Deletes a number of specific report requirements stipulated in the Act.			
Sec. 19 Submitting of Audited Financial Data	Requires districts and ISDs to comply with all applicable reporting requirements, including high school graduation reports and education personnel. Failure to comply results in the Department withholding 5% of State aid.	Adds a requirement that districts and ISDs provide information for preparation of the State and Federal accountability reports. Requires the Department to use certified data, data quality reviews, and correction processes while determining accountability designations. Allows districts and ISDs to appeal any calculation errors used in the preparation of accountability metrics.	Concurs with Governor.		
Sec. 20 Foundation Allowance Calculation	Basic foundation allowance for FY 2017-18 is \$8,289 and the minimum foundation is \$7,631. Unless otherwise stipulated, in years of increases in the foundation allowance, uses the "2x" equity formula, which doubles the increase in the basic foundation for those at the minimum foundation and provides an increase somewhere in between for districts with foundations in between.	Basic foundation allowance for FY 2018-19 is \$8,409, and the minimum is \$7,871. The Governor proposes a \$120 increase for districts at or above the basic, and up to \$240 for districts below the basic (with \$240 provided to those districts at the minimum). This costs roughly \$312,000,000, which is paid under Section 22b. Due to an inflationary cap in	Basic foundation allowance is \$8,404, and the minimum is \$7,861. The basic increases \$115 per pupil, and the minimum increases \$230 per pupil. This costs roughly \$299,000,000, paid under Section 22b. Caps the payment for a shared-time pupil at the minimum foundation allowance, saving the State an estimated \$1,900,000, reflected in Section 22b. Concurs with Governor.

		<p>Section 1211 of the Revised School Code that was triggered in the previous year, the Governor proposes to roll the prior year's Section 20m calculation for applicable districts into their base foundation allowance funding, to the extent allowable by the current year's inflationary cap (Sec. 20(3)(e)).</p> <p>(6) Reduces cyber schools' foundation allowances by 25%, which would save the State an estimated \$25.0 million, reflected in Sec. 22b.</p>	<p>Does not reduce cyber schools' foundation allowances; funding of \$25,000,000 is restored under Section 22b.</p>		
<p>Sec. 20f Categorical Offset Payments</p>	<p>Appropriates \$18,000,000 for FY 2017-18 to ensure districts received the same per-pupil funding as in FY 2016-17.</p> <p>This section originally ensured that all districts received at least a \$5 increase in per-pupil funding in FY 2013-14 when comparing foundation allowance, equity, and MPSERS offset payments from FY 2012-13 to FY 2013-14, and to ensure that no district received less than a \$25 per pupil increase when adding together increases in the foundation allowance and At Risk, along with the elimination of Best Practices and District Pupil Performance grants that occurred between FY 2014-15 and FY 2015-16.</p>	<p>Maintains the \$18,000,000 appropriation for FY 2018-19 and the per-pupil funding at the same levels as in FY 2017-18.</p>	<p>Concurs with Governor.</p>

Sec. 20m Additional Calculation for Hold Harmless Districts	Provides a calculation for districts above the hold-harmless cap reflecting the difference between inflationary increases (where such districts are capped) and actual dollar increases given in the basic foundation allowance.	Governor proposes to roll the remaining estimated cost into the affected districts' foundation allowances, rather than having the calculations remain separate.	Concurs with Governor.		
Sec. 21f Virtual Learning	Provides the requirements for virtual learning providers.	Specifies that parental consent (required for a student to enroll in a virtual course) be obtained in a form and manner specified by the Department and kept on file by the primary district.	Does not concur. No change to current law. (The section is removed from the bill, but remains in current law.)		
Sec. 21h Partnership Model Districts	<p>Appropriates \$3,000,000 in FY 2017-18 for the purpose of assisting eligible districts assigned by the State Superintendent to participate in a partnership to improve student achievement.</p> <p>The purpose of the partnership is to identify district needs, develop intervention plans, and partner with public, private, and non-profit organizations to coordinate resources and improve student achievement, where the assignment to a partnership is made at the sole discretion of the Superintendent.</p> <p>A district assigned to a partnership is eligible for funding if the district contains</p>	Increases the appropriation by \$2,000,000 to \$6,000,000 in FY 2018-19.	<p>Does not concur; funding remains at \$6,000,000.</p> <p>In addition, language is added requiring districts to include in a partnership agreement the crafting of goals that put students on track to meet or exceed grade level proficiency.</p> <p>Further, language is added allowing the Superintendent of Public Instruction to waive burdensome administrative rules for partnership districts for the duration of the partnership agreement.</p> <p>Finally, reporting to the Legislature on spending by the Department is required to be in person, and partnership districts are required to participate in the</p>

Sec. 21j District Grants for Competency-Based Education Programs	Appropriates \$500,000 for competitive grants to districts for the design and implementation of competency-based education programs to provide enhanced choice for the completion of the requirements for a K-high school diploma.	Repeals the section.	Concurs with Governor.

			The section includes provisions related to reconstitution, including a building-level board to oversee a reconstituted school; the cancelation of bargaining agreements at a reconstituted school; the hiring of a school leader by the board; and the adoption of goals similar to the partnership agreement, but with a five year timeframe.		
Sec. 23f - NEW Payments for Pupils in Shared-Time Programs	N/A	Appropriates \$64,100,000 in FY 2018-19 for foundation allowance payments to districts for nonpublic part-time pupils enrolled under Section 166b (shared time). The proposal would limit the number of FTEs that could be claimed by a district at no more than 5% of the district's total pupil count excluding those students enrolled under shared-time programming. Estimated total payments for pupils in shared-time programs in FY 2017-18 is \$132,000,000; this appropriation would reduce the amount available by an estimated \$68,000,000.	Does not concur with Governor; funding remains under Sections 22a and 22b. The 5% cap is not adopted, which costs \$55,000,000 to restore. The elimination of kindergarten as proposed by the Governor is adopted, saving the State an estimated \$13,000,000.		
Sec. 24 Court-Placed Pupils	Appropriates \$8,000,000 in FY 2017-18 to reimburse districts for the additional costs of educating students placed in the district by the court system. Increases the appropriation to \$1,545,400 to reflect economic adjustments.	Concurs with Governor.		
Sec. 25e Pupil Membership Transfer Process	Provides for the calculation of counting pupils who transfer in or out of a district after the fall count date and before the spring count date.	Removes language requiring CEPI to include in its annual transfer report a discussion of benefits and obstacles to developing a pupil enrollment process for pupils who enroll after the count day, and developing a process for deducting pupils counted on the count day and transferring out before the spring count.	Does not concur with Governor. The section remains as found in current law, and is removed from the bill.		
Sec. 25f Strict Discipline Academy Supplemental Payments	Allocates \$750,000 for strict discipline academies to provide added cost reimbursements for court placed pupils. Caps added cost reimbursement to not more the foundation allowance, and directs the Department to include all costs in the calculation for reimbursement. Proration language is in place if funding is insufficient.	Continues the \$750,000 appropriation into FY 2018-19.	Funding is increased in both FY 2017-18 and FY 2018-19 by \$850,000 to \$1,600,000.
