In addition to the funds appropriated in part 1, if the department collects in excess of $1,131,000.00 in gross annual prisoner reimbursement receipts provided to the general fund, the excess, up to a maximum of $1,000,000.00, is appropriated to the department of attorney general and may be spent on the representation of the department of corrections and its officers, employees, and agents, including, but not limited to, the defense of litigation against the state, its departments, officers, employees, or agents in civil actions filed by prisoners.

(2) The attorney general's office shall make available upon request information on the dollar amount of prisoner reimbursements collected from subsection (1) as well as descriptions of all expenditures made from the reimbursements, including what activities related to the state correctional facility reimbursement act, 1935 PA 253, MCL 800.401 to 800.406, funds were spent on.

Sec. 2-310. (1) For the purposes of providing title IV-D child support enforcement funding, the attorney general shall maintain a cooperative agreement with the department of health and human services, as the state IV-D agency, for federal IV-D funding to support the child support enforcement activities within the office of the attorney general.

(2) The attorney general or his or her designee shall, to the extent allowable under federal law, have access to any information used by the state to locate parents who fail to pay court-ordered child support.

A prisoner with serious mental illness or serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

Sec. 4-925. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the annual number of prisoners in administrative segregation between October 1, 2019 and September 30, 2020, and the annual number of prisoners in administrative segregation between October 1, 2019 and September 30, 2020 who at any time during the current or prior prison term were diagnosed with serious mental illness or have a developmental disorder and the number of days each of the prisoners with serious mental illness or a developmental disorder have been confined to administrative segregation.

Sec. 4-929. From the funds appropriated in part 1, the department shall do all of the following:

(a) Ensure that any inmate care and control staff in contact with prisoners less than 18 years of age are adequately trained with regard to the developmental and mental health needs of prisoners less than 18 years of age. By April 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the training curriculum used and the number and types of staff receiving annual training under that curriculum.

(b) Provide appropriate placement for prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder and need to be housed separately from the general population. Prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder shall not be removed from an existing placement as a punitive response to behavior caused by their serious mental illness, serious emotional disturbance, or a serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners less than 18 years of age...
with serious emotional disturbance, serious mental illness, or serious developmental
disorders may be placed in secure residential housing programs that will facilitate access
to institutional programming and ongoing mental health services. A prisoner less than 18
years of age with serious mental illness, serious emotional disturbance, or a serious
developmental disorder who is confined in these specialized housing programs shall be
evaluated or monitored by a medical professional at a frequency of not less than every 12
hours.

(c) Implement a specialized offender success program that recognizes the needs of
prisoners less than 18 years old for supervised offender success.

Sec. 4-930. The department shall submit an annual report to the senate and house
appropriations subcommittees on corrections, the senate and house fiscal agencies, the
legislative corrections ombudsman, and the state budget office on the number of youth in
prison. The report shall include, but not be limited to, the following information:

(a) The total number of inmates under age 18 who are not on Holmes youthful trainee
act status.

(b) The total number of inmates under age 18 who are on Holmes youthful trainee act
status.

(c) The total number of inmates aged 18 to 23 who are on Holmes youthful trainee act
status.

Sec. 4-942. The department shall ensure that any contract with a public or private
party to operate a facility to house state prisoners includes a provision to allow access
by both the office of the legislative auditor general and the office of the legislative
corrections ombudsman to the facility and to appropriate records and documents related to
the operation of the facility. These access rights for both offices shall be the same for
the contracted facility as for a general state-operated correctional facility.

MISCELLANEOUS

Sec. 4-1009. The department shall make an information packet for the families of
incoming prisoners available on the department's website. The information packet shall be
updated by February 1. The packet shall provide information on topics including, but not
limited to: how to put money into prisoner accounts, how to make phone calls or create Jpay
electronic mail accounts, how to visit in person, proper procedures for filing complaints
or grievances, the rights of prisoners to physical and mental health care, how to utilize
the offender tracking information system (OTIS), truth-in-sentencing and how it applies to
minimum sentences, the parole process, and guidance on the importance of the role of
families in the reentry process. The department is encouraged to partner with external
advocacy groups and actual families of prisoners in the packet-writing process to ensure
that the information is useful and complete.

Sec. 4-1011. The department may accept in-kind services and equipment donations to
facilitate the addition of a cable network that provides programming that will address the
religious needs of incarcerated individuals. This network may be a cable television network
that presently reaches the majority of households in the United States. A bilingual channel
affiliated with this network may also be added to department programming to assist the
religious needs of Spanish-speaking inmates. The addition of these channels shall be at no
additional cost to this state.

The department shall not collect fees under this section that exceed the cost of the expenditures. When collected fees are appropriated under this section in an amount that exceeds the current fiscal year appropriation, within 30 days the department shall notify the chairs of the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies and policy offices, and the state budget director of that fact.

