(1) It is intended that, beginning in 2026-2027, there is established an appropriation to distribute funding to districts in a manner that recognizes student performance on state assessments as calculated under this section. Money shall be paid to districts that meet student academic performance funding goals under subsections (2) to (5). Payments calculated and awarded to qualifying districts under subsections (3) and (4) shall be calculated and awarded separately, and a district may receive a payment under either or both of subsections (3) and (4).			
(3) An amount not to exceed 50% of the maximum per pupil amount allocated under subsection (2) shall be used to make performance incentive payments to qualifying districts under this subsection based on pupil performance on state assessments in English Language Arts in grades 3 to 8. - (c) A district is a qualifying district for the payment under this subsection if the district average for the 2025-2026 school year under subdivision (b) is at least equal to a factor of 1.5, and the district tested at least 95% of its pupils in English Language Arts, and the district had at least 30 full academic year pupils in grades 3 to 8 English Language
