediate district or the total membership of
14 the area vocational-technical program, except that if a district
15 has elected not to come under sections 681 to 690 of the revised
16 school code, MCL 380.681 to 380.690, the membership of that
17 district are not included in the membership of the intermediate
18 district. However, the membership of a district that has elected
19 not to come under sections 681 to 690 of the revised school code,
20 MCL 380.681 to 380.690, is included in the membership of the
21 intermediate district if the district meets both of the following:

22 (i) The district operates the area vocational-technical
23 education program pursuant to a contract with the intermediate
24 district.

25 (ii) The district contributes an annual amount to the operation
26 of the program that is commensurate with the revenue that would
27 have been raised for operation of the program if millage were
28 levied in the district for the program under sections 681 to 690 of
29 the revised school code, MCL 380.681 to 380.690.

(b) "Millage levied" means the millage levied for area vocational-technical education under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, including a levy for debt service obligations incurred as the result of borrowing for capital outlay projects and in meeting capital projects fund requirements of area vocational-technical education.

(c) "Taxable value" means the total taxable value of the districts constituent to an intermediate district or area vocational-technical education program, except that if a district has elected not to come under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, the taxable value of that district is not included in the taxable value of the intermediate district. However, the taxable value of a district that has elected not to come under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, is included in the taxable value of the intermediate district if the district meets both of the following:

(i) The district operates the area vocational-technical education program pursuant to a contract with the intermediate district.

(ii) The district contributes an annual amount to the operation of the program that is commensurate with the revenue that would have been raised for operation of the program if millage were levied in the district for the program under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690.

(2) From the appropriation in section 11, there is allocated an amount not to exceed \$9,190,000.00 ~~each fiscal year for 2020-2021 and for 2021-2022~~ **2022-2023** to reimburse intermediate districts and area vocational-technical education programs established under section 690(3) of the revised school code, MCL

380.690, levying millages for area vocational-technical education under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690. The purpose, use, and expenditure of the reimbursement are limited as if the funds were generated by those millages.

~~(3) Reimbursement for those millages levied in 2019-2020 is made in 2020-2021 at an amount per 2019-2020 membership pupil computed by subtracting from \$218,700.00 the 2019-2020 taxable value behind each membership pupil and multiplying the resulting difference by the 2019-2020 millage levied, and then subtracting from that amount the 2019-2020 local community stabilization share revenue for area vocational technical education behind each membership pupil for reimbursement of personal property exemption loss under the local community stabilization authority act, 2014 PA 86, MCL 123.1341 to 123.1362.~~

(3) (4) Reimbursement for those millages levied in 2020-2021 2021-2022 is made in 2021-2022-2022-2023 at an amount per 2020-2021 2021-2022 membership pupil computed by subtracting from \$224,800.00 \$235,000.00 the 2020-2021-2021-2022 taxable value behind each membership pupil and multiplying the resulting difference by the 2020-2021-2021-2022 millage levied, and then subtracting from that amount the 2020-2021-2021-2022 local community stabilization share revenue for area vocational technical education and 2021-2022 tax increment revenues captured by a brownfield redevelopment authority created under the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2670, behind each membership pupil for reimbursement of personal property exemption loss under the local community stabilization authority act, 2014 PA 86, MCL 123.1341 to 123.1362, and reimbursements paid under section 26d for tax increment revenues captured by a brownfield redevelopment authority

1 under the brownfield redevelopment financing act, 1996 PA 381, MCL
2 125.2651 to 125.2670.

3 (4) ~~(5)~~—The department shall ensure that the amount paid to a
4 single intermediate district under this section does not exceed
5 38.4% of the total amount allocated under subsection (2).

6 (5) ~~(6)~~—The department shall ensure that the amount paid to a
7 single intermediate district under this section is not less than
8 75% of the amount allocated to the intermediate district under this
9 section for the immediately preceding fiscal year.

10 Sec. 65. (1) From the appropriation under section 11, there is

16 both of the following:

17 (a) An online mathematics tool that meets all of the
18 following:

20 mathematics support aligned with state standards through a program
21 that has all of the following elements:

22 (A) Student motivation.