Sec. 8-224. The department may retain all of the state's share of food assistance

Retained collections shall be applied against federal funds deductions in all appropriation units where department costs related to the investigation and recoupment of food assistance overissuances are incurred. Retained collections in excess of such costs shall be applied against the federal funds deducted in the departmental administration and support appropriation unit.

Sec. 8-226. If the revenue collected by the department from fees and collections exceeds the amount appropriated in part 1, the revenue may be carried forward with the approval of the state budget director into the subsequent fiscal year. The revenue carried forward under this section shall be used as the first source of funds in the subsequent fiscal year.

Sec. 8-227. (c) Eligibility criteria for program participation and maximum benefit levels where applicable.

(d) Outcome measures used to evaluate programs, including measures of the effectiveness of these programs in improving the health of Michigan residents.

Sec. 8-228. (1) If the department is authorized under state or federal law to collect an overpayment owed to the department, the department may assess a penalty of 1% per month beginning 60 days after notification. If caused by department error, a penalty may not be assessed until 6 months after the initial notification date of the overpayment amount. The department shall not collect penalty interest in an amount that exceeds the amount of the original overpayment. The state share of any funds collected under this section shall be deposited in the state general fund.

(2) By September 30 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, the house and
senate fiscal agencies, and the state budget office on penalty amounts assessed and paid by account during the current fiscal year, the reason for the penalty, and the current status of the account.

Sec. 8-230. By December 31 of the current fiscal year, the department shall report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies and policy offices, and the state budget office on the status of the implementation of any noninflationary, noncaseload, programmatic funding increases from the previous fiscal year. The report shall confirm the implementation of already implemented funding increases and provide explanations for any planned implementation of funding increases that have not yet occurred. For any planned implementation of funding increases that have not yet occurred, the department shall provide an expected implementation date and the reasons for delayed implementation.

Sec. 8-231. From the funds appropriated in part 1 for travel reimbursements to employees, the department shall allocate up to $100,000.00 toward reimbursing local county board members and county department directors for the out-of-pocket travel costs of the local county department board members and county department directors to attend 1 meeting per year of the Michigan County Social Services Association.

Sec. 8-251. On a monthly basis, the department shall report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget office on any line-item appropriation for which the department estimates total annual expenditures would exceed the funds appropriated for that line-item appropriation by 5% or more. The department shall provide a detailed explanation for any relevant line-item appropriation exceedance and shall identify the corrective actions undertaken to mitigate line-item appropriation expenditures from exceeding the funds appropriated for that line-item appropriation by a greater amount. This section does not apply for line-item appropriations that are part of the May revenue estimating conference caseload and expenditure estimates.

Sec. 8-252. The appropriations in part 1 for Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan are contingent on the provisions of the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, that were contained in 2013 PA 107 not being amended, repealed, or otherwise altered to eliminate the Healthy Michigan plan. If that occurs, then, upon the effective date of the amendatory act
that amends, repeals, or otherwise alters those provisions, the remaining funds in the Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan line items shall only be used to pay previously incurred costs and any remaining appropriations shall not be allotted to support those line items.

Sec. 8-256. The department may, in consultation with the Michigan department of education, the Michigan domestic and sexual violence prevention and treatment board, and the Michigan Coalition to End Domestic and Sexual Violence, redraft the curriculum for the "Growing Up & Staying Healthy" and "Healthy & Responsible Relationships" modules to include age-appropriate information about the importance of consent, setting and respecting personal boundaries, and the prevention of child sexual abuse as outlined in MCL 380.1505 and consistent with the recommendations and guidelines set by the task force on the prevention of sexual abuse of children created under section 12b of the child protection law, 1975 PA 238, MCL 722.632b, and the prevention of sexual assault and dating violence.

Sec. 8-263. (1) Except as otherwise provided in this subsection, before submission of a waiver, a state plan amendment, or a similar proposal to CMS or other federal agency, the department shall provide written notification of the planned submission to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies and policy offices, and the state budget office. This subsection does not apply to the submission of a waiver, a state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of waiver, state plan amendment, or similar proposed submissions.

(2) The department shall provide written reports on a semiannual basis to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget office summarizing the status of any new or ongoing discussions with CMS or the United States Department of Health and Human Services or other federal agency regarding potential or future waiver applications as well as the status of submitted waivers that have not yet received federal approval. If, at the time a semiannual report is due, there are no reportable items, then no report is required to be provided.

Sec. 8-270. The department shall advise the legislature of the receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered according to section 106(6) of the social welfare act, 1939 PA 280, MCL 400.106. By February 1 of the current fiscal year, the department shall submit a written

(b) The program or service for which the money was originally expended.
(c) Details on the disposition of the funds recovered such as the appropriation or
revenue account in which the money was deposited.
(d) A description of the facts involved in the legal action.

