MSBO is working on an upgrade to our MSBO community. The listservs have served us well for a long time but keeping up with the antiquated technology is proving difficult. Stay tuned for more information about a 2026 upgrade to the MSBO systems.

Speaking of system upgrades, be sure to check out “MY MSBO” when you login to msbo.org. This provides an upgraded experience, and we'd love to have all members login and update their information and profile picture. This is also where you can find information like individual-specific items like regional handbooks for presidents or other members-only documents such as the labor market survey.

ASBO International is once again partnering with Georgetown University and Edunomics Lab to sponsor the Certificate in Educational Finance or CEF program. A cohort will be hosted in Washington, DC on February 24-25, 2026. [ASBO International members are offered a discounted tuition rate.](#)