8 literacy through the teaching of critical language and literacy
9 concepts, such as reading and listening comprehension, basic
10 vocabulary, academic language, grammar, phonological awareness,
11 phonics, and fluency.

12 (2) A grantee that receives funding under this section shall
13 comply with the requirements of section 19b.

14 (3) Notwithstanding section 17b, the department shall make
15 payments under this section by not later than December 1,
16 ~~2021-2022~~.

17 Sec. 99x. (1) From the general fund money appropriated under
18 section 11, there is allocated for ~~2021-2022-2022-2023~~ an amount

20 training institute in the city of Detroit, recruit teachers into a
21 master teacher fellowship, and retain a committed alumni community.
22 A program funded under this section must provide coaching and
23 professional development, with the goal to produce highly effective
24 teachers that move pupils beyond their growth benchmarks.

25 (2) Notwithstanding section 17b, the department shall make
26 payments under this section by not later than December 1,
27 ~~2021-2022~~.

28 Sec. 99aa. (1) From the state school aid fund money
29 appropriated in section 11, there is allocated an amount not to

1 exceed \$1,500,000.00 for ~~2021-2022~~**2022-2023** to 1 eligible
 2 intermediate district to provide opportunities for high school
 3 students with disabilities to train for, gain, and maintain
 4 competitive employment.

5 (2) An intermediate district that has partnered with Project
 6 SEARCH to provide the opportunities described in subsection (1) is
 7 an eligible intermediate district under this section.

8 (3) The funds allocated under this section for ~~2021-2022~~**2022-**
 9 **2023** are a work project appropriation, and any unexpended funds for
 10 ~~2021-2022~~**2022-2023** are carried forward into ~~2022-2023~~**2023-2024**.
 11 The purpose of the work project is to provide for the continuation
 12 of opportunities for high school students with disabilities as
 13 described in subsection (1). The estimated completion date of the
 14 work project is September 30, ~~2023~~**2024**.

15 Sec. 101. (1) To be eligible to receive state aid under this
 16 article, not later than the fifth Wednesday after the pupil
 17 membership count day and not later than the fifth Wednesday after
 18 the supplemental count day, each district superintendent shall
 19 submit and certify to the center and the intermediate
 20 superintendent, in the form and manner prescribed by the center,
 21 the number of pupils enrolled and in regular daily attendance,
 22 including identification of tuition-paying pupils, in the district
 23 as of the pupil membership count day and as of the supplemental
 24 count day, as applicable, for the current school year. In addition,
 25 a district maintaining school during the entire year shall submit
 26 and certify to the center and the intermediate superintendent, in
 27 the form and manner prescribed by the center, the number of pupils
 28 enrolled and in regular daily attendance in the district for the
 29 current school year pursuant to rules promulgated by the

1 superintendent. Not later than the sixth Wednesday after the pupil
2 membership count day and not later than the sixth Wednesday after
3 the supplemental count day, the district shall resolve any pupil
4 membership conflicts with another district, correct any data
5 issues, and recertify the data in a form and manner prescribed by
6 the center and file the certified data with the intermediate
7 superintendent. If a district fails to submit and certify the
8 attendance data, as required under this subsection, the center
9 shall notify the department and the department shall withhold state
10 aid due to be distributed under this article from the defaulting
11 district immediately, beginning with the next payment after the
12 failure and continuing with each payment until the district
13 complies with this subsection. If a district does not comply with
14 this subsection by the end of the fiscal year, the district
15 forfeits the amount withheld. A person who willfully falsifies a
16 figure or statement in the certified and sworn copy of enrollment
17 is subject to penalty as prescribed by section 161.