Sec. 8-275. (1) On a quarterly basis, the department, with the approval of the state
budget director, is authorized to realign sources between other federal, TANF, and capped
federal financing authorizations in order to maximize federal revenues. This realignment of
financing shall not produce a gross increase or decrease in the department's total
individual line item authorizations, nor will it produce a net increase or decrease in
total federal revenues, or a net increase in TANF authorization.

(2) Within 30 days after the date on which year-end book closing is completed, the
department shall submit to the house and senate appropriations subcommittees on the
department budget, the house and senate fiscal agencies, and the house and senate policy
offices a report on the realignment of federal fund sources that took place as part of the
year-end closing process for the previous fiscal year.

Sec. 8-280. By March 1 of the current fiscal year, the department shall provide a
report to the house and senate appropriations subcommittees on the department budget, the

(1).

(3) By September 30 of the current fiscal year, the department shall report to the
house and senate appropriations subcommittees on the department budget, house and senate
fiscal agencies, and state budget office on the rationale for all exceptions made to the
provision in subsection (1) and the number of grant agreements terminated due to violations

Sec. 8-289. By March 1 of the current fiscal year, the department shall provide to
the senate and house appropriations subcommittees on the department budget, the senate and
house fiscal agencies, and the senate and house policy offices an annual report on the

public of the welfare fraud hotline operated by the department.

and behavioral health services to multicultural populations, the department shall award
grants in accordance with the requirements of subsection (2). The state is not liable for
any spending above the contract amount. Funds shall not be released until reporting

include, but not be limited to, all of the following:

(a) Each contractor or subcontractor shall have accreditations that attest to their
competency and effectiveness as behavioral health and social service agencies.

(b) Each contractor or subcontractor shall have a mission that is consistent with the
purpose of the multicultural agency.
(c) Each contractor shall validate that any subcontractors utilized within these appropriations share the same mission as the lead agency receiving funding.

(d) Each contractor or subcontractor shall demonstrate cost-effectiveness.

(e) Each contractor or subcontractor shall ensure their ability to leverage private dollars to strengthen and maximize service provision.

(f) Each contractor or subcontractor shall provide timely and accurate reports regarding the number of clients served, units of service provision, and ability to meet their stated goals.

(3) The department shall require an annual report from the contractors described in subsection (2). The annual report, due 60 days following the end of the contract period, shall include specific information on services and programs provided, the client base to which the services and programs were provided, information on any wraparound services provided, and the expenditures for those services. The department shall provide the annual reports to the senate and house appropriations subcommittees on health and human services, the senate and house fiscal agencies, and the state budget office.

Sec. 8-296. Any consolidation of administrative functions must demonstrate, by independent analysis, a reduction in dollars spent on administration resulting in greater dollars spent on direct services. Savings resulting from increased efficiencies shall not be applied to PIHP and CMHSP net assets, internal service fund increases, building costs, increases in the number of PIHP and CMHSP personnel, or other areas not directly related to the delivery of improved services.

(b) Take an active role in managing mental health care by ensuring consistent and

(b) Suspend the 10 member per month individual PACE program enrollment increase cap in order to allow unused and unobligated slots to be allocated to address unmet demand for PACE services.

Sec. 8-1856. this amount, total judiciary appropriations for pension-related legacy costs are estimated
at $7,316,800.00. Total judiciary appropriations for retiree health care legacy costs are

**JUDICIAL BRANCH**

Sec. 10-301. From the funds appropriated in part 1, the direct trial court automation
support program of the state court administrative office shall recover direct and overhead
costs from trial courts by charging for services rendered. The fee shall cover the actual
costs incurred to the direct trial court automation support program in providing the
service, including development of future versions of case management systems.

Sec. 10-302. Funds appropriated within the judicial branch shall not be expended by
any component within the judicial branch without the approval of the supreme court.

Sec. 10-303. Of the amount appropriated in part 1 for the judicial branch,
$711,900.00 is allocated for circuit court reimbursement under section 3 of 1978 PA 16, MCL
800.453, and for costs associated with the court of claims.

Sec. 10-304. A member of the legislature may request a report or data from the data
collected in the judicial data warehouse. The report shall be made available to the public
upon request, unless disclosure is prohibited by court order or state or federal law. Any
data provided under this section shall be public and non-identifying information.

Sec. 10-305. From the funds appropriated in part 1 for community dispute resolution,
community dispute resolution centers shall provide dispute resolution services specified in
the community dispute resolution act, 1988 PA 260, MCL 691.1551 to 691.1564, and shall help
to reduce suspensions and truancy, and improve school climate. Funding appropriated in part
1 for community dispute resolution may be used to develop or expand juvenile diversion
services in cooperation with local prosecutors. Participation in the dispute resolution
processes is voluntary for all parties.

