The program is endorsed by both the Michigan Association of School Boards (MASB) as well as the Michigan Association of School Administrators (MASA). MSBO offers 14 separate tracks.

**MSBO has created awards to help school districts celebrate successes and to recognize the extraordinary contribution of individuals to their school district and MSBO**
One of MSBO’s roles is to advocate for membership and serve in an expert capacity, whether it be providing testimony at a Senate or House legislative committee, or working with a state stakeholders group that is addressing education and school administration policy.

MSBO staff represented MSBO members and the school community at a number of state agencies, department stakeholders groups and various other organizations, providing expert input on numerous issues to address the needs of MSBO members and K-12 education as a whole.

Legislative Advocacy

MSBO has represented members by providing data resources and expert testimony at a number of Michigan Senate and Michigan House of Representatives committee meetings over the years addressing the need for school districts to maintain a healthy fund balance, transparency reporting, development of early warning indicator system, as well as a number of other issues affecting schools in Michigan.

MSBO’s long standing policy in legislative issues remains to be the role of providing facts, data, and testimony when requested by other groups or the legislature.

Education Alliance

MSBO participates with other education associations dedicated to the exchange of ideas. The Education Alliance takes a leadership role in developing education policy recommendations to improve Michigan education.

School Nutrition Association of Michigan (SNAM)

MSBO and SNAM continue a successful management partnership that started in early 2013. MSBO provides administrative services, leadership assistance and office space to SNAM. MSBO and SNAM have been closely affiliated for many years serving similar memberships and both organizations feel that this partnership will further enhance the relationship, benefiting both MSBO and SNAM members. Both organizations share a mission of promoting efficient and effective performance in school operations.