18 (2) To be eligible to receive state aid under this article,
19 not later than the twenty-fourth Wednesday after the pupil
20 membership count day and not later than the twenty-fourth Wednesday
21 after the supplemental count day, an intermediate district shall
22 submit to the center, in a form and manner prescribed by the
23 center, the audited enrollment and attendance data as described in
24 subsection (1) for the pupils of its constituent districts and of
25 the intermediate district. If an intermediate district fails to
26 submit the audited data as required under this subsection, the
27 department shall withhold state aid due to be distributed under
28 this article from the defaulting intermediate district immediately,
29 beginning with the next payment after the failure and continuing

1 with each payment until the intermediate district complies with
2 this subsection. If an intermediate district does not comply with
3 this subsection by the end of the fiscal year, the intermediate
4 district forfeits the amount withheld.

5 (3) Except as otherwise provided in subsections (11) and (12)
6 all of the following apply to the provision of pupil instruction:

7 (a) Except as otherwise provided in this section, each
8 district shall provide at least 1,098 hours and 180 days of pupil
9 instruction. If a collective bargaining agreement that provides a
10 complete school calendar was in effect for employees of a district
11 as of June 24, 2014, and if that school calendar is not in
12 compliance with this subdivision, then this subdivision does not
13 apply to that district until after the expiration of that
14 collective bargaining agreement. A district may apply for a waiver
15 under subsection (9) from the requirements of this subdivision.

16 (b) Except as otherwise provided in this article, a district
17 failing to comply with the required minimum hours and days of pupil
18 instruction under this subsection forfeits from its total state aid
19 allocation an amount determined by applying a ratio of the number
20 of hours or days the district was in noncompliance in relation to
21 the required minimum number of hours and days under this
22 subsection. Not later than the first business day in August, the
23 board of each district shall either certify to the department that
24 the district was in full compliance with this section regarding the
25 number of hours and days of pupil instruction in the previous
26 school year, or report to the department, in a form and manner
27 prescribed by the center, each instance of noncompliance. If the
28 district did not provide at least the required minimum number of
29 hours and days of pupil instruction under this subsection, the

1 department shall make the deduction of state aid in the following
2 fiscal year from the first payment of state school aid. A district
3 is not subject to forfeiture of funds under this subsection for a
4 fiscal year in which a forfeiture was already imposed under
5 subsection (6).

6 (c) Hours or days lost because of strikes or teachers'
7 conferences are not counted as hours or days of pupil instruction.

8 (d) Except as otherwise provided in subdivisions (e) and (f),
9 if a district does not have at least 75% of the district's
10 membership in attendance on any day of pupil instruction, the
11 department shall pay the district state aid in that proportion of
12 $1/180$ that the actual percent of attendance bears to 75%.

13 (e) If a district adds 1 or more days of pupil instruction to
14 the end of its instructional calendar for a school year to comply
15 with subdivision (a) because the district otherwise would fail to
16 provide the required minimum number of days of pupil instruction
17 even after the operation of subsection (4) due to conditions not
18 within the control of school authorities, then subdivision (d) does
19 not apply for any day of pupil instruction that is added to the end
20 of the instructional calendar. Instead, for any of those days, if
21 the district does not have at least 60% of the district's
22 membership in attendance on that day, the department shall pay the
23 district state aid in that proportion of $1/180$ that the actual
24 percentage of attendance bears to 60%. For any day of pupil
25 instruction added to the instructional calendar as described in
26 this subdivision, the district shall report to the department the
27 percentage of the district's membership that is in attendance, in
28 the form and manner prescribed by the department.

29 (f) At the request of a district that operates a department-

1 approved alternative education program and that does not provide
2 instruction for pupils in all of grades K to 12, the superintendent
3 shall grant a waiver from the requirements of subdivision (d). The
4 waiver must provide that an eligible district is subject to the
5 proration provisions of subdivision (d) only if the district does
6 not have at least 50% of the district's membership in attendance on
7 any day of pupil instruction. In order to be eligible for this
8 waiver, a district must maintain records to substantiate its
9 compliance with the following requirements:

10 (i) The district offers the minimum hours of pupil instruction
11 as required under this section.

12 (ii) For each enrolled pupil, the district uses appropriate
13 academic assessments to develop an individual education plan that
14 leads to a high school diploma.