Sec. 10-307. From the funds appropriated in part 1 for mental health courts and
diversion services, $1,730,000.00 is intended to address the recommendations of the mental
health diversion council.

Sec. 10-308. If sufficient funds are not available from the court fee fund to pay
judges' compensation, the difference between the appropriated amount from that fund for
judges' compensation and the actual amount available after the amount appropriated for
trial court reimbursement is made shall be appropriated from the state general fund for
judges' compensation. If an appropriation is made under this section, the state court
administrative office shall notify, within 14 days of the appropriation, the senate and
house standing committees on appropriations, the senate and house appropriations
subcommittees on judiciary, the senate and house fiscal agencies, and the state budget
office.

Sec. 10-309. By April 1, the state court administrative office shall provide a report
on drug treatment, mental health, and veterans court programs in this state. The report
shall include information on the number of each type of program that has been established,
the number of program participants in each jurisdiction, and the impact of the programs on
offender criminal involvement and recidivism. The report shall be submitted to the senate
and house appropriations subcommittees on judiciary, the senate and house fiscal agencies,
and the state budget office.

Sec. 10-311. (1) The funds appropriated in part 1 for drug treatment courts as that
term is defined in section 1060 of the revised judicature act of 1961, 1961 PA 236, MCL
600.1060, shall be administered by the state court administrative office to operate drug
treatment court programs. A drug treatment court shall be responsible for handling cases
involving substance abusing nonviolent offenders through comprehensive supervision, testing, treatment services, and immediate sanctions and incentives. A drug treatment court shall use all available county and state personnel involved in the disposition of cases including, but not limited to, parole and probation agents, prosecuting attorneys, defense attorneys, and community corrections providers. The funds may be used in connection with other federal, state, and local funding sources.

(2) From the funds appropriated in part 1, the chief justice shall allocate sufficient funds for the Michigan judicial institute to provide in-state training for those identified in subsection (1), including training for new drug treatment court judges.

(3) For drug treatment court grants, consideration for priority may be given to those courts where higher instances of substance abuse cases are filed.

(4) The judiciary shall receive $1,500,000.00 in Byrne formula grant funding as an interdepartmental grant from the department of state police to be used for expansion of drug treatment courts, to assist in avoiding prison bed space growth for nonviolent offenders in collaboration with the department of corrections.

Sec. 10-316. (1) From the funds appropriated in part 1 for pretrial risk assessment, the state court administrative office shall pilot a pretrial risk assessment tool in an effort to provide relevant information to judges so they can make evidence-based bond decisions that will increase public safety and reduce costs associated with unnecessary pretrial detention.

(2) The state court administrative office shall submit a status report by February 1 to the senate and house appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the state budget office on progress made toward implementing the pretrial risk assessment tool and associated costs.

Sec. 10-317. Funds appropriated in part 1 shall not be used for the permanent assignment of state-owned vehicles to justices or judges or any other judicial branch employee. This section does not preclude the use of state-owned motor pool vehicles for state business in accordance with approved guidelines.

Sec. 10-320. (1) From the funds appropriated in part 1 for the swift and sure sanctions program, created under section 3 of chapter XIA of the code of criminal procedure, 1927 PA 175, MCL 771A.3, the state court administrative office shall administer a program to distribute grants to qualifying courts in accordance with the objectives and
requirements of the probation swift and sure sanctions act, chapter XIA of the code of
criminal procedure, 1927 PA 175, MCL 771A.1 to 771A.8. Of the funds designated for the
program, not more than $100,000.00 shall be available to the state court administrative
office to pay for employee costs associated with the administration of the program funds.
Of the funds designated for the program, $500,000.00 is reserved for programs in counties
that had more than 325 individuals sentenced to prison in the previous calendar year.
Courts interested in participating in the swift and sure sanctions program may apply to the
state court administrative office for a portion of the funds appropriated in part 1 under
this section.

(2) By April 1, the state court administrative office, in cooperation with the
department of corrections, shall provide a report on the courts that receive funding under
the swift and sure sanctions program described in subsection (1) to the senate and house
appropriations subcommittees on judiciary, the senate and house fiscal agencies, and the
state budget office. The report shall include all of the following:

(a) The number of offenders who participate in the program.

(b) The criminal history of offenders who participate in the program.

(c) The recidivism rate of offenders who participate in the program, including the
rate of return to jail, prison, or both.

(d) A detailed description of the establishment and parameters of the program.

(3) As used in this section, "program" means a swift and sure sanctions program
described in subsection (1).

