

MIDWEST TRANSIT EQUIPMENT (MTE) - VENDOR 210 **MSBO Bus Purchasing Program – Spring 2024 School Bus Bid**

Clarifications for Conventional and Special Needs

- All IC buses will be compliant with current emission EPA standards.
- All IC buses can have service performed at any International dealer in Michigan.
- Standard engine option for the IC CE will be the in-line 6-cylinder Cummins B6.7 diesel engine.
- Extended warranties are available for engine and body/chassis. Contact dealer for details.
- Rear drive tire models subject to availability and may be an upcharge.
- All models with wheelchair lifts require an approved body plan from dealer **PRIOR** to ORDER.
- 7-year Allison transmission warranty is available on PTS2500 series model ONLY. N/A on PTS3000.
- Adding air conditioning will affect availability of luggage, auxiliary heater, & other components.
- Luggage availability may be affected and reduced by other options selected. Check with dealer.
- Air conditioning systems by Trans Air are all factory-installed options subject to engineering approval **PRIOR** to ORDER.
- If trade-in units are accepted on any purchase, they are only allowed on the purchase of new bus(es) from Midwest Transit Equipment. Maximum one to one trade unless pre-approved by dealer.
- Contact dealer for further clarification on any option selection. Dealer not responsible for error in option selection or error in option omission.
- Delivery and lettering costs are included in all bus pricing. All buses will be prepped, inspected & cleaned before delivery.
- MTE reserves the right to offer Manufacturing Discount Incentive Programs as they arise during the bid period. MTE also reserves the right to include manufacturer surcharges that may arise during the bid period. Surcharges may include, but are not limited to, steel surcharges, GHG surcharges, etc.
- Should MTE incur surcharges from OEMs or experience added costs due to preparation, delivery, freight, etc., MTE will notify MSBO immediately to update the base pricing. In the event base pricing is not updated by MSBO, MTE reserves the right to suspend/cancel orders until that time.
- Adding IC BTI/IMMI/CE White Seats in ICS/CRS or 3-pt. may reduce capacity.

The following refer to Specific Options:

- Option: B149 Air foil is See II brand.
- Option: B190 Battery cut off switch will be located in the battery box
- All B129, B131, C139-C143 Air conditioning options, please contact MTE to verify available air conditioning applications for your size vehicle.
