MEMORANDUM

DATE: May 20, 2025

TO: Local School District, Intermediate School District, and Public School Academy Business Officials

FROM: Troy Hansbarger, Manager, Office of Health and Safety

SUBJECT: 22I School District Transportation Reimbursement

The current 22I allocations that have been paid year to date are a carryover of the prior year final amounts, based on FY '23 SE-4094 data. These allocations must be adjusted once all of the FY '24 SE-4094 data has been received and finalized. It was anticipated that these amended allocations would have been completed in time for the May 20, 2025 State Aid Status Report, but that was not possible this year. Those adjustments will be coming on the June 20, 2025 State Aid Status Report. For districts to be able to make the necessary budget amendments as year-end approaches, those adjusted allocations that will be showing up on the June 20, 2025 State Aid Status Report are attached. Calculation methods of 22I allocations come directly from statute, [MCL 388.1622I](#) in the State School Aid Act.
