Instructions on Earning SCECHs through SafeSchools Training

Participants of SafeSchools Training can earn up to 3-56 SCECHs through SafeSchools yearly.

Each single course completed will count individually towards SB-CEUs. The duration of the course will determine the number of SCECHs granted.

For 2017-18, courses completed from July 1, 2017 to June 20, 2018 will count towards SCECHs. You may want to wait to apply until the end of the year as you can only have one application for SCECHs.

Once your courses are completed, go to MSBO’s website, under Products and Services, then SafeSchools and scroll down to the Earning SCECHs section. Print the SafeSchools Application for SCECHs.

With the application, you must also submit either your accumulated coursework history report from your training history page or the individual certificates of completion for each course. There is no application charge for MSBO members.

IMPORTANT: For non-MSBO members, MSBO is offering SCECHs for completion of SafeSchools courses. There is a charge of $50 a year, NOT per application.

If you have any questions on receiving SCECHs for SafeSchools training, contact Deneen Hansen at dhansen@msbo.org or 517.327.2585.
