Benefits:

- One system for both grant management and payment
- MICIP interface (District Portfolio API)
- All the same features and functions of MEGS+ in an upgraded platform
- Enhanced look and feel
- Customizable user dashboard for ease in monitoring application activities
- Application Status bar for ease in tracking status of applications in progress
- Enhanced opportunities for tracking and monitoring of application modifications

Timeline

- NexSys will launch in February 2021 and applications going live in February 2021 and thereafter will be completed in NexSys.
- In June of 2021, NexSys will replace MDE's current Cash Management System.
- The complete MEGS+ transition to NexSys will take approximately one year. MEGS+ is planned to be retired in the first quarter of 2022.
- Applications currently in MEGS+ will remain for the life of the application, they will not be converted to NexSys.

MILogin