15 (iii) The district tests each pupil to determine academic
16 progress at regular intervals and records the results of those
17 tests in that pupil's individual education plan.

18 (g) All of the following apply to a waiver granted under
19 subdivision (f):

20 (i) If the waiver is for a blended model of delivery, a waiver
21 that is granted for the 2011-2012 fiscal year or a subsequent
22 fiscal year remains in effect unless it is revoked by the
23 superintendent.

24 (ii) If the waiver is for a 100% online model of delivery and
25 the educational program for which the waiver is granted makes
26 educational services available to pupils for a minimum of at least
27 1,098 hours during a school year and ensures that each pupil
28 participates in the educational program for at least 1,098 hours
29 during a school year, a waiver that is granted for the 2011-2012

1 fiscal year or a subsequent fiscal year remains in effect unless it
2 is revoked by the superintendent.

3 (iii) A waiver that is not a waiver described in subparagraph
4 (i) or (ii) is valid for 3 fiscal years, unless it is revoked by the
5 superintendent, and must be renewed at the end of the 3-year period
6 to remain in effect.

7 (h) The superintendent shall promulgate rules for the
8 implementation of this subsection.

9 (4) Except as otherwise provided in this subsection, the first
10 6 days or the equivalent number of hours for which pupil
11 instruction is not provided because of conditions not within the
12 control of school authorities, such as severe storms, fires,
13 epidemics, utility power unavailability, water or sewer failure, or
14 health conditions as defined by the city, county, or state health
15 authorities, are counted as hours and days of pupil instruction.
16 With the approval of the superintendent of public instruction, the
17 department shall count as hours and days of pupil instruction for a
18 fiscal year not more than 3 additional days or the equivalent
19 number of additional hours for which pupil instruction is not
20 provided in a district due to unusual and extenuating occurrences
21 resulting from conditions not within the control of school
22 authorities such as those conditions described in this subsection.
23 Subsequent such hours or days are not counted as hours or days of
24 pupil instruction.

25 (5) A district does not forfeit part of its state aid
26 appropriation because it adopts or has in existence an alternative
27 scheduling program for pupils in kindergarten if the program
28 provides at least the number of hours required under subsection (3)
29 for a full-time equated membership for a pupil in kindergarten as

1 provided under section 6(4).

2 (6) In addition to any other penalty or forfeiture under this
3 section, if at any time the department determines that 1 or more of
4 the following have occurred in a district, the district forfeits in
5 the current fiscal year beginning in the next payment to be
6 calculated by the department a proportion of the funds due to the
7 district under this article that is equal to the proportion below
8 the required minimum number of hours and days of pupil instruction
9 under subsection (3), as specified in the following:

10 (a) The district fails to operate its schools for at least the
11 required minimum number of hours and days of pupil instruction
12 under subsection (3) in a school year, including hours and days
13 counted under subsection (4).

14 (b) The board of the district takes formal action not to
15 operate its schools for at least the required minimum number of
16 hours and days of pupil instruction under subsection (3) in a
17 school year, including hours and days counted under subsection (4).

18 (7) In providing the minimum number of hours and days of pupil
19 instruction required under subsection (3), a district shall use the
20 following guidelines, and a district shall maintain records to
21 substantiate its compliance with the following guidelines:

22 (a) Except as otherwise provided in this subsection, a pupil
23 must be scheduled for at least the required minimum number of hours
24 of instruction, excluding study halls, or at least the sum of 90
25 hours plus the required minimum number of hours of instruction,
26 including up to 2 study halls.

27 (b) The time a pupil is assigned to any tutorial activity in a
28 block schedule may be considered instructional time, unless that
29 time is determined in an audit to be a study hall period.

1 (c) Except as otherwise provided in this subdivision, a pupil
2 in grades 9 to 12 for whom a reduced schedule is determined to be
3 in the individual pupil's best educational interest must be
4 scheduled for a number of hours equal to at least 80% of the
5 required minimum number of hours of pupil instruction to be
6 considered a full-time equivalent pupil. A pupil in grades 9 to 12
7 who is scheduled in a 4-block schedule may receive a reduced
8 schedule under this subsection if the pupil is scheduled for a
9 number of hours equal to at least 75% of the required minimum
10 number of hours of pupil instruction to be considered a full-time
11 equivalent pupil.