Sec. 10-321. From the funds appropriated in part 1, the judicial branch shall support
a statewide legal self-help internet website and local nonprofit self-help centers that use
the statewide website to provide assistance to individuals representing themselves in civil
legal proceedings. The state court administrative office shall summarize the costs of
maintaining the website, provide statistics on the number of people visiting the website,
and provide information on content usage, form completion, and user feedback. By March 1,
the state court administrative office shall report this information for the preceding
fiscal year to the senate and house appropriations subcommittees on judiciary, the senate
and house fiscal agencies, and the state budget office.

Sec. 10-322. If Byrne formula grant funding is awarded to the state appellate
defender, the state appellate defender office may receive and expend Byrne formula grant
funds in an amount not to exceed $250,000.00 as an interdepartmental grant from the
department of state police. If the appellate defender appointed under section 3 of the
appellate defender act, 1978 PA 620, MCL 780.713, receives federal grant funding from the
United States Department of Justice in excess of the amount appropriated in part 1, the
office of appellate defender may receive and expend grant funds in an amount not to exceed
$300,000.00 as other federal grants.

Sec. 10-324. From the funds appropriated in part 1 for the medication-assisted
treatment program, the judiciary shall maintain a medication-assisted treatment program to
provide treatment for opioid-addicted and alcohol-addicted individuals who are referred to
and voluntarily participate in the medication-assisted treatment program.

Sec. 10-325. (1) From the funds appropriated in part 1 for Kalamazoo County trauma
court, the county office of the prosecuting attorney shall hire an assistant prosecutor who
specializes in trauma for prosecution of offenders and for providing intervention and
treatment services to offenders and referral services for victims. The court shall focus on
deterrence of offenders by reducing incidence and recidivism. Intervention services shall
be supplemented by trauma treatment and addiction services. The prosecutor shall
collaborate with the trauma and resiliency team to review the progress of program
participants, and to assure offender accountability and victim safety. Treatment providers
shall specialize in substance abuse addiction and trauma treatment services for adolescents
and adults.

(2) The county office of the prosecuting attorney, together with the intervention and
treatment providers, shall submit a report, by September 30, to the state court
administrative office, the senate and house of representatives subcommittees on judiciary,
the senate and house fiscal agencies, and the state budget office on the outcomes of the
trauma court. The report shall include program performance measures, the number of
individuals served, the outcomes of participants who complete the program, recommendations
on how the state can hold offenders accountable while rehabilitating them with treatment,
community-based resources and support, and restorative justice approaches to conflict
resolution, with the goal of being a more effective and less costly alternative to
incarceration.

vehicle code, 1949 PA 300, MCL 257.810b. The department of state shall provide quarterly 
reports to the legislature, the chairpersons of the relevant appropriations subcommittees, 
and the senate and house fiscal agencies. The report shall be provided within 15 days of

will be used.

Sec. 16-705. (1) The department of state may accept gifts, donations, contributions, 
and grants of money and other property from any private or public source to underwrite, in 
whole or in part, the cost of a departmental publication that is prepared and disseminated

the Michigan department of state publications fund created by section 211 of the Michigan 
vehicle code, 1949 PA 300, MCL 257.211. Funds given, donated, or contributed to the 
department from a private source are appropriated and allocated for the purpose for which 
the revenue is furnished. Funds granted to the department from a public source are 
allocated and may be expended upon receipt. The department shall not accept a gift,
donation, contribution, or grant if receipt is conditioned upon a commitment of state
funding at a future date. Revenue received from the sale of advertising is appropriated and
may be expended upon receipt.

(4) Any unexpended revenues received under this section shall be carried over into
subsequent fiscal years and shall be available for appropriation for the purposes described
in this section.

(5) On March 1 of each year, the department of state shall file a report with the

of the relevant appropriations subcommittees, the senate and house fiscal agencies, and the

considers necessary, the department of state may sell copies of manuals and other
publications regarding the sale, ownership, or operation or regulation of motor vehicles,
with amendments, at prices to be established by the secretary of state. As used in this
subsection, the term “manuals and other publications” includes videos and proprietary
electronic publications. All funds received from sales of these manuals and other
publications shall be credited to the Michigan department of state publications fund.

Sec. 16-707. Funds collected by the department of state under section 211 of the
Michigan vehicle code, 1949 PA 300, MCL 257.211, are appropriated for all expenses
necessary to provide for the costs of the publication. Funds are allotted for expenditure
when they are received by the department of treasury and shall not lapse to the general
fund at the end of the fiscal year.

Sec. 16-708. From the funds appropriated in part 1, the department of state shall use
available balances at the end of the state fiscal year to provide payment to the department
of state police in the amount of $332,000.00 for the services provided by the traffic
accident records program as first appropriated in 1990 PA 196 and 1990 PA 208.

