Questions were answered in recording.

2:12 Austin Shumaker: I think everyone will take all the information on filter first that we can get!

00:37:57 Miles Tomasaitis: When does the Inflation Reduction start?

00:41:25 Jack Timmer.: IRA has been out and in affect for a number of years... I believe Geothermal projects were available until 2033 or so... WITH the previous administration.. It is unclear if the IRA will be available a for how long going forward-at least from info I have.

00:45:38 colegrove: Russel, I would be interested in some info on that as well here in Dewitt

00:46:15 Don Gratton: Can you share the process of how to make the brine?

00:48:52 VanConant.Jeff: I found a hotel, but for three days it was \$1500!

00:49:16 VanConant.Jeff: Is the registration for the Spring conference open?

**NO, look on the website the first week of February.**

00:51:55 Austin Shumaker: I noticed a trend there with that question; it seemed to be one guy for every 2-3 buildings. I found that interesting because as a facilities coordinator I have my hands FULL managing two buildings myself.

00:52:19 Sam.Barna@bakertilly.com: I have an IRA document that I will send to Tim shortly to distribute to all of you

01:01:47 VanConant.Jeff: Pete, I have an Auditorium guy I'm working with

01:01:49 Aaron Stockeland: Enhance AVL

01:02:03 Aaron Stockeland: I've used them for a lot of this work at other facilities

01:02:12 VanConant.Jeff: David Miller M.A., M.F.A.