12 (d) If a pupil in grades 9 to 12 who is enrolled in a
13 cooperative education program or a special education pupil cannot
14 receive the required minimum number of hours of pupil instruction
15 solely because of travel time between instructional sites during
16 the school day, that travel time, up to a maximum of 3 hours per
17 school week, is considered to be pupil instruction time for the
18 purpose of determining whether the pupil is receiving the required
19 minimum number of hours of pupil instruction. However, if a
20 district demonstrates to the satisfaction of the department that
21 the travel time limitation under this subdivision would create
22 undue costs or hardship to the district, the department may
23 consider more travel time to be pupil instruction time for this
24 purpose.

25 (e) In grades 7 through 12, instructional time that is part of
26 a Junior Reserve Officer Training Corps (JROTC) program is
27 considered to be pupil instruction time regardless of whether the
28 instructor is a certificated teacher if all of the following are
29 met:

1 (i) The instructor has met all of the requirements established
2 by the United States Department of Defense and the applicable
3 branch of the armed services for serving as an instructor in the
4 Junior Reserve Officer Training Corps program.

5 (ii) The board of the district or intermediate district
6 employing or assigning the instructor complies with the
7 requirements of sections 1230 and 1230a of the revised school code,
8 MCL 380.1230 and 380.1230a, with respect to the instructor to the
9 same extent as if employing the instructor as a regular classroom
10 teacher.

11 (8) Except as otherwise provided in subsections (11) and (12),
12 the department shall apply the guidelines under subsection (7) in
13 calculating the full-time equivalency of pupils.

14 (9) Upon application by the district for a particular fiscal
15 year, the superintendent shall waive for a district the minimum
16 number of hours and days of pupil instruction requirement of
17 subsection (3) for a department-approved alternative education
18 program or another innovative program approved by the department,
19 including a 4-day school week. If a district applies for and
20 receives a waiver under this subsection and complies with the terms
21 of the waiver, the district is not subject to forfeiture under this
22 section for the specific program covered by the waiver. If the
23 district does not comply with the terms of the waiver, the amount
24 of the forfeiture is calculated based upon a comparison of the
25 number of hours and days of pupil instruction actually provided to
26 the minimum number of hours and days of pupil instruction required
27 under subsection (3). A district shall report pupils enrolled in a
28 department-approved alternative education program under this
29 subsection to the center in a form and manner determined by the

center. All of the following apply to a waiver granted under this subsection:

(a) If the waiver is for a blended model of delivery, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(b) If the waiver is for a 100% online model of delivery and the educational program for which the waiver is granted makes educational services available to pupils for a minimum of at least 1,098 hours during a school year and ensures that each pupil is on track for course completion at proficiency level, a waiver that is granted for the 2011-2012 fiscal year or a subsequent fiscal year remains in effect unless it is revoked by the superintendent.

(c) A waiver that is not a waiver described in subdivision (a) or (b) is valid for 3 fiscal years, unless it is revoked by the superintendent, and must be renewed at the end of the 3-year period to remain in effect.

(10) A district may count up to 38 hours of professional development for teachers as hours of pupil instruction. All of the following apply to the counting of professional development as pupil instruction under this subsection:

(a) If the professional development exceeds 5 hours in a single day, that day may be counted as a day of pupil instruction.

(b) At least 8 hours of the professional development counted as hours of pupil instruction under this subsection must be recommended by a districtwide professional development advisory committee appointed by the district board. The advisory committee must be composed of teachers employed by the district who represent a variety of grades and subject matter specializations, including

1 special education; nonteaching staff; parents; and administrators.
2 The majority membership of the committee must be composed of
3 teaching staff.

4 (c) Professional development provided online is allowable and
5 encouraged, as long as the instruction has been approved by the
6 district. The department shall issue a list of approved online
7 professional development providers that must include the Michigan
8 Virtual School.

