Jason,

During our presentation last Friday, we received a question about the General Appropriations Act Resolution language to authorize transfers between appropriations.

Here is the language that our Board of Education approved:

Be it further resolved, that the Chief Financial Officer is authorized to execute budget transfers between appropriations; however, any transfer in excess of \$50,000 requires Finance Committee approval except for transfers required to execute actions otherwise approved by the Board of Education, or in the case of emergency.

Thank you,