Sec. 16-709. From the funds appropriated in part 1, the department of state may
restrict funds from miscellaneous revenue to cover cash shortages created from normal
branch office operations. This amount shall not exceed $50,000.00 of the total funds
available in miscellaneous revenue.

Sec. 16-711. Collector plate and fund-raising registration plate revenues collected
by the department of state are appropriated and allotted for distribution to the recipient
university or public or private agency overseeing a state-sponsored goal when received.
Distributions shall occur on a quarterly basis or as otherwise authorized by law. Any
revenues remaining at the end of the fiscal year shall not lapse to the general fund but
shall remain available for distribution to the university or agency in the next fiscal
year.

Sec. 16-712. The department of state may produce and sell copies of a training video
designed to inform registered automotive repair facilities of their obligations under
Michigan law. The price shall not exceed the cost of production and distribution. The money
received from the sale of training videos shall revert to the department of state and be
placed in the auto repair facility account.

Sec. 16-713. (1) The department of state, in collaboration with the gift of life
transplantation society or its successor federally designated organ procurement
organization, may develop and administer a public information campaign concerning the
Michigan organ donor program.

(2) The department of state may solicit funds from any private or public source to
underwrite, in whole or in part, the public information campaign authorized by this
section. The department may accept gifts, donations, contributions, and grants of money and
other property from private and public sources for this purpose. A private or public
funding source underwriting the public information campaign, in whole or in substantial
part, shall receive sponsorship credit for its financial backing.

(3) Funds received under this section, including grants from state and federal
agencies, shall not lapse to the general fund at the end of the fiscal year but shall
remain available for expenditure for the purposes described in this section.

(4) Funding appropriated in part 1 for the organ donor program shall be used for
producing a pamphlet to be distributed with driver licenses and personal identification cards regarding organ donations. The funds shall be used to update and print a pamphlet that will explain the organ donor program and encourage people to become donors by marking a checkoff on driver license and personal identification card applications.

(5) The pamphlet shall include a return reply form addressed to the gift of life organization. Funding appropriated in part 1 for the organ donor program shall be used to pay for return postage costs.

(6) In addition to the appropriations in part 1, the department of state may receive and expend funds from the organ and tissue donation education fund for administrative expenses.

(7) The department must submit a report to the house and senate appropriations subcommittees on general government, the senate and house fiscal agencies, and the state budget director by March 1 that provides the amount of revenue collected by the department of state authorized under this section, the purpose of each expenditure, and the amount of revenue carried forward.

Sec. 16-715. (1) Any service assessment collected by the department of state from the user of a credit or debit card under section 3 of 1995 PA 144, MCL 11.23, may be used by the department for necessary expenses related to that service and may be remitted to a credit or debit card company, bank, or other financial institution.

(2) The service assessment imposed by the department of state for credit and debit card services may be based either on a percentage of each individual credit or debit card transaction, or on a flat rate per transaction, or both, scaled to the amount of the transaction. However, the department shall not charge any amount for a service assessment which exceeds the costs billable to the department for service assessments.

(3) If there is a balance of service assessments received from credit and debit card services remaining on September 30, the balance may be carried forward to the following fiscal year and appropriated for the same purpose.

(4) As used in this section, "service assessment" means and includes costs associated with service fees imposed by credit and debit card companies and processing fees imposed by banks and other financial institutions.

Sec. 16-717. (1) The department of state may solicit funds from any private or public source to support, in whole or in part, the general operation of the department. The
department may accept gifts, donations, contributions, payments, and grants of money and
other property from any private or public source to support, in whole or in part, the
general operation of the department. The department may recognize a private or public
contributor for making the contribution. The department may reject a gift, donation or
contribution. Any revenue received is automatically appropriated and unexpended revenues
received under this section shall be carried over into subsequent fiscal years and shall be
available for appropriation for the purposes described in this section.

(2) The department of state shall not accept a gift, donation, or contribution under
subsection (1) if receipt of the gift, donation, or contribution is conditioned upon a
commitment of future state funding.

(3) On March 1 of each year, the department of state shall file a report with the
senate and house of representatives standing committees on appropriations, the chairpersons
of the relevant appropriations subcommittees, the senate and house fiscal agencies, and the
state budget director. The report shall list any gift, donation, or contribution received
by the department under subsection (1) for the prior calendar year.

Sec. 16-719. From the funds appropriated in part 1 for election administration and
services, the department of state shall make available at least 1 voting machine to at
least 1 high school per regional prosperity region for the purpose of allowing pupils to
familiarize themselves with the voting procedure through a simulated election to be
determined by the high schools receiving a voting machine. The voting machines shall be
made available to the selected high schools at no cost to the high school or school
district in which the high school is located.

Sec. 16-722. (1) From the funds appropriated in part 1 for information technology
services and projects, the department of state shall continue implementation of a legacy
modernization project. The purpose of this project is modernization of the entire system
and removal of existing programs from the legacy mainframes.