9 (d) Professional development may only be counted as hours of
10 pupil instruction under this subsection for the pupils of those
11 teachers scheduled to participate in the professional development.

12 (e) The professional development must meet all of the
13 following to be counted as pupil instruction under this subsection:

14 (i) Be aligned to the school or district improvement plan for
15 the school or district in which the professional development is
16 being provided.

17 (ii) Be linked to 1 or more criteria in the evaluation tool
18 developed or adopted by the district or intermediate district under
19 section 1249 of the revised school code, MCL 380.1249.

20 (iii) Has been approved by the department as counting for state
21 continuing education clock hours. The number of hours of
22 professional development counted as hours of pupil instruction
23 under this subsection may not exceed the number of state continuing
24 education clock hours for which the professional development was
25 approved.

26 (iv) Not more than a combined total of 10 hours of the
27 professional development takes place before the first scheduled day
28 of school for the school year ending in the fiscal year and after
29 the last scheduled day of school for that school year.

1 (v) Not more than 10 hours of the professional development
2 takes place in a single month.

3 (vi) At least 75% of teachers scheduled to participate in the
4 professional development are in attendance.

5 (11) Subsections (3) and (8) do not apply to a school of
6 excellence that is a cyber school, as that term is defined in
7 section 551 of the revised school code, MCL 380.551, and is in
8 compliance with section 553a of the revised school code, MCL
9 380.553a. **Beginning July 1, 2021, this subsection is subject to**
10 **section 8c. It is the intent of the legislature that the**
11 **immediately preceding sentence apply retroactively and is effective**
12 **July 1, 2021.**

13 (12) Subsections (3) and (8) do not apply to eligible pupils
14 enrolled in a dropout recovery program that meets the requirements
15 of section 23a. As used in this subsection, "eligible pupil" means
16 that term as defined in section 23a.

17 (13) At least every 2 years the superintendent shall review
18 the waiver standards set forth in the pupil accounting and auditing
19 manuals to ensure that the waiver standards and waiver process
20 continue to be appropriate and responsive to changing trends in
21 online learning. The superintendent shall solicit and consider
22 input from stakeholders as part of this review.

23 Sec. 104. (1) In order to receive state aid under this
24 article, a district shall comply with sections 1249, 1278a, 1278b,
25 1279g, and 1280b of the revised school code, MCL 380.1249,
26 380.1278a, 380.1278b, 380.1279g, and 380.1280b, and 1970 PA 38, MCL
27 388.1081 to 388.1086. Subject to subsection (2), from the state
28 school aid fund money appropriated in section 11, there is
29 allocated for ~~2021-2022-2022-2023~~ an amount not to exceed

1 \$29,509,400.00 for payments on behalf of districts for costs
2 associated with complying with those provisions of law. In
3 addition, from the federal funds appropriated in section 11, there
4 is allocated for ~~2021-2022~~**2022-2023** an amount estimated at
5 \$6,250,000.00 funded from DED-OESE, title VI, state assessment
6 funds, and from DED-OSERS, part B of the individuals with
7 disabilities education act, 20 USC 1411 to 1419, plus any carryover
8 federal funds from previous year appropriations, for the purposes
9 of complying with the every student succeeds act, Public Law 114-
10 95.

11 (2) The results of each test administered as part of the
12 Michigan student test of educational progress (M-STEP), including
13 tests administered to high school students, must include an item
14 analysis that lists all items that are counted for individual pupil
15 scores and the percentage of pupils choosing each possible
16 response. The department shall work with the center to identify the
17 number of students enrolled at the time assessments are given by
18 each district. In calculating the percentage of pupils assessed for
19 a district's scorecard, the department shall use only the number of
20 pupils enrolled in the district at the time the district
21 administers the assessments and shall exclude pupils who enroll in
22 the district after the district administers the assessments.

23 (3) The department shall distribute federal funds allocated
24 under this section in accordance with federal law and with
25 flexibility provisions outlined in Public Law 107-116, and in the
26 education flexibility partnership act of 1999, Public Law 106-25.