(2) The department of state shall provide a report on the status of the legacy
modernization project that includes, but is not limited to, itemization of all expenditures
made on behalf of the project, anticipated completion date of the project, time frame of
each phase of the project, the cost of the project, the number of employees assigned to
implement each phase of the project, the contracts entered into for the project,
anticipated overall cost of the project, and any other information the department considers
necessary. The plan shall be distributed to the senate and house of representatives
standing committees on appropriations subcommittees on general government, as well as the
senate and house fiscal agencies, and the state budget director by January 1.

Sec. 16-723. The funds appropriated in part 1 for county clerk education and training
shall only be used for costs associated with the training of local clerks in preparation
for elections. The department of state shall not allocate any funds appropriated for county
clerk education and training for any other purposes.

(b) The sites identified as economic development sites under subsection (1).

CAPITAL OUTLAY - UNIVERSITIES AND COMMUNITY COLLEGES

Sec. 18-873. (1) This section applies only to projects for community colleges.

(2) State support is directed towards the remodeling and additions, special maintenance, or construction of certain community college buildings. The community college shall obtain or provide for site acquisition and initial main utility installation to operate the facility. Funding shall be composed of local and state shares and not more than 50% of a capital outlay project, not including a lump-sum special maintenance project or remodeling and addition project, for a community college shall be appropriated from state
and federal funds, unless otherwise appropriated by the legislature.

(3) An expenditure under this part and part 1 is authorized when the release of the appropriation is approved by the board upon the recommendation of the director. The director may recommend to the board the release of any appropriation in part 1 only after the director is assured that the legal entity operating the community college to which the appropriation is made has complied with this part and part 1 and has matched the amounts appropriated as required by this part and part 1. A release of funds in part 1 shall not exceed 50% of the total cost of planning and construction of any project, not including lump-sum remodeling and additions and special maintenance, unless otherwise appropriated by the legislature. Further planning and construction of a project authorized by this part and part 1 or applicable sections of the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, shall be in accordance with the purpose and scope as defined and delineated in the approved program statements; and planning documents. This part and part 1 are applicable to all projects for which planning appropriations were made in previous acts.

(4) The community college shall take the steps necessary to secure available federal construction and equipment money for projects funded for construction in this part and part 1 if an application was not previously made. If there is a reasonable expectation that a prior year unfunded application may receive federal money in a subsequent year, the college shall take whatever action necessary to keep the application active.

Sec. 18-874. If university and community college matching revenues are received in an amount less than the appropriations for capital projects contained in this part and part 1, the state funds shall be reduced in proportion to the amount of matching revenue received.

Sec. 18-875. (1) The director may require that community colleges and universities that have an authorized project listed in part 1 submit documentation regarding the project match and governing board approval of the authorized project not more than 60 days after the beginning of the fiscal year.

(2) If the documentation required by the director under subsection (1) is not submitted or does not adequately authenticate the availability of the project match or board approval of the authorized project, the authorization may terminate. The authorization terminates 30 days after the director notifies the JCOS of the intent to terminate the project unless the JCOS convenes to extend the authorization.
**ONE-TIME APPROPRIATIONS**

Sec. 18-901. (1) The green revolving fund is created within the state treasury. The state treasurer may receive money or other assets from any source for deposit into the green revolving fund. The state treasurer shall credit to the green revolving fund interest and earnings from green revolving fund investments.

(2) Money in the green revolving fund at the close of the fiscal year shall remain in the green revolving fund and shall not lapse to the general fund.

(3) From the funds appropriated in part 1 for the green revolving fund, $5,000,000.00 from the state general fund/general purpose is deposited in the green revolving fund created in subsection (1) and is appropriated for energy efficiency and renewable energy projects.

(4) The department will provide oversight and direction for the green revolving fund and shall coordinate a call for projects and prioritize the award of projects that will contribute to a reduction in the state's carbon footprint.

(5) The department shall set terms with agencies participating in the green revolving fund program that include the project(s) scope, funding commitments, data collection and reporting requirements, and any other financial terms related to realization of energy savings related to implementation of the project(s). The department may enter into a memorandum of understanding to memorialize these terms.

(6) Energy savings generated by a project shall be paid to the green revolving fund in future years by a participating agency in a manner and under the terms determined by the department as described in subsection (5). Funds received in addition to the appropriation in subsection (3) to the green revolving fund are appropriated and may be expended in a manner consistent with the goals of the fund outlined in subsection (3).

Sec. 18-902. The lump sum appropriation in part 1 for paid parental leave shall be expended by the department to address disproportionate budgetary impacts on state agencies associated with implementation of any paid parental leave policy approved by the Michigan Civil Service Commission. The state budget director shall determine the manner in which funds are allocated and expended for this purpose.

was calculated, that bid documentation shall be kept confidential and shall not be
disclosed other than to a department representative without the contractor's written
consent. The department may disclose the bid documentation if necessary to address or
defend a claim by a contractor.

Sec. 19-306. (1) The amounts appropriated in part 1 to support tax and fee
collection, law enforcement, and other program services provided to the department and to
transportation funds by other state departments shall be expended from transportation funds
pursuant to annual contracts between the department and those other state departments. The
contracts shall be executed prior to the expenditure or obligation of those funds. The
contracts shall provide, but are not limited to, the following data applicable to each
state department:

(a) Estimated costs to be recovered from transportation funds.

(3) The auditor general shall use a risk-based approach in developing an audit program for the use of transportation funds.

Sec. 19-307. Before March 1 of each year, the department will provide to the legislature, the state budget director, and the house and senate fiscal agencies its rolling 5-year plan listing by county or by county road commission all highway construction projects for the fiscal year and all expected projects for the ensuing fiscal years.

Sec. 19-310. The department shall provide in a timely manner copies of the agenda and approved minutes of monthly transportation commission meetings to the members of the house and senate appropriations subcommittees on transportation, the house and senate fiscal agencies, and the state budget director.

The state infrastructure bank is to be administered by the department for the purpose of providing a revolving, self-sustaining resource for financing transportation infrastructure projects.

(2) In addition to funds provided in subsection (1), money received by the state as federal grants, repayment of state infrastructure bank loans, or other reimbursement or revenue received by the state as a result of projects funded by the program and interest earned on that money shall be deposited in the revolving state infrastructure bank fund and shall be available for transportation infrastructure projects. At the close of the fiscal year, any unencumbered funds remaining in the state infrastructure bank fund shall remain in the fund and be carried forward into the succeeding fiscal year.

Sec. 19-383. (1) The department shall prepare a report on use of department-owned

(2) The report shall be submitted to the senate and house appropriations
subcommittees on transportation, state budget director, and the house and senate fiscal
agencies no later than February 1, 2021.

(3) The department shall maintain a system for recovering the cost of operating
department-owned aircraft through charges to aircraft users.

Sec. 19-384. (1) Except as otherwise provided in subsection (2), the department shall
not obligate the state to expend any state transportation revenue for construction planning
or construction of the Gordie Howe International Crossing or a renamed successor. In
addition, except as provided in subsection (2), the department shall not commit the state
to any new contract related to the construction planning or construction of the Gordie Howe
International Crossing or a renamed successor that would obligate the state to expend any
state transportation revenue. An expenditure for staff resources used in connection with
project activities, which expenditure is subject to full and prompt reimbursement from
Canada, shall not be considered an expenditure of state transportation revenue.

(2) If the legislature enacts specific enabling legislation for the construction of
the Gordie Howe International Crossing or a renamed successor, subsection (1) does not
apply once the enabling legislation goes into effect.

Sec. 19-385. (1) The department shall submit monthly reports to the state budget
director, the speaker of the house of representatives, the house of representatives
minority leader, the senate majority leader, the senate minority leader, the house and
senate appropriations subcommittees on transportation, and the house and senate fiscal
agencies on all of the following:

(a) All expenditures made by the state related to the Gordie Howe Bridge.

(b) All reimbursements made by Canada under section 384(1) of this part to the state
for expenditures for staff resources used in connection with project activities.

(2) The initial report required under subsection (1) shall be submitted on or before
December 1, 2020. The initial report shall cover the fiscal year ending September 30, 2020.

Sec. 19-395. From the funds appropriated in part 1 for state trunkline federal aid road and bridge construction, the department may expend up to $10,000,000.00 on highway maintenance activities to support safety-related, high-priority, and other deferred routine maintenance needs on Michigan's state trunkline network.

Sec. 19-398. The department shall continue to work to eliminate fatalities and serious injuries on Michigan's trunkline network and shall maintain the Toward Zero Deaths statewide safety campaign. The department shall prioritize additional median cable guardrail installation when appropriate to address trunkline locations with a history of correctable fatal and serious injury crashes.

FEDERAL

Sec. 19-402. A portion of the federal DOT-FHWA highway research, planning, and construction funds made available to this state shall be allocated to transportation programs administered by local jurisdictions in accordance with section 10o of 1951 PA 51, MCL 247.660o. A local road agency, with respect to a project approved for federal aid funding in a state transportation improvement program, may enter into a voluntary buyout agreement with the department or with another local road agency to exchange the federal aid with state restricted transportation funds as agreed to by the respective parties. The state restricted transportation funds received in exchange for federal aid funds shall be used for the same purpose as the federal aid funds were originally intended.

MICHIGAN TRANSPORTATION FUND