27 (4) The department may recommend, but may not require,
28 districts to allow pupils to use an external keyboard with tablet
29 devices for online M-STEP testing, including, but not limited to,

open-ended test items such as constructed response or equation builder items.

(5) Notwithstanding section 17b, the department shall make payments on behalf of districts, intermediate districts, and other eligible entities under this section on a schedule determined by the department.

(6) From the allocation in subsection (1), there is allocated an amount not to exceed \$500,000.00 for ~~2021-2022~~**2022-2023** for the operation of an online reporting tool to provide student-level assessment data in a secure environment to educators, parents, and pupils immediately after assessments are scored. The department and the center shall ensure that any data collected by the online reporting tool do not provide individually identifiable student data to the federal government.

(7) As used in this section:

(a) "DED" means the United States Department of Education.

(b) "DED-OESE" means the DED Office of Elementary and Secondary Education.

(c) "DED-OSERS" means the DED Office of Special Education and Rehabilitative Services.

Sec. 104f. (1) From the state school aid fund money appropriated under section 11, there is allocated an amount not to exceed ~~\$500,000.00~~**\$150,000.00** to a district for the implementation of an assessment digital literacy preparation program for pupils enrolled in grades K to 8 for ~~2021-2022~~**2022-2023**. The department shall ensure that a program funded under this subsection satisfies all of the following:

(a) Is available to districts in the ~~2021-2022~~**2022-2023** school year.

1 (b) Focuses on ensuring pupils have the necessary skills
2 required for state online assessments by assessing pupil digital
3 literacy skill levels and providing teachers with a digital
4 curriculum targeted at areas of determined weakness.

5 (c) Allows pupils to engage with the digital curriculum in an
6 independent or teacher-facilitated modality.

7 (d) Includes training and professional development for
8 teachers.

9 (e) Is implemented in at least 100 districts that operate
10 grades K to 8 and that represent a diverse geography and socio-
11 economic demographic.

12 (2) Funding under subsection (1) must be allocated to a
13 district that did not receive funding under former section 104e for
14 2017-2018 and that operates at least grades K to 8 and has a
15 partnership with a third party that is experienced in the
16 assessment of digital literacy and the preparation of digital
17 literacy skills and has demonstrable experience serving districts
18 in this state and local education agencies in 10 other states. The
19 district, along with its third-party partner, shall provide a
20 report to the house and senate appropriations subcommittees on
21 school aid and the house and senate fiscal agencies on the efficacy
22 and usefulness of the assessment digital literacy preparation
23 program no later than July 1, ~~2022~~**2023**.

24 (3) Notwithstanding section 17b, the department shall make
25 payments under subsection (1) by not later than December 1,
26 ~~2021~~**2022**.

27 Sec. 104h. (1) From the state school aid fund money
28 appropriated under section 11, there is allocated for 2021-2022 an
29 amount not to exceed \$11,500,000.00 to districts to begin

1 implementation of a benchmark assessment system for the 2022-2023
2 school year. All of the following apply to the benchmark assessment
3 system described in this subsection:

4 (a) The system must provide for all of the following:

5 (i) That, within the first 9 weeks of the 2022-2023 school
6 year, the district shall administer 1 or more benchmark assessments
7 provided by a provider approved under subsection (6), benchmark

16 navigator who will serve as a caseworker for each participant
17 identified under subdivision (b). The navigator shall work with
18 adult education staff and potential employers to design an

3 (18) Except as otherwise provided in this subsection,
4 participants under subsection (15) must be concurrently enrolled
5 and actively working toward obtaining a high school diploma or a
6 high school equivalency certificate. Concurrent enrollment is not
7 required under this subsection for a participant that was enrolled

13 or a high school equivalency certificate at the time of enrollment
14 in an eligible career and technical skills program under subsection
15 (15) and receive remediation services. It is intended that the cap
16 described in the immediately preceding sentence is continually
17 lowered on an annual basis until it eventually is 0%.
